STALIN'S CHARGES DENIED BY U. S.

No Agreement Was Reached, Jessup Says

Vishinsky Launches Counter-Offensive On Balkans Problem

PARIS, Oct. 28 (AP)—Soviet Deputy Foreign Minister Andrei Vishinsky opened a political counter-offensive on the Balkans issue today and outlined his own peace plan for Greece.

He said the United Nations special commission's report on border conditions was a "pile of garbage."

Vishinsky's speech, and Premier Joseph Stalin's interview in Moscow accusing the Western Powers of voiding two agreements on Berlin in order to follow a policy of unleashing a new war, hit United Nations circles with almost simultaneous impact.

Delegates were thrown into feverish activity in a rush to get copies of the Stalin statement from news services. The Russian delegation said it had not known the interview was coming.

Western Power delegates at once said Stalin's account of broken East-West agreements was "factually untrue" and "pure propaganda." They said they did not know of any kind of agreement reached in Paris except the neutral resolution on which Vishinsky slapped a veto last Monday.

Jessup Calls News Conference

Tonight Dr. Philip C. Jessup, United States deputy on the Security Council, summoned newsmen to a special conference and denied that the United States and Britain had broken any four-power agreement on Berlin in Paris.

Jessup said there was no East-West agreement reached on the resolution offered by the neutrals and "therefore there is no question of any violation of such agreement."

Jessup said the Western Powers had agreed on the neutrals' resolution but Russia vetoed it. His statement supported the views of the Western Power delegates that Stalin did not present the facts right.

In this they were backed up by Premier Paul-Heri Spaak, of Belgium, one of the six neutrals in the Security Council who sponsored the resolution. He also said it was "not so" that the neutral six—Belgium, Argentina, China, Canada, Colombia and Syria—were lending their support to aggressive policies, as Stalin charged.

British spokesmen said it was true an agreement had been reached in Moscow on August 30, but this had been sabotaged by the Soviet commander in Berlin who failed to carry out the plan for Soviet currency under four-power supervision.

Bramuglia Still Optimistic

Juan Bramuglia, of Argentina, leader of the neutrals, said Stalin's statement "does not change the picture very much," but said his first impression was that the Berlin problem could yet be solved peacefully.

Bramuglia lunched with the other five neutral representatives, but it was reported they decided to wait awhile before taking any further action in the Berlin case.

'Cold War' Top Problem, Vandenberg Asserts

GRAND RAPIDS, Mich., Oct. 28 (AP) — Sen. Vandenberg (R-Mich.) said tonight "peace is possible unless it has been permanently blackballed in Moscow."

In a talk broadcast under the auspices of the Republican National Committee, Vandenberg, chairman of the Senate Foreign Relations Committee, said:

"The 'cold war' in which Soviet Russia threatens our peace and the peace of the world is the top problem of this hour."

The "substantial unity" with which Republicans and Democrats are facing the international situation, Vandenberg said, "gives America its maximum authority for peace and defeats those who would divide and conquer us."

Extension Of Social Security Protection Promised By Dewey

REJOINS MOTHER— Lenore Shanhouse (above), 19, who was found in Montreal after disappearing from the campus of Smith College, Northampton, Mass., relaxes aboard an airliner en route from Montreal to Washington, D. C. At Washington, the dark-haired student from Bay Ridge, Md., collapsed in her mother's arms. During a plane stop at Syracuse, Miss Shanhouse told reporters, "I didn't do anything wrong."

Republican Nominee Receives Tumultuous Welcome At Boston

BOSTON, Oct. 28—(AP)—Gov. Thomas E. Dewey, warmly welcomed to this historic city, promised tonight to bring "many millions" more workers social security protection if he became President.

Addressing a whistling, shouting audience which jammed the 6,700-seat Boston arena and spilled into the street, the Republican nominee also pledged to increase benefits to those already covered by security law.

The New York Governor campaigned on the way here before big Massachusetts crowds in Pittsfield, Springfield, Worcester and Framingham.

In Boston, he was greeted by a police-estimated throng of 200,000 persons who jammed the two-mile route of his motor cavalcade through downtown streets.

Police figured President Truman's street crowd here last night at 250,000.

Calls On Archbishop

The first thing Dewey did after getting into town was pay a call on Catholic Archbishop Richard J. Cushing. Mr. Truman did that, too, on his arrival.

"We had a very pleasant chat," was all the Archbishop said after a 20 minute conference with the GOP candidate. The Governor said nothing. Mrs. Dewey accompanied him to the Archbishop's residence.

Tonight's Republican rally was a noisy, tumultuous one. Massachusetts' Republican Sens. Leverett Saltonstall and Henry Cabot Lodge, Jr., and Gov. Robert F. Bradford, got a roaring ovation as they strode into the hall down the center aisle behind a blaring band.

When Bradford introduced the grinning nominee a thunderous "We want Dewey" chant rolled out. Dewey tried to quiet the crowd so he could take advantage of his full radio time.

But the ovation went on for three minutes. When it subsided, Dewey remarked:

"I thought this was supposed to be staid old Boston I was in."

Speaking of the present social security law, the New Yorker declared:

"It is a good act as far as it goes but it does not go far enough x x x A social security program that leaves so many people out in the cold is not good enough for America."

Cites No Specific Figures

Dewey cited no specific increase figures in any case in dealing with social security benefits. But he said:

"There will always be some who say these proposals are costly. To them I say they are not costly compared with the gain of human happiness."

He called increased benefits "part of the defense of our American way of life in a troubled and dangerous world."

Among those he wants brought under the Social Security Act, Dewey cited farm and household workers, government employes "and the self-employed person who runs his own little business."

The New Yorker noted that the Republican platform sets forth the human welfare program he charted tonight.

"It is the program of our party and we shall carry it out," he said.

The Democratic platform also pledges broader social security coverage and bigger benefits.

Dewey, criticizing the present program, said a single retired worker gets less than $1 a day. He added that if the worker picks up a few odd jobs and earns as much as $15 a month, "his eligibility is cancelled and he does not get anything at all."

If a retired worker dies, Dewey said, his widow's "pittance" amounts to about 65 cents a day.

"That security is not security enough," he declared.

U. S. Denies It Is Turning Jap Port Into Naval Base

Implication By Soviet Ambassador Spiked

WASHINGTON, Oct. 28 (AP)—The State Department denied tonight that the United States is converting the Japanese port of Yukosuka into a modern naval base.

A formal statement also termed "wholly without foundation" what it called an implication by the Soviet ambassador that the United States is failing to disarm Japan.

The ambassador, Alexander S. Panyushkin, demanded at today's session of the 11-nation Far Eastern Commission that the United States say what took place at a recent "secret military conference" held by Gen. Douglas MacArthur in Tokyo.

State Dept. Responds

He demanded also that the American representative on the commission say whether the United States is carrying out the Allies' policy of disarming the Japanese.

The State Department responded with a statement tonight which said:

"With regard to the statement by the Soviet Ambassador before the Far Eastern Commission on October 28 and given to the press, it should be pointed out that Gen. MacArthur, as a top United States commander, holds conferences in Tokyo with high United States military officers from time to time and these are purely routine matters of sole concern to this government.

Allegation "Not True"

"With respect to the allegation that the former Japanese naval base at Yokosuka is being converted into a modern naval base, it may be stated categorically that this is not true. This base has been used from the beginning of the occupation by the United States naval forces supporting the Supreme Commander for the Allied powers in carrying out the objectives of the

CLASSROOM IS PLANE— Instructor George Valos (left foreground) teaches aviation to a group of eager boys in Sunset Elementary School whose classroom is the interior of a C-46 Commando transport parked on the school grounds at Weed Patch, Calif. Youngsters in the fifth through eighth grades are taught elementary theory of flight, navigation, traffic control, basic weather concepts, plane types, etc., as well as how to overhaul and repair engines. The course is believed to be the only on of its kind in the country.

Leaders Ask W.Va. Miners To Support Dewey Tuesday

Democrat Neely Is Backed For Senate

CHARLESTON, W. Va., Oct. 28—(AP)—West Virginia's 120,000 coal miners, who will take the day off to vote next Tuesday, were asked by leaders today to support Gov. Thomas E. Dewey as "the lesser of two evils."

William Blizzard, veteran president of United Mine Workers' District 17, issued a press conference statement which he said could be considered a flat endorsement of the Republican presidential nominee.

At the same time, the UMW leadership urged the miners to vote for Democrats for the United States Senate, governor and other state offices.

This means the men are being asked to split their tickets, Blizzard said.

Revercomb Opposed

"The United Mine Workers feel more kindly toward Dewey because he hasn't come into West Virginia to support Revercomb," Blizzard told the press conference.

He referred to Sen. Chapman Revercomb, Republican incumbent who is locked in a pivotal race with Democrat Matthew M. Neely, a former senator. The West Virginia seat is one of those involved in the Republican drive to retain Senate control.

Blizzard was joined in his statement by the presidents of two other UMW districts. The three jurisdictions cover all but a few of the state's coal diggers.

The union has been working on a get-out-the-vote drive for weeks. Miners will not work next Tuesday, but will attend union local meetings called for early that morning. The leaders have acknowledged this is designed to insure a heavy miner vote.

Lewis Criticizes Truman

At the UMW's recent national convention in Cincinnati, President John L. Lewis criticized President Truman but did not endorse Dewey.

Reporters asked Blizzard if Lewis knew in advance of today's action.

"We don't usually do anything without the boss knowing about it," he replied.

Twice before in the last decade, the miners of the Mountain State have been asked to support Republican presidential candidates.

Lewis urged them to vote for the late Wendell Willkie in 1940 and Dewey in 1944. The state went Democratic in both elections.

U. S. Tanks, Cavalry Used To Break Up Riot At Stuttgart, Germany

Thousands Protest Against High Costs; No Shots Are Fired

STUTTGART, Germany, Oct. 28 (AP)—United States Army constabulary forces used thanks and cavalry against Germans today to break up a riot that began when thousands demonstrated against the high cost of living in this American zone city.

It was the first time since the war that Germans had fought with United States troops. Two American military policemen were reported to have suffered minor stab wounds. Twelve demonstrators and at least two German policemen were injured.

No shots were fired, but German police arrested some 20 demonstrators.

The riot followed a mass meeting of 40,000 workers in a two-hour protest strike. The meeting itself was quiet. But when it broke up, a crowd assembled in a business street when several newly-built shops displayed luxury goods. Store windows were smashed when some of the demonstrators hurled stones.

German Police Stoned

An estimated 100 German policemen tried to stop the outbreak and were met by a barrage of sticks and stones.

An American military police unit which was stationed outside the meeting area moved into action. It was too small, so it withdrew and called for reinforcements.

The crowd reacted with jeers, insults and a shower of stones and bottles.

Even with reinforcements, the MPs were unable to disperse the crowd. They were under orders not to shoot except in self-defense and did not use their guns. But they called upon the constabulary.

The constabulary responded with three platoons including 12 armed tanks and a cavalry outfit. Their weapons included machine guns and tear gas. They succeeded in scattering the demonstrators from the streets without using the weapons.

Average Wage $70 Month

Today's outbreak was preceded in recent weeks by peaceful mass demonstration against prices in Mannheim and Heidelberg.

The Germans complain that the average worker gets only about 200 deutschmarks monthly about $70 at the legal rate).

Rent for a family in this category runs from 50 to 70 marks per month. Men's shores cost 50 marks with a ration ticket and 100 marks on the black market. A suit costs 150 marks.

The Germans say meat usually is unobtainable on ration and black market meat prices are sky-high. Beer costs 70 pfennings (about 20 cents) a glass and coffee is 60 pfennings a cup in restaurants.

A modest restaurant meal costs three marks and American cigaretes most eight marks (almost $3).

Woman Victor In Battle With 42-Inch Hawk

GROVE HILL, Ala., Oct. 28 — (AP)—Mrs. John Gunter, investigating a commotion in her back yard, saw a big hawk swoop down after a prize chicken.

She charged the bird and barely got hold of a wing.

The hawk twisted around and grabbed Mrs. Gunter's wrist with its beak. With this, she slammed the hawk to the ground. In a counter offensive, bird seized her with its talons.

Mrs. Gunter ended the struggle by smashing the hawk's head with a flatiron. The bird measured 42 inches from tip to tip.

Pact Seen Ending Recording Ban

NEW YORK, Oct. 28—(INS)—The American Federation of Musicians and the country's major record-making companies announced jointly tonight that they have reached an agreement which they believe will end the present ban on recordings.

All details of the plan have not yet been worked out and cannot be announced, a statement said, but a major provision calls for payment by the record companies into a public music fund to be administered by a trustee.

When the agreement between the AFL and the recording companies has been formalized, it was stated, it will be sent to appropriate federal authorities to be passed on.

Both sides wish to be assured it in no way runs counter to provisions of the Taft-Hartley law.

The statement said both the union and the record companies are anxious to complete details of the agreement, and obtain a government ruling, so that the making of records—banned by AFM President James C Petrillo last January 1—can be resumed "as soon as possible." No specific date was indicated.

GOP Financial Report

WASHINGTON, Oct. 28 (AP)—The Republican National Committee reported today total contributions of $1,883,516 and expenses of $2,007,287 through Wednesday.

Death Comes Too Soon For Surgeon

CHARLESTON, S. C., Oct. 28 (AP) —The death today of a young surgeon ended heart valve research which he had hoped would save his own life.

He was Dr. Horace G. Smithy, 35, assistant professor of surgery at the Medical College of the State of South Carolina.

Dr. Smithy, his heart weakened by rheumatic fever in his youth, died of pneumonia and a heart condition similar to that which he relieved in operations on others.

His operation on Betty Lee Woolridge, 21, Canton, Ohio, last January 30 made medical history. He overcame two difficulties encountered in the last previous unsuccessful attempts in the 1920s. The difficulties were to keep the heart beating and to see the valve. The Smithy technique cut away scar tissue in the valves that interfere with blood flow in the heart chambers.

Dr. Smithy, a patient at Roper Hospital for the past month, had planned to undergo an operation this fall. The operation might have been made several months ago but he insisted on completing his research.

He recently told a friend he had a great deal to do and was working desperately to get it done.

Leon Blum Says Lewis Apparently Misinformed About French Strike

PARIS, Oct. 28 (AP)—Former Socialist Premier Leon Blum said today John L. Lewis was apparently misinformed about the French coal mine strike.

He sent a cable to Lewis, the United Mine Workers chief, saying he was "astonished" at Lewis' suggestion that President Truman use his control over Marshall Plan funds to bring pressure against the French government in the strike.

Lewis sent a letter to AFL President William Green yesterday asking the latter to use his influence in getting the President to intervene in the strike. Green is supporting Mr. Truman in the presidential campaign.

Lewis asked that Mr. Truman act to halt "the shooting of French coal miners who are hungry."

Blum said he supposed Lewis' statement was due to lack of information on the true state of affairs in France.

In an article in the Socialist newspaper "Le Populaire" Blum said a free referendum would show a majority in favor of returning to work in the mines. He assailed the Communist strike leaders as "madmen or criminals."

In Washington, Lewis made public his answer to Blum. He told the Frenchman: "If you will feed the mine workers like decent human beings" they could resist the Communist influences which Blum blamed for the 24-day-old strike.

"You should place food in the shrunken stomachs of the French coal miners rather than project American bullets into their ill nourished bodies," the United Mine Workers chief told Blum.

Brownell Sees Dewey Winning By 4 To 1 Score

WASHINGTON, Oct. 28—(AP) —Herbert Brownell, Dewey-Warren campaign manager, predicted today that Gov. Dewey will be elected over President Truman "By a ratio of approximately 4 to 1 in the electoral college."

Brownell made this statement at a news conference in which he also predicted:

(1) President Truman will not carry more than four states outside of the South.

(2) The Republicans will retain control of the Senate by at least their present margin, 51 45.

(3) The Republicans will gain between 11 and 20 House seats in addition to the 246 they now have.

(4) Gov. Dewey's popular majority will be "in excess of 3,000,000 votes."

President Truman Gets Tremendous New York Ovation

Proclaims "Liberal Government" Will Win

NEW YORK, Oct. 28 (AP)—President Truman pounded his campaign through crowd-lined streets today, punched at Gov. Thomas E. Dewey by name, and proclaimed in Madison Square Garden tonight that "liberal government" will win November 2.

Here in America's biggest city, he achieved one of the great, supreme moments that comes to a candidate for the presidency—a ride before a police-estimated 1,000,000 or more cheering people.

Strung along nine miles of streets and clustered in towering buildings, they poured out a tremendous ovation and a snow-storm of scrap paper.

And then in the Garden, where candidates made climax speeches of their campaigns, the Chief Executive declared:

"Democracy is on the march, on the march to victory."

He had been saying something like that all through the day, in Massachusetts, Rhode Island and Connecticut.

But tonight he said in his prepared speech that an "aroused" people are rising "to preserve their liberties," to champion liberal government and the principles of Franklin D. Roosevelt.

Derides Dewey As "Shadow"

He derided Dewey as "my shadow" following around from place to place—but not into the White House—and saying "me, too."

He appealed for the Jewish vote with a restatement of his policy toward Israel in this center of large Jewish population. Mr. Truman reiterated his stand for "a strong, prosperous, free and independent" Israel.

But he hit harder and more often in lesser speeches sprinkled along the way of his late afternoon motor tour of Manhattan.

It was then, in a talk from the steps of City Hall, that the President for the first time in the campaign called Dewey by name. It just sort of slipped out, with no "Mr." or "Governor" as a handle.

While an estimated 65,000 city employes and others listened the President quoted his rival as having said that if Dewey had his way the entire civil service system, local, state and national, "would not exist."

"Now that's what Dewey said," Mr. Truman added. "He said it in a public speech."

Rides In Open Car

Always before he has referred to Dewey by some such title as "the Republican candidate."

For some reason, presidential nominees avoid mentioning names of their rivals.

The City Hall stop was midway of the trip through town.

Mr. Truman rode in an open car, sitting on the folded top, waving a hat to either side and smiling broadly.

Soviet Leader Claims Berlin Pacts Broken

Accuses U. N. Council Neutrals Of Backing "Aggression Policy"

MOSCOW, Oct. 28 (AP) — Prime Minister Stalin charged today that the Western Powers have backed out of two agreements on Berlin because they are pursuing a policy of "unleashing a new war."

In six sharp answers to questions by a reporter of Pravda, Communist Party newspaper, Stalin also charged that the six neutrals on the United Nations Security Council who have been seeking a Berlin solution were "lending their support to a policy of aggression."

But he declared any instigators of a new war are doomed to "ignominious failure" because "the horrors of the recent war are still too fresh in the memories of peoples, and the public forces favoring peace are too strong."

The Russian leader's statements were distributed to foreign correspondents here by the Foreign Ministry's press department too late for today's edition of Pravda, but were broadcast on the Moscow radio and will be printed tomorrow.

Stalin said the two agreements on Berlin were reached in Moscow on August 30, and in Paris during recent unofficial discussions with Argentine Foreign Minister Juan Bramuglia of the Security Council.

Both, he said, were disavowed and declared null and void by the governments of Britain and the United States.

"Factually Untrue"

(Western informants in Paris said Stalin's comments on the agreements were "factually untrue." The Moscow agreement, they pointed out, hinged on the four military governors of Germany being able to agree on details of circulating a Soviet-backed mark in all Berlin under four-power supervision. This they were unable to do. The Western Powers have charged that Soviet Marshal Vassily Sokolovsky did not hew to the line of the Moscow agreement.

(The western informants said the only agreement in Paris was one by the "Little Six" and the Western Powers which Soviet Deputy Foreign Minister Andrei Vishinsky sought to change and finally vetoed in the Security Council.

(Neutral sources in Paris also denied knowledge of a Paris agreement. Washington dispatches said it was believed Stalin was trying to rejuvenate a Soviet "peace offensive" showing failure to reach East-West understanding is the fault of Washington, London and Paris.

(Dr. Philip C. Jessup, United States deputy on the Security Council, denied before a news conference in Paris tonight that Britain and the United States had broken any four-power agreement on Berlin in Paris Jessu said no such agreement had ever existed.)

Here, observers believed Stalin

Partial Shipping Strike Settlement Appears Near

SAN FRANCISCO, Oct. 28—(AP)—A new contract between employers and one of five unions involved in the long West Coast maritime strike appeared near tonight.

Conclusion of such a contract, however, would not necessarily mean an early end to the strike, now 57 days old.

Following a noon conference with union and employer representatives, Federal Conciliator Omar Hoskins said:

"The Pacific American Shipowners Association and the Marine Engineers Beneficial Association have reached a basis of settlement, subject to ratification of their respective membership."

Terms of the proposed settlement remain confidential pending union action.

Male-Repellent

Beauty Engineer Urges Pink Autos For Women

By ARTHUR EDSON

WASHINGTON, Oct. 28 (AP) — What the women of this country need is a daintily colored automobile that will show instantly that a woman is at the wheel.

Then men drivers, the meanies, will be ashamed of the roughhouse tactics they now use on women drivers because everyone will realize they're picking on a lady.

The above suggestion and reasoning comes to us today from (surprise!) a woman, Mrs. Veronica Dengel. She teaches a course on how to improve your personality at New York University, and calls herself a beauty engineer.

She's down here on a personality-improving jaunt, but during a talk I had with her, she seemed more interested in improving the personality of automobiles.

Here's the way Mrs. Dengel has it figured:

Man has been frustrated ever since the Stone Age. About the only place left where the poor guy can use his jungle tactics is in traffic.

But since man is also naturally timid and afraid of criticism, he'd be a little more civilized if he knew everyone else knew that he was just trying to show off and badger a woman.

Aside from the male-repellent idea, Mrs. Dengel thinks automobiles should have pretty colors in order to be pretty.

"Oh, we have some nice greens and blues," she said. "But how about a mauve? Or I can visualize a pale pink."

The interiors, too, she thinks, should be pepped up. Plaids, stripes, figured designs.

"And what really is needed is an inside that could be easily zipped off and washed," she said.

"Take women with youngsters. They keep everything sterile in their homes, and then they take the children out and dump them in a 1939 car that hasn't been scrubbed once."

Saved Thousands

Swiss Wins Nobel Prize For Putting DDT To Work

STOCKHOLM, Sweden, Oct. 28 (AP) —, Dr. Paul Mueller, of Basel, Switzerland, was awarded the 1948 Nobel Prize in medicine tonight for discovering the strong insect-killing powers of DDT.

The prize will be worth 159,772 crowns ($44,000) when Dr. Mueller receives the award at a ceremony in Stockholm December 10.

DDT — dichloro-difenyl-trichlormethane — has been credited with saving hundreds of thousands of persons from death and disease, particularly during the war when it was sprayed on millions of persons to prevent the spread of typhus, malaria, spotted fever and other diseases by insects. In addition to ordinary uses as an insecticide, it proved to have extraordinary power in the destruction of flies, fleas, mosquitos, ticks and other bloodsuckers on contact.

One of the members of the awarding panel of Caroline Institute, the university of medicine in Stockholm, said the selection this year reflected to a very high degree the principle of the last will of the late Alfred Nobel that the prizes should be awarded "persons who have made humanity the greatest service."

DDT actually was produced in 1874 by a German student but was not put to its present practical use until 1939 when Dr. Mueller and his staff at Geigy Drug Industries in Basel discovered its insect-killing properties. It was used extensively that year in Switzerland to combat the Colorado potato beetle.

When bands of refugees from the Nazis streamed across the border it was used to "de-louse" them. Then when a spotted fever epidemic at Naples, Italy, threatened the rear of the Allied armies in 1943 the American army sprayed 1,500,000 civilians. The threatened epidemic was brought under control in a few weeks, and similar applications subsequently were made in Greece, Egypt and elsewhere.

Dr. Mueller, now 48, entered the Geigy laboratory when 25 as assistant manager in charge of work on synthetic tanning substances.

French Coal Strike Is Reported Falling Apart

PARIS, Oct. 28. (AP)—An Interior Ministry spokesman said today France's 24-day-old coal strike is falling apart with a back-to-work movement underway in the important northern fields.

Other observers agreed the situation looked better but were less optimistic. They pointed out that fewer than 10 per cent of the nation's 335,000 miners were on the job today.

About 30,000 troops and police, backed by light tanks and bren gun carriers, took control of nine northern pits during the day.

GOP Sure It Will Win In Populous Northeast Sector

Demos Say Truman Has Gained Strength

[By The Associated Press]

NEW YORK, Oct. 28 (AP)—Republicans are confident they will win next Tuesday the populous industrial Northeast, a New Deal stronghold for 16 years.

With the election five days away, the only state in the sector in which Republicans might admit they are trailing is little Rhode Island.

Democratic leaders, however, are conceding little except that they are in a much tougher fight than in Franklin D. Roosevelt's four successful campaigns for the presidency. They assert President Truman has gained strength in the last two weeks of the campaign.

The 11 states in the area — including New England, New York, Pennsylvania, New Jersey, Maryland and Delaware — have 149 electoral votes, 56 per cent of the 266 necessary for victory.

Roosevelt carried all of them but Maine and Vermont in his last three races. Even in 1932, he won 92 electoral votes in the section although he lost six of the states.

New York Biggest Prize

Biggest prize, of course, is New York, with 47 electoral votes. Gov. Thomas E. Dewey's resounding 687,000-vote majority in his second governorship triumph in 1946 convinced GOP strategists he could sweep the state this year and thus helped him greatly in winning the presidential nomination again.

Republicans are made doubly confident in the Empire State by Henry A. Wallace's candidacy. They expect him to attract perhaps 500,000 votes, mostly from sources which otherwise would be Democratic. But some political leaders feel Wallace's strength has waned considerably.

Wallace is running under the American Labor Party banner in New York. The ALP four years ago gave Roosevelt 496,000 votes, or considerably more than his 316,000-ballot margin over Dewey.

New York's registration figures also make Republicans happy this fall. The total of 7,043,579 represented a drop of 169,000 since 1944 but the decrease in Democratic New York City was 252,000. The rest of the state, usually GOP-minded, gained 73,000.

Pennsylvania Big Target

Pennsylvania, with 35 electoral votes, is the second largest campaign target in the Northeast, as well as the nation.

Republicans are placing it in their column although the Democrats, with strong labor support, declare they have a good chance.

In many states in the area, local contests are arousing more excitement than the race for President. This appears to be the case in Massachusetts, Connecticut, New Hampshire and Delaware.

Chester Bowles, former OPA boss and retired New York advertising executive, is locked in a sizzling battle for the Connecticut governorship with Gov. James C. Shannon, GOP nominee to succeed himself.

Gov. Robert F. Bradford, who led Massachusetts Republicans back into power two years ago, has vigorous opposition in his re-election campaign from former Attorney General Paul A. Dever, World War Two veteran.

Strongest Democratic hopes in New England are centered on Rhode Island. Sen. Theodore F. Green, 81-year-old New Dealer, seeking another term, spearheads the party's drive. He is opposed by Thomas Pierpont Hazard, retired corporation director, like Green a wealthy man and a member of an old Rhode Island family.

New Jersey Republicans made some campaign use of a statement by Frank Hague, the party's state leader, at the time he plumped for Gen. Dwight D. Eisenhower for President. He said then New Jersey would go Republican by 300,000 if President Truman were renominated.

Since then Hague has sponsored a huge rally for Mr. Truman in his Jersey City stronghold.

Maryland, which has picked the winning side in national elections since 1892, is a battleground this year. The Republicans expect votes in the counties to offset a plurality for Mr. Truman in Baltimore.

Democrats in the sector are battling to make inroads on the congressional majorities which the GOP built up in its 1946 sweep.

In Pennsylvania, which now has 28 Republican and five Democratic representatives, Democratic leaders predict they will pick up at least five seats. The Republicans dispute this.

First Maryland Draftees Enter Army Next Week

BALTIMORE, Oct. 28 (AP) — Maryland's first draftees under the nation's new peacetime Selective Service law will go into the Army next week.

The first seven, all Baltimore residents, will take the oath Monday morning at Camp Holabird after being turned over to the Army by the city's Selective Service boards.

On Wednesday, four draftees will be sworn in at Cumberland and five at Hagerstown. Five will take the oath at Silver Spring on Thursday and four at Cambridge on Friday.

Some 125,000 Marylanders, 18 to 25, registered for the new draft and 2,185 have been classified 1-A or equivalent. About a third of these are expected to pass physical and mental tests qualifying them for induction.

No Agreement

(Continued from Page 1)

Committee of the United Nation's Assembly went on for two and a half hours and wound up in an ironic attack on "American imperialism" and John Foster Dulles, United States delegate. Dulles lashed at Communism in a speech before the committee Tuesday.

The Soviet delegate called Dulles' charges that Communists were trying to encircle the world a lot of "bosh" and "fairy tales."

Vishinsky said he would do everything possible to defeat a proposal by the United States, France, Britain and China to extend the life of the United Nations Special Commission on the Balkans which investigates charges of aid to Greek guerrillas by Yugoslavia, Albania and Bulgaria.

President Truman

(Continued from Page 1)

Police said they turned out a record-breaking 101 motorcycle men as escorts to siren the President through the stone and glass-walled Manhattan canyons and tunnel him through the crowds at speaking spots.

At Union Square, usually the scene of soap-box oratory, the President talked from a tailor-made platform at a rally put on by the CIO Amalgamated Clothing Workers.

Dewey, he told an estimated 50,000 listeners, is "clearing everything with the N. A. M. and the lobbies that ran the 80th Congress."

At City Hall, he said that Dewey had labelled all civil service employes, "mediocre at best."

Fight Lands Youth On Garbage Dump

BERKELEY, Calif., Oct. 28 (AP)—A fist fight by two University of California boys over a coffee heiress landed one of the youths on the city garbage dump today.

James K. Gallagher, 20, Salinas, Calif., himself heir to a lettuce fortune, was given 10 days of spreading garbage on the dump for slapping Miss Dean Folger.

Miss Folger, San Francisco social registerite, is the daughter of James A. Folger, wealthy coffee man.

She appeared in court today with her father and a friend, Paul B. Andrews, 19, San Francisco. Young Andrews had a black eye and a cut lip.

"A gentleman does not strike a lady," Municipal Judge Oliver Youngs said sternly after Gallagher pleaded guilty to two counts of battery. "You must learn to control your emotions."

The young couple met four years ago. Later young Gallagher began to write poetry to her and when she was graduated from a Pebble Beach girls' finishing school he sent her a crate of lettuce as a token of his affection.

His father is Samuel J. Gallagher, Saratoga, operator of a lettuce packing plant at Hollister.

"James wanted us to be engaged and I didn't," Patrolman E. A. Skeels quoted Miss Folger in explanation of the fist fight near the university campus.

During the fight between Andrews and Gallagher, Miss Folger's face was slapped.

Gas Blast Demolishes Baltimore Apartment

BALTIMORE, Oct. 28. (AP)—A gas explosion demolished a first floor apartment today but did not seriously injure a 46-year-old salesman police found unconscious in the kitchen.

The blast also did extensive damage in a second floor apartment, and police said it was almost as "amazing" that a woman and her five-year-old daughter there escaped injury.

Patrolmen Edwin Smith and Frank Sieminski reported they found Fred R. Mapp unconscious on a bed of blankets and pillows on the kitchen floor.

Victory Claim Discounted

NANKING, Friday, Oct. 29 (AP)—A military spokesman discounted today a Chinese Communist announcement of a smashing Red victory on Manchuria's plains southwest of Mukden.

The spokesman told a newsman the Communist first broadcast the victory story October 27. (It was heard in San Francisco October 28.)

Woman Hit With Tomatoes In Wake Of Decision To Close Youth Center

CLINTON, Ia., Oct. 28 (AP) — Youths who pelted a plain-spoken grandmother with tomatoes in the wake of her decision to close the Clinton Youth Center were being sought here today.

The grandmother, Mrs. Gladys Sargent, explained her decision in a sizzling talk to the Kiwanis Club.

She told the Kiwanis she was hit in the face with ripe tomatoes hurled by a carload of boys who crowded her to the curb when she got off a bus.

"My dignity was ruffled," she said "and I am mad because this condition is here in Clinton. This is not New York. This is not California. This is the garden spot of the world. There is something wrong."

Mrs. Sargent is executive secretary of the Clinton YWCA where the youth center and milk bar was established for teen-agers with Kiwanis aid.

She recently ordered it closed because of acts of rowdyism by boys who she said comprised 75 per cent of the milk bar's membership.

"We tossed the milk bar out into the street because it had grown into an unruly monstrosity," she told the club. "The boys would come in after drinking and were abusive and profane. We will give you back your milk bar. We don't want it. Let us give the children back to their parents. You have a problem. I need your help."

Gallup Is Urged To "Adjust" Poll

NEW YORK, Oct. 28—(AP)—Sen. J. Howard McGrath, national Democratic chairman, tonight urged Dr. George Gallup to "properly adjust" his election polls "so that the voters may know the truth."

McGrath said in a telegram to Gallup that "your polls this year do not tell a complete story nor give an accurate interpretation of your own findings."

He said if results were adjusted in line with percentage errors in the two previous presidential campaigns, would show that "the advantage is with Truman and not Dewey."

Dr. Gallup replied that "we call the shots as we see them" and "the only answer to Mr. McGrath will come on next Tuesday."

McGrath submitted to Gallup state-by-state "adjusted" figures from the latest Gallup poll. He said they showed 47.2 per cent for Dewey and 46.2 per cent for Truman, instead of 46 per cent for Dewey and 40 per cent for Truman, as the Gallup figures indicated.

He said Gallup had missed by an average of 2.4 per cent in 1940 and by 2.8 per cent in 1944, each time to the advantage of the Republicans.

Australian "Blue Baby" Flown To Johns Hopkins

BALTIMORE, Oct. 28 (AP)—Four-year-old Jeffrey Lore arrived here today after a 10,000-mile air trip from his home at Perth, West Australia, for treatment at the Johns Hopkins "blue baby" clinic.

Mrs. Annie Lore accompanied her son, youngest of four children, and said he stood the trip well. He wore an oxygen mask most of the way and got a little tired and cranky on the last lap.

Soviet Leader

was trying to implant the impression that agreement on the Berlin question and East-West co-operation are possible. It was believed he would like to see new talks on Berlin initiated, although he did not say so.

Says Accord Reached Aug. 30

Stalin said he regarded the Berlin case as a "display of the aggressiveness of the policy of Anglo-American and French ruling circles."

"Agreement is known to have been reached in Moscow on August 30 last among the representatives of the U.S.S.R., the U.S.A., Great Britain, and France regarding the simultaneous implementation of measures for lifting of transport restrictions (the Berlin blockade) on the one hand, and for the introduction of the German mark of the Soviet zone in Berlin as the sole currency on the other hand," Stalin asserted.

He said that agreement did "not hurt anyone's prestige" but the governments of Berlin and the United States "disavowed their representatives in Moscow" and further violated it by referring the question to the Security Council where they have a "guaranteed majority."

Asked if it were true that agreement again was reached in Paris, Stalin said Bramuglia "did have in his hands an agreed draft decision on the question of the situation in Berlin. But the representatives of the U.S.A. and Great Britain once declared that agreement to be null and void."

"What is the matter then?" the Pravda reporter asked.

"The thing is that those who inspire an aggressive policy in the United States and Great Britain do not consider themselves to be interested in agreement and in co-operation with the U.S.S.R.," Stalin replied.

"What they want is not agreement and co-operation, but talk about agreement and co-operation so as to put the blame on the U.S.S.R. x x x."

Lewis Forces Lose

SYRACUSE, N. Y., Oct. 28 (AP)—Shaggy browed John L. Lewis suffered a decisive setback today in a battle for survival in New York State's major utility system.

The Lewis forces bowed to Dan Tracy's AFL Brotherhood of Electrical Workers in a statewide bargaining election among production and clerical workers of the Niagara Hudson system.

New Advances Made By Jews

TEL AVIV, Israel, Oct. 28 (AP)—Israel's troops made new unopposed advances at Egypt's expense in Southern Palestine today, and the Jews' prime minister declared "we will never retreat" to truce-line positions.

Prime Minister David Ben-Gurion made his statement to the State Council as Britain and China introduced in the United Nations Security Council in Paris a resolution for creation of a commission to study the application of sanctions against violators of the Palestine mediator's orders.

Jewish army headquarters said Israeli troops today occupied Isdud and nearby villages 20 miles south of Tel Aviv when the Egyptians withdrew.

Yesterday Israel rejected Mediator Ralph Bunche's orders to withdraw to positions occupied on October 14 when Israel's offensive against Egypt in the Negev Desert started. Israel said the Security Council's cease-fire proposed negotiations for a withdrawal but did not actually order a withdrawal. Today Ben-Gurion went further.

"We will never retreat to positions held on October 14, before fighting in the south started," he said. In order to restore the previous positions the Egyptians will have to build up a new army.

SICK!

STOMACH AILMENTS, WEAK KIDNEYS, RHEUMATIC PAINS, ARTHRITIS, NEURITIS

and such complaints as Headaches, Nervousness, Acids Toxins, Bloating, Lack of Vitality, Energy, Poor Appetite, Underweight, Dizzy Spells.

Drugless Health!

REGARDLESS of how long you have been a sufferer, and how many medicines you have tried before, you can now hope for relief if you try GEO-MINERAL, the wonderful mineral aid. Feel and enjoy the results one week after you start taking it. GEO-MINERAL comes from the earth — Nature's laboratory. Contains NO alcohol, NO preservatives, NO oil, NO harmful drugs, NO dope — is NOT habit forming. Contains ONLY Nature's minerals, the oldest, most reliable remedy for rheumatism, arthritis, kidney and stomach ailments — highly recommended by the medical profession.

FOR THOUSANDS of years ever since Hipocrates was the father of medicine, minerals and other natural medicines were a reliable remedy for most of our common ailments. GEO-MINERAL will enrich your blood, help to make you strong, full of pep, life and energy. If you suffer from nutritional anemia, nervousness, lack of vitality and energy see what GEO-MINERAL will do for you.

Amazing Results

MEDICAL records show 65% of men and women over 35 suffer from nutritional mineral-iron anemia. When you feel nervous, dull, tired, lazy, have dizzy spells, no ambition to work or play, a poor appetite, when your eyes lack that bright spark, and your mind brilliance, when headaches get the best of you, and you feel old before your time, and life seems not worth living, with worry wearing you down—it may be simply lack of minerals in your blood. GEO-MINERAL is then what you need.

RHEUMATISM, arthritis are dreadful diseases. Acid coddition in the blood is often their cause. What could be the remedy? For thousands of years, minerals have been used to relieve the pain and suffering of these ills. People, on the advice of their doctors, go to mineral springs to find cure, or relief. The late President Roosevelt used to go to Warm Springs in Georgia. He was helped or would not have gone there twice a year.

Wonder Minerals

YEAR after year, people rush to mineral springs and spas, to drink and bathe in their miraculous water. We have all heard of the wondrous springs of Lourdes, France, and famous Thronion in ancient Greece where, according to legend, Hercules, the god of eternal strength and youth, drank its waters and bathed to be forever young.

GEO-MINERAL contains minerals you get at the world's best springs. Watch your elimination from your bowels a day or two after using it. The waste, black as the color of your shoes, will start to break away, and you will SEE it! Also examine your urine. You may see impurities — poisonous waste — coming out of your kidneys, relieving you. And then realize the priceless value of GEO-MINERAL.

Read What They Say!

"We have sold Geo-Mineral for the last six months and it has been one of the best selling drug items we have ever handled"—say Porter Bros., pharmacists of Concord, N. C. "Users report amazing results in many instances, and we personally believe Geo-Mineral is a good medicine for purposes as indicated, and recommend it to sufferers who have tried other medicines with little if any results. They may discover that Geo-Mineral is what they have probably been needing and looking for — we unhesitatingly recommend it."

100% Guaranteed!

WE URGE everyone to try GEO-MINERAL. Do not hesitate one moment. Go to your drug store now. Get one bottle. Use it one week. If you are not 100 per cent satisfied, we will refund your money.

REGARDLESS of how long you have been suffering, and how many medicines you have tried before, GEO-MINERAL may be the remedy you need!

TRY it today! It may do wonders for you—and be the best investment for your health. Make you feel, eat, sleep, work and enjoy life better.

Byrne Austin Makes Out Weak Case For Himself

To hear Byrne Austin tell it, all that is necessary to qualify one for Congress is to have served a member of the national House of Representatives in the capacity of secretary. At least, that is what he endeavored to stress in a speech here Wednesday night in his own behalf. But it requires more than taking shorthand notes and typing out letters and supervising filing tasks of others in an office.

To make a good Congressman one must have had contact with public affairs over a long period before taking a seat in the Capitol. Take, for instance, Rep. J. Glenn Beall. Before aspiring to Congress, he had gained wide knowledge of the needs of the Sixth Congressional District through his connection with the Maryland State Roads Commission, and before that through his almost constant close contact with the people of his District in various capacities. All this has stood him in good stead and has been used to advantage for every county, city and community in this District in securing for his people the things they were most desirous of, and in the quickest possible time. That record, as recapitulated in the columns of this newspaper during the past couple of weeks, speaks for itself.

But Mr. Austin did not attempt to outline to the voters anyone thing he has in mind. He contented himself (after donning the cloak President Truman has been wearing around the country) with preaching "fear" and condemning all Republicans as capitalists and reactionaries because, through their individual initiativeness and foresightedness, they have been able to acquire positions of prominence in their communities. He forgot for the minute, perhaps, that the very man for whom he worked, and to which he pointed as qualifying him for Congress, could very well have been associated with that type of Congressmen—if being well-to-do tags one as a capitalist and a reactionary.

The Montgomery countian, in his talk here this week, endeavored to build a case for himself, but in resorting to Mr. Truman's tactics of lambasting the Eightieth Congress he committed the grievious error of condemning members of his own Democratic Party. On one occasion, he declared that that Congress had failed, among other things, to do anything about inflation, and that it had denied Mr. Truman the things he asked—authority to regulate prices and to invoke state police methods to enable him to dole out to the people whatever necessities of life he might deem they should have. Mr. Austin neglected to state, after enumerating numerous powers Mr. Truman sought, but which the Congress considered unwise, that it did revive restrictions of credit as one means of checking high prices. That, alone, is having a wholesome effect in helping to check inflation because it serves as a guard against persons spending beyond their means.

Mr. Austin made a terrible hullabaloo about all this but in the next breath told his audience that he does not favor rationing. Neither did Congress. But Mr. Truman did. Mr. Austin did say that he favored price control but failed to take into account, conveniently, perhaps, that we could hardly have that without controls on wages and salaries. It was a weak and contradictory defense of his position and showed a lack of knowledge so necessary for a Congressman to possess.

One thing Mr. Austin did not reiterate while here this week was that he would come out of Montgomery county with a majority large enough to overcome any advantage Rep. Beall might have in a few counties. He has also been reported as saying that his chances of cutting substantially into Rep. Beall's strength in Allegany county were promising. He did not refer to these during his public utterances this week because he probably knew that political observers in his home county did not share his optimism. It now is stated in an Associated Press dispatch that Montgomery county will probably go Republican next Tuesday. It is almost a certainty that Mr. Austin's predictions of strength elsewhere, especially in Allegany county, are just as wrong.

Halloween And The Customs Of Celebration

History fails to record the date when Halloween, the night before All Saints Day, became dedicated to fun and frivolity. Why the evening was presumed to give license to young and old alike to indulge in pranks not considered permissable at any other time can be attributed only to custom. It has come down through the generations, unauthorized and without benefit of birth certificate.

It is a relic of pagan times stemming from the quaint whimsy that on this one night in the year ghosts and witches are most likely to roam abroad. In this connection it should be remembered, however, that ghosts and witches leave no material trace of their activities—which is not always the case when boys and girls attempt to impersonate them.

Grandfather took the Halloween event seriously. He counted the evening lost unless he upset his share of outbuildings, put the school teacher's cow in the church belfry, and otherwise made his presence in the community felt. It was his opportunity to get even with any in the neighborhood who had been unfriendly or critical during the previous months, but often sharing the property of those who had shown him kindness and understanding.

The modern generation has gone in for other things. The young fry attends parties, often community affairs conducted for their special benefit. For the most part the modern youngster is not destructive, merely mischievous. And he seems to have just as much fun on Halloween as did his grandfather, who was something of a rascal, at least to hear him tell it.

Still, mischief, or the threat of it, seems to be the main idea of some present-day Halloween celebrants. But malicious mischief is something entirely different. The infliction of property damage and other hardships comes definitely under the head of vandalism and has no proper place in any program of Halloween antics. Things cost too much these days to be wantonly marred or destroyed.

All parents owe it to themselves and to their neighbors to impress upon their offspring that private—and public—property must be respected in whatever they do, and that it is possible to have fun without wreaking havoc. Such admonition will be appreciated by the Cumberland Police Department, too.

Deer season promises to be a big success. Already 46 hunters have been killed in four states.

HOW TO KEEP WELL

Vitamin B12 From Liver

Dr. Van Dellen

For many years, liver has been the standard treatment of pernicious anemia. No one has ever been certain why the preparation works but it does—and that's that. We can add to the mystery by saying that there are many aspects of this type of anemia that are not too well understood. Nevertheless, liver provided the means of control of a disorder that previously always proved fatal.

It is now believed that the disease is on a deficiency basis and that some element is present in liver and other tissues which contains the lacking substance. When folic acid was first isolated from liver extract, it was thought to represent the missing link. After its administration, the blood count returned to normal and the color and vigor of the victim were restored. But it did not take long to find out that the preparaion did not rectify all aspects of the disease. In fact, it failed to correct one of the most important symptoms—the degeneration of certain nerves which leads to paralysis. Since liver extract has an effect on the nervous system, and folic acid does not, scientists began to reason that perhaps something else besides folic acid existed in liver which was needed by the pernicious anemia sufferer.

●—●—●

The recent discovery of vitamin B12 may supply the aswer. This compound has been used in only a handful of patients but the results have been startling. Furthermore, it seems to prevent the degeneration of the nervous system which folic acid failed to do. It is a red, crystalline material and contains cobalt along with small amounts of phosphorus and nitrogen. It is a potent chemical; the injection of only a few micrograms is beneficial. A microgram is extremely small—one millionth of a gram; a gram is approximately one-thirtieth of an ounce.

To date the vitamin has been given to less than a score of patients with pernicious anemia and all have responded satisfactorily. In two cases studied by Jones, improvement of neurological symptoms was noted within two months. In another reported by Castle and his colleagues, remarkable changes in the neurological phase of the disorder were evident after 10 days of therapy. This woman was a problem in treatment because she had become extremely sensitive to liver extract and could no longer take it. She was not helped by folic acid and her blood count became lower and lower. Her legs and fingers became numb and she had to be assisted to the hospital because of difficulty in walking.

Following the administration of vitamin B12, sensation returned to the fingers and all signs of clumsiness disappjeared. Within a matter of days she could walk without support; the reflexes became normal and other neuorological manifestations vanished. Meanwhile the blood count responded equally well.

●—●—●

It is too early to predict the effectiveness of this drug but early reports are encouraging. If this proves to be the active principle in liver, it will greatly facilitate treatment in the future.

SIZE OF INCISION

G. T. writes: In appendicitis, why are some incisions small and others large?

Reply

This is a matter of technic. Surgeons who advocate large incisions believe that they can do a more thorough job in these circumstances. They are thus given an opportunity to examine the other structures and make sure that everything else is normal. A smaller opening is used if the surgeon is absolutely certain that only the appendix is involved as it creates less wear and tear and leaves a smaller scar. Furthermore, the incision can always be enlarged on the table should a more complete exploration become necessary.

LOVES CRACKERS

D. S. F. writes: An old lady of 83 can eat a pound of crackers between meals every day. She seems to feel no ill effects but I wonder if she is doing the right thing?

Reply

Good for her. Until you reach the age of 83, you should not be too critical.

TYPES OF GROWTHS

J. A. writes: What is the difference between a polyp and a tumor?

Reply

Both are growths, but a polyp is shaped like a punching bag which is attached to the surface of a structure by a threadlike stem.

GOP And Democratic Contributors Reveal Who's Who In Campaign; How Biggest Contributors Get Around Hatch Act; Pat Hurley Campaigns In Style

By DREW PEARSON

(EDITOR'S NOTE: Drew Pearson is on a tour of the West, taking political soundings prior to election.)

LOS ANGELES, Oct. 28—En route through the West all you have to do to get a picture of who's backing who in this campaign is to read the list of campaign contributors to the Republican and Democratic sides.

This is not quite as easy as it seems since you have to be careful to look up the contributors not only to the Republican National Committee, but to the GOP Senate and Congressional Committees and to a host of state GOP committees. These were organized to diversify campaign contributions and get around the Hatch Act.

On the Democratic side, the really big money is coming from labor. And it, in turn, to get around the Taft-Hartley Act, is spending the money through its own separately organized committees.

Also significant is the fact that the biggest GOP contributors—the duPonts of Delaware, the Pews of Pennsylvania, and the New York financial set are pouring their money not into Dewey's campaign, but into the Senatorial races. They regard Dewey as good as elected.

Splitting Contributions

Careful scrutiny of the big money gifts is illuminating. Take one family alone—the duPonts. The Republican Senatorial Campaign Committee is headed by a duPont henchman, ex-Senator John Townsend of Delaware. His job is to win GOP Senate elections in Tennessee, Oklahoma, New Mexico, Minnesota, Wyoming and Montana.

To help him, the duPont family poured in the following amounts of money during June, July and August: Lammott duPont $2,000; Irenee duPont, Jr. $2,000; Irenee duPont, Sr. $2,000; I. Sophie duPont May $2,000; Octavia M. duPont Bredin, $1,000; Mariana M. duPont $2,000; Lucille duPont Flint, $2,000; R. R. R. Carpenter (a duPont inlaw) $2,000; Pierre S. duPont 3rd, $2,000.

Under the Hatch Act no one man can contribute more than $5,000. However, by splitting contributions between members of a family or between different committees of the same political party, the Hatch Act is held not to be violated.

For instance, a few days before Lammot duPont gave $2,000 to the GOP Senatorial Committee on June 18, he gave $2,000 to the GOP National Committee. This was on June 9. Also, on June 11, he gave $1,000 to the Republican Congressional Committee.

Also, while Irenee duPont, Jr., and his father and I. Sophie duPont May were giving $2,000 each to the GOP Senatorial Committee on July 30, they also gave $2,000 each to the Republican National Committee on July 9. Again, on July 14, the same three duPonts gave $1,000 to the GOP Congressional Committee.

And on July 30, Octavia duPont Bredin, Mariana duPont Sillman and Lucille duPont Flint each gave $1,000 to the GOP Congressional Committee, while on August 2, Pierre S. duPont, 3rd, gave $1,000 to the same committee. Again, on August 18, Pierre 3rd gave $2,000 to the GOP National Committee.

It's these gifts to the "side" committees which really tell the story of where the campaign money comes from.

Note—Three significant contributions appearing on the GOP National Committee list are for $1,000 each from Albert B. Wells, George B. Wells and Mrs. George Wells of Southbridge, Mass. The Wells family own the American Optical Company of Southbridge which was prosecuted under the anti-trust laws by the Justice Department under a Democratic Administration. Under earlier Republican rule, the Justice Department didn't get too nasty with anti-trust suits.

Pat Hurley Campaigns

When Pat Hurley, ex-Ambassador to China, travels through New Mexico campaigning for the Senate, he really travels in style. The other day Pa Howell, owner of the Southern Pacific Hotel in Carrizozo, New Mexico, was a little surprised to receive a wire from Hurley reserving ten rooms for a three-day stay.

The telegram stated that he and Mrs. Hurley would need four rooms; their secretaries, chauffeurs and campaign managers six more. The telegram asked for telegraphic confirmation.

Pa Howell does not run a big hotel and he wondered why Pat Hurley would want to bring such a big retinue to a town of only 500 people. But he arranged to oust a couple of traveling salesmen, even though they were regular guests, and wired Hurley that the ten rooms would be ready.

However, when the Hurley political caravan arrived in Carrizozo, the ex-Ambassador did not stay at the Southern Pacific Hotel. His party stayed at Petty's Court on the edge of town.

Pa Howell was a bit surprised at this and phoned Hurley.

"I've held these rooms for you," he told the would-be Senator. "In fact, I've kicked out some people to have them ready."

"You are entirely mistaken," boomed Hurley. "At no time did I ever ask you to reserve any rooms for me."

That ended that—except for one thing. When Hurley held his big campaign rally in Carrizozo, and most of the town's 500 people had gathered to hear him, Pa Howell got up and addressed the crowd. His speech was brief and to the point.

He merely read Hurley's telegram to him reserving the hotel rooms, his reply to Hurley, and a second Hurley telegram clinching the reservation.

"If a man can't keep his own hotel reservations straight," Pa Howell told the crowd of New Mexicans, "I don't see how he can keep straight the problems of New Mexico in the Senate."

ON THE LINE

By BOB CONSIDINE

NEW YORK, Oct. 28 — (INS) — "See where you've been wondering in print whatever became of me," writes ex-Col. "Fish" Hassell, our untapped gold mine of knowledge on how to maintain an air force in the Arctic.

"Well, after I left Goose Bay ("Fish" commanded our huge Labrador airbase and satellite fields during the war) and returned to the states for a tour of duty in civilian life I made an interesting discovery.

"I discovered that most of my old associates, who, when I left, were waving flags and dedicating industry and all their efforts to the boys in the service, now seemed at a loss to see where a fellow who had been away for five years could fit in their post-war plans.

"So I started a little business of my own in St. Louis and can prove this is true by the large stack of letter-heads I have left over. I gave it up when C. R. Smith of American Airlines asked me to hop over to Iceland and see what I could do about rebuilding and operating our old airport there—you remember, Keflavik, or Meeks, or whatever else it was called.

"It was a great thrill, believe me, to get back to the north and carry on with a job that first began to interest me when I tried to fly a Stinson from Rockford, Ill., to Stockholm in 1928. Iceland is a tremendously strategic spot in today's world and I was glad to be working again with the delightful Vikings. But the job ran out—we were underbid or something—and now I'm back in Rockford.

"I'm glad that the people are now thinking more about Alaska, but let's not overlook Iceland, Greenland and Arctic America. The north was spared in the last war only because operations moved, at first through Africa.

"But the next time, if any, the barren wastes up there will play a major role in keeping the enemy out of our industrial middle west and our northern sea-coast towns on both coasts. I just wish I were up there now, on any kind of assignment with the service. If you become secretary of defense, keep me in mind. Sincerely, Fish."

Since the mail is certainly more interesting than anything the writer can generate on his own today, let us continue with a letter from Everett W. Harding, executive secretary of the Bergen county (N.J.) committee of the Young Men's Christian Associations:

"I was very much interested in your recent article concerning Joe Gordon of the Cleveland Indians and the part he has played in befriending Larry Doby, Cleveland's colored outfielder.

"I have had the privilege of knowing Joe since he was a boy tumbler and gymnast in the Portland (Ore.) YMCA. Joe grew up with and often competed against an outstanding negro boy named George Cannady, spent several summers at Camp Meehan, at the base of beautiful Mt. St. Helen's with him and others.

"At this YMCA camp great emphasis was placed on the idea of world friendship—a fellowship with the boys of all nations, races and creeds. At the end of each camp period the boys had a 'fire of friendship' Ceremony deep in the big timber of the Cascade Forest range. Torches carried by each of the campers grew into a bright leaping fire and the boys would dedicate their lives to a friendship to all.

"During the time Joe attended this camp I'm sure that Chinese, Japanese and others from foreign lands, as well as boys of various hues, visited and lived at the camp. To one who has served on the Camp Meehan staff it was very easy to see how Joe would go to bat for the colored athlete who broke in with the Indians.

"Reading between your lines brought back many fine memories and recalled again to my mind the fact that if all of us individually and collectively work at all times to improve the lives of others, regardless of the color of their skin or the way they worship their God, this would most certainly become a better world."

Baering Down On The News

By ARTHUR "BUGS" BAER

On Tuesday every good American should exercise his patriotic authority by voting at least once.

Will Truman vote for Dewey and twice as versa? No, Harry will drop in a modest vote for Harry. And Tom will support that genial character he talked to so often in the mirror.

No election has ever been won or lost by one ballot. Some have been closer than sweethearts in a hammock. So Harry and Tom could exchange complimentary ballots without causing the star of empire to flicker in its course.

But how would they know the other guy had kept his bargain? Well, it's the gentleman's agreements that start all the arguments.

Truman Stoops To New Low In Campaigning For His Election

By DAVID LAWRENCE

WASHINGTON, Oct. 28—When the election returns have been counted and the American people settle down to contemplate the future, there is one thing that ought to be indelibly impressed upon them—and that's the outworn and obsolete method of choosing presidential candidates and Presidents that America still uses in this age of supposedly streamlined democracy.

It was mere chance that gave Harry Truman the vice-presidential nomination in 1944. It was an inner clique of politicians which took him then because they didn't like Henry Wallace.

Today Mr. Truman is making the campaign for a Democritic Party which nominated him only because he could use his presidential power in politics to achieve that result. His campaign fully confirms the fears of the Democrats last summer when they urged that General Eisenhower be drafted.

Truman's Campaign Poorest Kind

For Mr. Truman has made just about the poorest kind of campaign as a Democratic nominee that could be made. By comparison with Grover Cleveland, William Jennings Bryan, Judge Parker, Woodrow Wilson, James M. Cox, John W. Davis, Alfred E. Smith and Franklin D. Roosevelt, the campaign speeches of Harry S. Truman do not rate being mentioned in the same category.

Mr. Truman has waged a type of campaign which apparently presupposes an ignorant and uninformed electorate. The idea of a President of the United States standing up before a huge audience and implying that his opponent, Governor Dewey, is like Hitler is so preposterous that the wonder is anyone in Mr. Truman's entourage ever passed that paragraph to the mimeograph machines in advance of the meeting.

Mud-slinging of this sort is fairly frequent at the lower levels—and by lower levels is meant the subordinate nominees—but it is a surprise indeed to hear it from anyone who has enjoyed the privilege of sitting in the White House. The public likes to think of its Presidents as dignified combatants even in a political campaign.

Maybe Mr. Truman really thinks that his way is the way to influence elections and that the voters listening to the radio or reading the newspapers swallow the prejudices that he has been spreading and believe them. It would be an unfortunate day for the American system of representative government if the electorate could be swayed by such absurd accusations.

The Hitlerites could be called "reactionary," but it is rather farfetched to mention even the most extreme conservative in America by any such term in the same breath with the Nazis of Germany or the Fascists of Mussolini's Italy.

Presumably, when it's all over, Mr. Truman will salve his conscience with the thought that it was just so much "campaign oratory"—a phrase that Wendell Willkie used in recanting something he had said when he was his party's nominee in 1940.

Not Inspiring To Youths

There is, however, nothing to inspire American youth to believe in the virtues of democracy when a President of the United States is so careless of speech as to compare American citizens of any school of thought with the Nazis of Hitler's regime.

The whole campaign has been a disappointment. Governor Dewey has been temperate and dignified, but his speeches have been cautious and implicit rather than explicit. The fear of distortion and misunderstanding evidently kept him from making forthright statements on current issues. Even his humorous remark about the engineer who almost caused the death of persons at the back end of the Dewey train a few weeks ago was made the subject of speeches by Messrs. Truman and Barkley. As reported in the press, Mr. Dewey smilingly remarked that maybe the engineer ought to be "shot at sunrise" but that the crowd would let him off this time. So desperate apparently are Messrs. Truman and Barkley that they seized on the incident as perhaps a blunder.

It all reveals so plainly a serious underestimate of the intelligence of the American people. Some day, when the elections are over, the question of changing the method of picking nominees ought to become a major issue in America so that both parties can pick men really capable of holding the office of President and Vice President of the United States.

These Days

By GEORGE E. SOKOLSKY

ALTOGETHER APART from partisanship, even ignoring the campaign, Harry Truman's speech in Chicago on Monday must be reported as a dangerously vicious document which can and may bring harm to his country for years to come.

It was a new low in political campaigning, because it sought to stir racial and religious hatred and bigotry with the object of frightening what he calls "minorities" into voting as a bloc on election day.

This is what he said:

"The tragic story of what happened in Germany is all too fresh. We know how Hitler used Anti-Semitic propaganda as a way of stupefying the German people with false ideas while he reached out for power.

"This was not the first time such a thing has happened. The persecution of minorities goes hand in hand with the destruction of liberty.

"This country has been mercifully spared extreme racial and religious strife, but in recent years there has been a new outcropping of demagogues among us. Dangerous men, who are trying to win followers for their war on democracy, are attacking Catholics and Jews, and Negroes and other minority races and religions.

"Some of these demagogues have even dared to raise the voices of religious prejudice in the Eightieth Congress. We need only remember the shocking Displaced Persons Bill passed in the second session of the Eightieth Congress, which cruelly discriminated against Catholics and Jews."

The danger is not that this kind of speech-making will produce votes for or against Truman; it is rather that these irresponsible, maladroit statements will leave a mark upon popular thinking on the subject of race and religious relations. Instead of using his high office to achieve national unity to halt the segmentation of our country into races, classes, creeds, religions, originating nationalities, functional activities—a segmentaton to which the Communists and other enemies of America have devoted themselves—Harry Truman accelerates this trend and uses his high office to provide a moral sanction for it.

Unfortunately, the fears that men live by in this miserable era are only to real not to flare up on the least incitation.

The quarrel between Governor Dewey and Senator Revercomb over the Displaced Persons Act requires explanation. This act provides for the admission into the United States of 205,000 displaced persons from Europe for permanent residence. Mr. Dewey was opposed to certain characteristics of the bill as limiting the type of displaced persons to be admitted and he requested Senator Revercomb, who was in charge of it, to amend it. Senator Vandenberg, Herbert Brownell, and other important Republicans made a similar request. Senator Revercomb declined to accept their judgment, which was his right under the law.

The bill was passed and signed by Harry Truman, although he stipulated that he did not like it. President Truman said the bill was anti-Semitic and anti-Catholic, but Monsignor Edward E. Swanstron, chairman of the National Catholic Resettlement Council, said that the bill was not anti-Catholic as at least 55 percent of the displaced persons to be admitted under it are Catholics.

The Jewish objection to the bill is that 30 percent of those admitted must be farmers and 40 percent must be from the overrun Baltic countries or from Eastern Poland. It also provides that 50 percent of the regular German and Austrian quotas must be exclusively available to the Valkdeutsche persons of German origin.)

These quotas seem too limited and they definitely reduce the number of Jewish displaced persons who can avail themselves of its benefits. Against this fact, both President Truman and Governor Dewey objected.

However, on June 25, President Truman signed the bill. He could have vetoed it and Congress might or might not have passed it over his veto. He signed it.

Mr. Truman's current absorption over racial questions forces one to recall that when he was a United States Senator, he voted "No" on an amendment, sponsored by Senator C. Wayland Brooks, of Illinois, lifting poll tax requirements for military service personnel in national elections. This is the only instance when the poll tax matter arose in the Senate while Truman was a Senator and he voted "No." This was in August, 1942—before Mr. Truman became a statesman, I suppose. The bill passed and is law.

Today's Talk

By GEORGE MATTHEW ADAMS

Keep SOMETHING Alive

No matter how misfortune, or disappointment, or even sorrow, may eat its way within us, any one of these is but a temporary onslaught. We must always plan to keep something alive within us—something of hope, of will, of perpetual faith.

Many a one has been able to keep alive the interest in some hobby, while the dark clouds shut out the sunshine, and this simple procedure has meant everything. All through life there are emergencies that each of us must meet if we wish to live, and it is this determination to keep something always alive within us that enables us to successfully meet them.

It is this keeping alive of the dreams and ambitions of youth that has been the greatest contributing factor in the success of most people. A plan of life—an objective—"one increasing purpose." These are essential to a happy and healthy handling of life's problems.

It has been said with hope lost all is lost—therefore it is not only important, but essential, that a substantial bit of hope be kept alive. And from this hope any number of interests are possibilities. Lincoln, at one time, looked upon himself as a failure, but he kept enough alive within him mind and heart to lift him to higher ground at the right time. It is this rebound that saves us all.

How many a human being has been brought back to life and usefulness through the influence of early religious training or through the example of a strong character. Encouragement at the right moment has kept many a fire from going out within the breast of another. There is something that is forever dying within us, but there are constant replacements. These are what must be kept in readiness.

Keep something alive within you every day of your life. Travel and contacts keep adding fuel to the flame of your desires, anticipations and dreams. It was the love of books by my father and mother that instilled this same love in me at an early age, and I have kept this love happily alive. And what can excel a triumphant spirit?

Helen L. Schelble To Be Bride Of Robert L. Lint

Wedding To Be Winter Event

Mr. and Mrs. Charles F. Schelble, Sr., Mt. Savage, announce the engagement and approaching marriage of their daughter, Miss Helen L. Schelble, to Robert L. Lint, son of Mrs. John C. Lint, 304 Lincoln Avenue, Meyersdale.

Miss Schelble is a graduate of Beall High School, class of 1941, and is employed by the Kelly-Springfield Tire Company.

Mr. Lint is a graduate of three and one-half years' service in the Army during World War II, having seen action in the ETO. He is also employed by the Kelly-Springfield Tire Company.

The wedding will be an event of the early winter season.

Mrs. A. N. Golladay Addresses Civic Club Home Group

The American Home Group of the Woman's Civic Club met at the home of Mrs. Charles L. Kopp, Braddock Road, yesterday afternoon, and Mrs. A. N. Golladay was the speaker of the afternoon.

Discussing "The Story of Soap," Mrs. Golladay traced the history of soap back to the ancients, who lived without soap, and through to the present day synthetic detergents, making an interesting story of such an elementary thing.

The makers of soap, she explained, first appeared in Spain and France in the eighth century. It was not until 1800, however, she said, that a French scientist discovered soda could be made from common salt and by research soap was available to the common people who before then could not afford it, and readily manufactured at home.

Today soap is the doctor's friend, the germ killer, maid of all work in industry, being used in one stage of making synthetic rubber, to ease a stuck door or window, as a polish in the jewelry trades, as rust preventers in suspension in anti-freeze solutions, to soften the leather in shoes and scour the grease from wool, the speaker pointed out. She reminded her audience that without soap to remove the grease, blankets and other woolen fabrics would not be as soft, warm and light in weight.

Soap is also in oil, sprayed on coal to make it dustless and polishes bowling alleys. Soapmaking, she said, is as old and as new as America. Grandmother made her own soap. Today, soap is made in a very scientific manner and research uncovers new facts about soap and detergents every day.

Mrs. Golladay also told of one of America's good-will gifts to Arabia. Huge cakes of fragrant soap were sent and the Arabs did not know what to do with it, so they fed the soap to the camels, who liked it, accrding to the story.

At the conclusion of the program, tea was served by Mrs. William A. Douglas, president of the club, and Mrs. Perry A. Nicklin. The table was decorated with chrysanthemums. Mrs. L. R. Meyers was cohostess. There were 44 members present.

Hairdressers Will Have Dance Tonight

The Allegany Hairdressers and Cosmetologist Association will entertain with its annual fall dance in the form of a Halloween celebration tonight at Elda Inn.

It wil be a semi-formal affair with the Society Ramblers playing from 9 until 1 o'clock. Black cats, ghosts and goblins are being used with jack-o-lanterns in the decorations.

Miss Pauline Smith is chairman of the committee of arrangements. She is being assisted by Mrs. Catherine Spruil, Mrs. Catherine Weltman, Mrs. Leora Lewis, city and Mrs. May Emory, Frostburg.

WIFE PRESERVERS

YBW Has Party; To Give Public Dance Nov. 17

Miss Doris Twigg was hostess to members of the Young Business Women's Club for a Halloween party in the recreation room of the home of her uncle, Maynard Hasenbuhler, Eichner Avenue, Wednesday night. The Halloween motif was carried out in the decorations with pumpkins, skeletons and black cats and repeated in the light covers.

The evening's entertainment consisted of games, dancing, ping pong and amateur vaudeville acts by Melba Bagatti and Mary Ottiero.

Prizes were awarded to Bernadetta Flora for the prettiest costume, which was an old fashioned girl; Esther Frazee, the most original as Bugs Bunny; Melba Bagatti, dressed like a colored man, the most personality; Mary Ottiero, a colored girl, Mrs. Ida Lindsay, little girl, tied for the cutest, and June Dauphin, a fat man, the fattest person.

Refreshments were served hobo style in napkins.

Others attending were Mary Collins, Hazel Spicker, Joan Spicker, Jay Flora, Evangeline Engle, Ruth Newcomb, Mary Ellen Helmick, Geraldine Cantone, Betty Clopper, Norma Wilson, Mrs. Kathleen Carner, Mrs. Anna May Robertson, Mrs. Marie Catherman and Josephine Cantone.

The next activity of the club will be an informal square and round dance November 17 in the William Paca Lodge Building, North Centre Street. It is to be open to the public and the Sonnateers will play for the dancing from 9 until midnight. Jake Wilson will call the numbers and a cake walk will be held.

The regular business session is to be held November 10.

The Dawson WSCS will have its Week of Prayer service at 7 tonight.

FALL BRIDE—Mrs. Amos A. Perdew, Jr., the former Miss Mary Jane Boyd, daughter of Mr. and Mrs. J. Bruce Boyd, 610 Mechanic Street, became the bride of Mr. Perdew, son of Mr. and Mrs. Amos A. Perdew, Sr., 523 Fort Avenue, September 11 in Hagerstown, with Rev. Charles M. LeFew officiating.

Events In Brief

The TNT Club will meet Monday night at the home of Mrs. Dorothy Daychek, 118 Oak Street. A package sale will feature the program.

The Polish Mountain Homemakers will have a Halloween party tonight at the home of Mrs. Hobert Lough.

Women's Sport Club Has Card Party And Masquerade

The Women's Sport Club entertained with its annual Halloween masquerade and card party Wednesday night at Minke's Christie Road. Guests included Mrs. Donald Shires, Mrs. B. C. Upchurch and Miss Marian Weber.

Costume prizes were awarded to Mrs. Harry Cole, the funniest, for portraying Snuffy Smith; Mrs. Louise Beeche, the prettiest, an old fashioned girl; Mrs. C. P. Fletcher and Miss Mary Aleta Raphel, the most original, salt and pepper shakers; Mrs. Eugene Brown, the most unusual, a pumpkin, and Mrs. Clarence Lavin, fanciest, a dance hall girl.

Seasonal contests were held and Mrs. Ann Everline won the apple eating contest; Mrs. Donald Knieriem, the peanut hunt; Mrs. Sara Kelly, the sack game; Mrs. Donald Dunlap, book titles, and Mrs. Martin D. Sharp, pictures.

Concluding the evening 500 and bridge were played. Prizes for the former were won by Mrs. Kelly and Mrs. Knieriem and the latter, Miss Mary Hartman, Mrs. Franklin Jolly and Mrs. Shires.

Twenty-seven members attended.

A buffet luncheon was served and the Halloween decorations were carried out in the table appointments and decorations. The committee in charge of arrangements consisted of Mrs. James Hirsh, Mrs. Ewald Reuhl and Miss Mildred Abbott.

Central WSCS Has Annual Fall Party

The annual fall banquet of the WSCS of Central Methodist Church was held Tuesday night at the church social hall, with Mrs. John G. Cook, Frostburg, district president, the speaker. Mrs. Cook's talk in an inspirational theme was on victory for the women of the Methodist Church.

Mrs. Wallace Petrea presided and Rev. Crates S. Johnson, pastor, offered the invocation and prayer. A feature of the meeting was the presentation of two vases to Mrs. Ralph Mark as a token of appreciation. Corsages were also given to Mrs. Cook and Mrs. Petrea.

During the business session it was announced that the new range had been installed in the church kitchen and that the Men's Club will build shelves in the kitchen.

A social hour concluded the evening and the Halloween motif was carried out in the decorations with pumpkins, black cats, orange candles and Halloween favors and table appointments. Mrs. Seth Bowen was in charge of arrangements. Sixty members attended.

LaSalle Mothers To Have Annual Breakfast Sunday

Brother Benilde, Washington, is to be the speaker at the LaSalle Mothers Club communion breakfast Sunday in the Social Centre following the 8:30 mass.

Very Rev. J. Lawrence Kilkenny will offer the invocation. Mrs. Joseph Wood will preside and Mrs. Charles E. Shaffer is to be toastmaster.

A musical program will be presented by a LaSalle quartet composed of Richard Strong, John Billing, Philip Christ and Joseph Connelly with Casper Taylor, Jr., at the piano. William Lancaster will sing several solos.

The committee in charge includes Mrs. DeSales Mattingly, Mrs. Wood, Mrs. Joseph Madden, Mrs. B. F. Lewis and Mrs. Lawrence Lovenstein.

Housewarming Held

A housewarming party for Mr. and Mrs. John Davis, who moved into their new home at Flintstone, was given by their friends and neighbors earlier in the week.

Attending were Mrs. Clara Robinette and sons, Ted and Thornton; Mr. and Mrs. Emory L. Davis and children, Darleen, Vicki, Emory Lee, Jr.; Mr. and Mrs. Danald Bennett and children, Gary, Stephen, Donna Jean; Rev. Hazel Devore, Rev. Joseph Keller, Mrs. William Johnson, Mrs. M. A. Canfield, Mrs. Leona Canfield, Laura Lowther, Alder Sites, Mr. and Mrs. Chester Robinette, Charles Turner, A. B. McElfish, Mrs. Nolan Smith, daughter, Eleanor.

Mrs. H. O. Robinette, Mrs. Ida Wharton, Mr. and Mrs. James Welmer and children, Raymond, Shirley, Loralnne; Miss Anna Mae Twigg, Mrs. Elizabeth Collins, Michael Scott, Mr. and Mrs. Walter Davis, Benjamin Davis, Flintstone; Mr. and Mrs. Dan W. Johnson, Mr. and Mrs. Frank Bennett, city; Mr. and Mrs. Leo Elbin, son, Marvin; Mr. and Mrs. Charles Turner, Mr. and Mrs. Howard Elvin, Artemas, Pa.

Spring Tea Planned

The 1949 Rural Women's Short Course Club formulated plans for a spring tea for women who attended the course for three years. Arrangements were made at the Halloween party held earlier in the week at the home of Mrs. G. Frank Malin, Washington Street.

A costume parade featured the party and prizes were won by Mrs. Herbert Logsdon, Mrs. James Bloss and Mrs. Emmett Henry. Holiday games were conducted by Mrs. Russell Smith. Autumn leaves and tiny ears of corn centered the table decorated with yellow tapers. Mrs. Douglas Smith assisted in serving.

Halloween Party Planned

A costume parade around the block will open the activities at the Mapleside Playground Association Halloween party at 7 tonight. Prizes are to be awarded for costumes and games and dancing will feature the entertainment. Refreshments will be served to the children.

Judges will be Mrs. LeRoy Jewell, Mrs. Glenn Sonners, Mrs. Howard Lueck, Wilbur Hudson and John Longerbeam. The committee in charge includes Mrs. Wilbur Hudson, Joseph Wagner, Francis Hoffman, Mrs. Bernard Bealky, Mrs. John Longerbeam, Mrs. Pearl Andrews, Mrs. Holda Richards, Mrs. Jesse Martin and Mrs. William Dunlap.

Kiwanis Ladies Night Scheduled November 4

The annual Ladies Night of the Cumberland Kiwanis Club will be held November 4 at 6:30 p. m. at the Ali Ghan Shrine Country Club.

Following the dinner, an entertainment program will be presented. Frank H. Ansel is chairman in charge of arrangements.

Deadline for reservations is November 2

Crowd Attends Dance

Approximately 150 attended the annual fall dance of the Good Fellowship Club earlier in the week at Crystal Park. Music was by the Aristocrats. The club insignia, national and state flags and autumn leaves were used in the decorations. Mr. and Mrs. C. F. Hare led the grand march.

J. E. Minnicks was chairman of arrangements. His committee included T. E. Simon, C. H. Cook, H. H. Cook, Grayson Lucas, A. E. Burner, Robert Vandergrift, C. T. Fuller, Kenneth Messman, C. W. Conway, J. B. Burner, H. Lee Silcox, Ray Adams, C. O. Turner, Abe Fisher, J. R. Beck and J. F. Screen.

Marriage Announced

Announcement has been made of he marriage of Miss Betty Shepherd, daughter of Mr. and Mrs. Dewey Shepherd, to Irvin "Jack" Custer, Jr., son of Mr. and Mrs. Irvin Custer, all of Cresaptown. The ceremony was performed by Rev. Louis P. Chastain October 25 in the parsonage of the Cresaptown Methodist Church.

Mrs. Madeline Cox was her sister's matron of honor and Samuel O'Hara served as best man.

Primary Group Has Party

The Primary Department of the First Presbyterian Church held a Halloween party earlier in the week at the church house. There were 51 children present.

Prizes were awarded to Marlene Brings for the prettiest costume and to Victor Reuschelin for the funniest. The evening was spent playing games and showing moving pictures, after which refreshments were served.

Gladiatorial contests in ancient Rome had women, as well as men, as contestants.

Paradise Church To Have Harvest, Rally Service

The Paradise Methodist Church, Town Creek Road, will hold a combined Harvest Home and Rally Day service, Sunday night at 7:30.

A variety program is being arranged for the occasion. Special solo numbers will be given by William Buser. The entertainment is in charge of J. Millard Hughes.

The congregation has been asked to donate farm products to be placed at the altar. The public will be welcome.

Expert Advice on "Battle of Bulges"

WALTER THORNTON, famous New York beauty judge, selects Louise Hyde as a perfect bathing beauty type from a bevy of mermaids at Suncliff, beauty haven in the hills of Tarrytown, New York. Here, Thornton is shown measuring Miss Hyde's slim hips as she reveals the secret of her trim figure—under her bathing suit of black faille she wears a new panty girdle invention made of tree-grown latex (not rubber) which fits like her own skin and pats dry with a towel in a jiffy.

"An attractive figure is more important than a pretty face on the beach," said Thornton. "While every woman may not have a model figure she can control those little bulges by wearing a Playtex panty girdle when she needs it most—under a bathing suit, shorts or slacks." (Bathing suit by Frances Sider)

College Trained Veterans Eligible For Commissions

The local Army and Air Force recruiting station in Cumberland is now ready to assist veterans of World War II who are interested in applying for commissions as second lieutenants in the U. S. Army, according to Lt. George J. Gocke, station commander.

Lt. Gocke stated that any veteran between 19 and 32 years of age, in good physical condition and with two years of college credits may apply for a commission. He pointed out that the recruiting station will be prepared to process all applications after November 1.

All successful applicants will be sent immediately to school and afterwards given two years of active duty. However, Lt. Gocke warned those who are attending college at the present not to drop out, since no applicant will be accepted if he is going to college at the time of expected entry on active duty.

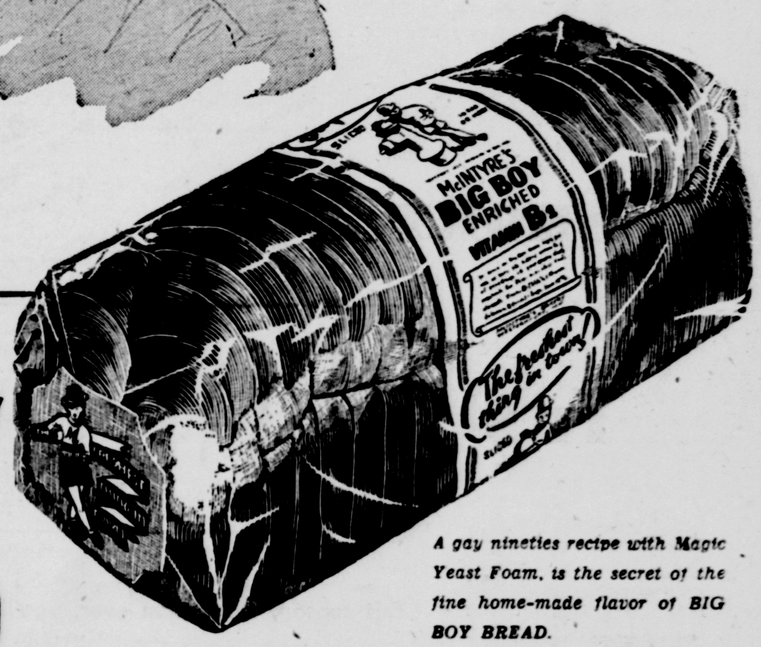
SMILES 'N Smiles

It's doubtful whether or not the adjective "cheerful," has ever before been used to describe a loaf of bread! But in extolling the virtues of McIntyre's Big Boy Bread, the word is both fitting and proper. What could be more cheerful than the sight of a loaf of that golden-hued goodness and wrapped in its flavor protecting cellophane . . . and just as fresh and sweet-aromad as the moment it came out of the oven! One taste of this "cheerful" bread . . . and you too, will break out in "Smiles 'n Smiles!"



BIG BOY Enriched BREAD

A gay nineties recipe with Magic Yeast Foam, is the secret of the fine home-made flavor of BIG BOY BREAD.

MIRROR *Of Your* MIND

By LAWRENCE GOULD
Consulting Psychologist

Should a child call a stepfather "Daddy"?

Answer: That depends on circumstances — he should certainly not be compelled to do so if he does not want to. But it's most important to a child to feel he has a father who will be on hand when he is needed, and when the "real" father has been lost through death or separation, the fact that a child will make a substitute of mother's husband and wishes to call him "Daddy" is a good sign for everyone concerned. The "real" father, if he sees the child, should recognize this and renounce his "rights" in favor of the child's needs.

Can true love be based on physical resemblance?

Answer: It can begin that way. All love starts with a real or supposed resemblance of the loved one to the more or less unconscious "love ideal" which we form in childhood, and the essence of which never changes. A girl whose sweetheart or husband was killed at war need not think it strange if she's attracted to someone else who "reminds her of him," since she loves one for exactly the same reason as the other. But there will be difficulties if she forgets that the new man is a person in his own right, not a copy of his predecessor.

Does intelligence make people altruistic?

Answer: No, says Dr. Pitirim A. Sorokin, professor of sociology at Harvard. "Intelligence . . . does not seem to be a sifnificant factor in making human beings either altruistic or egoistic." And the same is true of "ideology" unless it is consistently put into practice. Whether a person of superior intelligence will use it to help his neighbors or to get ahead at their expense depends on the environment in which he grew up. He'll be "altruistic" if his early home life made him feel that others are his friends, not enemies or rivals.

Trinity Group To Have Halloween Party

A motion picture projector will be purchased with the proceeds from the good will offering at the Halloween party to be held by the Young Adults of Trinity Methodist Church, for the congregation and friends.

The party will be tonight in the church social hall. All attending are asked to wear masks.

Pre-Civil War Photo Wins Picture Contest

A picture owned by John A. Blue, Springfield, W. Va., took first prize in the Rosenbaum Centennial old photograph contest. The picture portrays family life in the South Branch Valley in pre-Civil War days.

Blue, a grandnephew of the people pictured in the photo, won $25 for his entry.

Second prize of $10 was awarded Mrs. Arthur Lewis, 520 Maryland Avenue, for a tintype of her uncle at work as a cobbler. The photo is about 70 years old.

Third prize of $5 went to Mrs. M. W. Work, 421 Cumberland Street, for a color picture of her husband's grandparents taken in Scotland.

A special award of $10 was given to Mrs. Eleanor Kean, 412 Kean Terrace, for the most interesting and artistic entry a century or more old. It is an ivory painting in locket form with a lock of hair on the reverse side. It was done in England about 125 years ago.

All prize winning entries are on display in one of the Rosenbaum store windows. Nearly 200 pictures were submitted.

Judges were Miss Dee DeWinter, national photograph expert from New York City; and Herman L. Miller and J. William Hunt, this city.

Australia Gets Migrants

CANBERRA—(AP)—Australia welcomed 27,000 migrants in the six months ended June 30. Of these, 18,000 were Britons, and 9,000 from other countries, Migration Minister Arthur A. Calwell told the House of Representatives.

Calwell said the government expected a bigger ratio of Britons in the near future. In all, 38,000 British migrants are expected this year, 70,000 in 1949, 80,000 in 1950, and 81,000 in 1951, Calwell said.

Poison Kills Fish

POLSON, Mont.—(AP)—Fish and game officials have successfully used a potent poison in killing carp and other "rough" fish which spoil lakes for trout fishing. The experiments were carried out in Savage and Spoon Lakes where the state plans to plant native and rainbow trout. Thirty men working from 12 boats reported nearly 100 per cent kill of the unwanted fish with the poison.

The presidential short ballot is used in 23 states of the U. S. A. About 70 per cent of the country's voters see only the names of presidential candidates on the ballot, and, in effect, vote for the electors by the simple device of voting for president.

PITCHING HORSESHOES by Billy Rose

With Hallowe'en a few clock-turns away, I'd like to dim the lights, hang a sprig of garlic over the window, and reminisce about the way the Allen Street Angels used to celebrate the Vigil of All Saints' Day 40 years ago.

Billy Rose

The Angels, of which I was a modest member, were as lively a group of potential cutthroats and columnists as ever overturned a pushcart on the East Side, and there was nothing hallowed about the way we celebrated Hallowe'en. Not being able to afford Jack o'Lanterns—anybody with a pumpkin made a pie out of it—we would fill a stocking with chalk and roam the streets with this lethal weapon, wielding it with might, main and malice aforethought.

This usually was accompanied by a pan-handling routine, "Anything for Hallowe'en, Mister?" and, as a rule, the person so accosted would dig into his jeans and come up with a penny or a nickel—particularly if he happened to be wearing a blue serge suit.

Now and then, we would go in for more memorable pranks, like the time we hung a phosphorescent skeleton, painted on black paper, from the lamppost in front of Monahan's corner cafe, first having taken care to douse the offending light with a convenient cobblestone. Patsy Doyle, the Angels' unchallenged leader, attached a thin cord to the skeleton and made it dance whenever a drunk staggered out of Monahan's monastery of malt. The souses' reactions were beautiful to behold, and I wouldn't be surprised if this childish caper did more to encourage temperance on Allen Street than any other act, not excluding Mons. Volstead's.

●—●—●

But the Hallowe'en I'd like to be nostalgick about today is the one which saw the Angels set fire to the house of the Witch of Stanton Street. This puckish prank was the inspiration of Patsy Doyle himself, and was a good example of the sort of thing that made the other tough kids accept the leadership of this reform school graduate.

The so-called Witch was an old lady who lived in a two-story brownstone and was considered something of an eccentric due to her habit of minding her own business and paying her bills. For a long time, her second-floor windows were priority targets for the young rock-chucking set, and when she finally had them boarded up, we took it as proof positive that dark and dire things were going on inside.

●—●—●

On this particular Hallowe'en, we Angels started out with our usual routine—pelting the populace with chalk and turning on fire hydrants, but along about 10, Patsy called us into conference and outlined his plan to scare the broomstick off the Witch.

One of the gang was dispatched to steal a cupful of corn starch from the family cupboard, and an egg crate was knocked apart for kindling. Thus armed, the redoubtable Patsy jimmied open a cellar window in the old lady's house and let himself in while the rest of us stayed outside and laid chickie. (In case you came from a fancy neighborhood, this may be roughly translated, "glimmed for the shield.")

●—●—●

Now, a dime's worth of corn starch thrown over a small fire will produce more smoke than a salesman's convention, and a few seconds after Patsy lit the kindling, it looked at least like a three-alarmer. But the cop on our block was doubly vigilant on Hallowe'en and, as our leader emerged, he was there to nab him. The small blaze was quickly extinguished, and as the policeman was dragging Patsy up the steps, the front door opened and the eery granny herself appeared.

"Ma'am," said the cop, "this is the hoodlum who set the fire, and you'll have to come to the station-house to prefer charges."

"Nonsense, officer," said the Witch. "These boys are my friends and they're here for a Hallowe'en party at my invitation. The fire was their idea of a little joke to announce their presence. Come in, boys."

Well, to save Patsy from arrest, there was nothing we could do but enter the dreaded house, but to our surprise the Witch's parlor was the most cheerful any of us had ever seen—there wasn't a salamander or broomstick in sight, and the only thing that looked like a cauldron was heaped high with nut-covered cookies. And, as if she were actually prepared for a party, the old lady started passing hard candies around, and then took a couple of us into the kitchen, filled an iron tub with water, and had us lug it into the parlor.

"Hallowe'en's not Hallowe'en," she said, "without bobbing for apples."

●—●—●

Then the Witch took a $20 bill out of her bag and handed it to Patsy. "I'm fresh out of apples," he said. "Would you mind running down to the corner and buying a couple of dozen?"

Patsy looked at her as if he hadn't heard right, and then took the bill and walked slowly out the door. One of the kids gave me a lopsided wink and whispered, "That's the end of the party."

I felt the same way about it. If Patsy played it honest and brought back the apples and change, he would be violating his own lack of principles, and would automatically forfeit his leadership of the gang. And I knew he would rather kill himself than resign as boss of the Angels.

But 10 minutes later Patsy was back. He put a big bag of apples on the table and handed the Witch the $20 intact.

"That's nice of you, Patsy," said the old lady, "but I didn't mean for you to pay for them."

Patsy faked a spit in the corner. "Who paid for anything?" he snarled. "I swiped 'em." Then, fixing us with his shoe-button eyes, he added, "I swiped da bag, too."

That did it—our leader was cleared. A guy who swipes apples, and then has the nerve to go back and swipe the bag was entitled to respect.

With no further ado, we dove in and bobbed for the apples, and the laughter which came out of the Witch's house that night must have had Stanton Street thinking all the ghosts south of 14th Street were holding a meeting . . . .

The following day while the old lady was out shopping, the Angels broke into her house and took the boards off her second-floor windows.

States Rights Dispute In Australia

SYDNEY, Australia— (AP) —The governments of the Australian States and of the Commonwealth are at loggerheads. The states say they should receive a bigger handout from the Commonwealth Treasury, or have greater taxing powers. The Commonwealth says the states can have $28,210,000 more of federal money this year, but that's all.

Critics of Commonwealth administration say that Canberra is trying to strangle the states—and is succeeding. The dispute dates back to July 1, 1941. Then the Commonwealth Government introduced uniform income tax, and everyone paid income tax only to the Federal Treasury. Before that date, each state collected its own income tax, and had its own rate. The Commonwealth government also collected income tax, but the amount taken was small on moderate incomes.

To compensate the states for their loss of revenue, the Commonwealth Government has made grants each year to the states. The states say they still have to skimp, while the Commonwealth will have more revenue than it needs. The prime minister, Joseph B. Chifley, says they should increase railway freights and motor registration fees, and earn more themselves.

It Takes Elephants To Move An Island

BANGKOK— (AP) —A piece of Siam's frontier territory is drifting into Burma, thanks to a herd of Siamese wild elephants. It happened like this:

In the River Mae Sai the boundary between Burma and Northern Siam is a fertile island named Koh Charng. Koh Charng is Siamese territory because it is nearer to Siam's side of the river than to Burma's.

But an elephant tribe for many years has traveled at night along a path in Siam, parallel to the river. Their heavy feet during the years wore the path into a real depression. When rains caused the river to break its banks, the water rushed into the elephant path, eroding it into a deep stream. If the new path of the river gets wide enough, and enough of Siam is eroded away, the island will lie on the Burmese side of the river's center line.

The Siamese Parliament member of the area said a dam would be built to halt the river's erosion and to keep the inland in Siam. If that doesn't work, he said sadly, he would lose several hundred loyal voters and Siam's government would lose the revenue from good tabacco crops grown on the 9,600 square kilometers of island.

Roman Baths Found In Canterbury Buildings

CANTERBURY, Eng.— (AP) —Archaeologists have unearthed the Roman public baths of Canterbury, found under the ruins of bombed building in the heart of the city. The excavators have uncovered massive walls in some places five feet thick, that apparently supported a two-story building, and remains of a cold plunge bath, 13 feet six inches by ten feet in size, and of the hot room (or hypocaust).

Supporting the floor of the hot room are slender pillars of Roman tiles. Small finds in the diggings include a cornelian seal bearing the head of a helmeted figure, a highly polished brown stone (apparently from a ring) cut with a figure carrying a thunderbolt, and a woman's bronze ring.

Apple-Oat Crisp

1 No. 2 can sliced or pie apples, ¼ cup water, 1 tablespoon lemon juice, ½ teaspoon nutmeg, ½ teaspoon allspice, 2 tablespoons flour, ¾ cup rolled oats, ½ cup brown sugar, 2 tablespoons melted butter or margarine.

Arrange sliced apples in baking dish. Add water and lemon juice; sprinkle with spices. Blend together flour, rolled oats, brown sugar, and melted butter. Spread over the apples. Bake in a moderate oven (350 degrees F.) about 40 minutes. Serve hot with milk or cream. Yield: four to six servings.

Waffles

2 cups sifted enriched flour, 2 teaspoons baking powder, 1 teaspoon salt, 2 tablespoons sugar, 2 eggs yolks, beaten, 1¼ cups milk, 6 tablespoons melted drippings or lard, 2 egg whites.

Sift together flour, baking powder, salt and sugar. Combine egg yolks and milk. Add melted drippings or lard to the milk and egg. Pour the liquid ingredients into the flour mixture and stir only until flour is moistened. Beat egg whites until stiff and fold into the batter. Put 4 to 6 tablespoons of batter into waffle iron. Bake until waffle stops steaming. Yield: 5 waffles.

Tuna Mushroom Scallop

1 6-ounce package wide noodles, 1 7-ounce can tuna fish, 1 10½-ounce can condensed cream of mushroom soup.

Cook noodles acording to directions on package; drain, then return to utensil in which noodles were cooked. Add flaked tuna fish and mushroom soup and cook until ingredients are thoroughly heated. If too dry, add a small amount of milk. Yield: six servings.

FEED THE SPOOKS!

By CECILY BROWNSTONE
Associated Press Food Editor

Nothing in the world seemed more fun to us, when we were very small, than to be allowed to dress up in costumes and masks, and make the rounds of the neighbors on All Hallows Eve. Armed with large brown paper bags we voraciously gathered together whatever the night gave up—apples, of course, and lots of cookies!

But the house we liked best each year was the one that always had squares of tawny sweet Penuche ready for us—almost as golden as the pumpkin itself. Next to Penuche we loved peanuts—especially if they were showered at us (in their shells, of course) so that we had the glorious fun of scrambling after them and seeing who could pick up the most.

So if you are expecting young visitors this Hallowe'en and want to be the favorite on the block, do have some appropriate loot ready!

If your small fry wants a party, too, there are lots of things you can do to make the fare fit the holiday. Fruit figures are always favorites, and this year you might try making some like the ones pictured here. Choose plump figs for the goblin heads and paint on the features with fosting.

The cat faces are a bit more complicated but if you let the youngsters help make them they'll have no end of fun. Use the blossom end of the fig for the chin. Then clip a sharp nick on each side of the top with a scissors; pull up the little flaps and presto! the cats have ears. little slant eyes and whiskers are made from frosting.

Both the hobgoblins and cat faces will find easy resting places on doughnuts. The doughnuts themselves may be decorated with ruffs, buttons, or what you will—all out of confectioners' sugar mixed with butter or margarine, and little milk, thin cream or orange juice.

For a teen-age party choose fare that's a bit more sophisticated. The Jack O'Lantern Salad pictured here, for instance, and the Toasted Mushroom Rolls. The salads can be made ahead of time and put in the refrigerator. The rolls, too, are readied early, then toasted to a golden brown just before serving. Hot chocolate, in attractive mugs, will be just the right beverage.

JACK O' LANTERN SALAD . . . Canned peaches do the trick

JACK O'LANTERN SALAD

Ingredients: 1 pint cottage cheese, ⅓ cup chopped blanched toasted almonds, ¾ cup chopped ripe olives, ¼ cup mayonnaise, 8 canned peach halves, Boston lettuce and watercress, raisins, cloves, maraschino cherries, additional mayonnaise.

Method: Mix cottage cheese, almonds, olives and mayonnaise. Fill 4 peach halves with the mixture. Press matching peach halves together, arrange on crisp Boston lettuce leaves and garnish with watercress. Make a jack o'lantern face with raisins, cloves, and cherries. Serve with additional mayonnaise. Makes 4 servings.

TOASTED MUSHROOM ROLLS

Cut crusts from thinly sliced bread and spread with condensed mushroom soup. Roll up like a jelly roll and secure with a toothpick. Wrap rolls in waxed paper and store in refrigerator for several hours. Just before serving remove toothpicks, brush with melted vitaminized margarine and toast in broiler until golden brown. Tuck watercress in ends of rolls, if desired.

Molded Vegetables

1 envelope unflavored gelatine.
½ cup cold water.
¾ cup hot water.
½ teaspoon salt.
1 tablespoon sugar.
¼ cup mild vinegar.
1 tablespoon lemon juice.
1 tablespoon minced onion.
1½ cups drained, canned mixed vegetables.

Soften gelatine in cold water. Add hot water, salt and sugar and stir until dissolved. Stir in vinegar and lemon juice. Chill until mixture is consistency of unbeaten egg whites. Stir in the onion and mixed vegetables. Pour into large or individual molds and chill until firm. Unmold and serve on salad greens with French dressing. Yield: six servings.

Furniture designers and cabinetmakers Chippendale, Sheraton, Hepplewhite and Adams were responsible for the wide use of the term, "Age of Mahogany." These fine craftsmen used mahogany for most of their styles.

In 1897 eggs were nine cents a dozen; butter 14 cents a pound; hogs $5.50 cwt., dressed, and turkeys 10 cents a pound. A good suit could be bought for $12 to $14

FOOD... through the ages..

Ham Pasties

3 cups sifted all-purpose flour.
3 teaspoons baking powder.
1 teaspoon salt.
4 tablespoons shortening.
⅔-¾ cup milk.
2 three-ounce cans deviled ham.
1 pimiento, finely chopped.
1 teaspoon finely chopped green pepper.
½ teaspoon finely chopped onion.

Sift together flour, baking powder and salt. Cut in shortening until mixture resembles coarse cornmeal. Add milk, stirring only enough to moisten dry ingredients. Turn out onto lightly floured board and knead lightly about 30 seconds. Roll dough ¼-inch trick and cut into 4-inch squares. Mix together deviled ham, pimiento, green pepper and onion. Place about 1 tablespoon of ham mixture on ½ of each square. Fold other half over the mixture and press edges together with tines of fork. Place pasties on a baking sheet and bake in hot oven (450 degrees F.) for 12 to 15 minutes. Serve hot with muchrooms or pea sauce. Yield: 21 pasties.

Vienna Sausage Casserole

2 four-ounce cans Vienna sausage.
2 tablespoons butter or margarine.
3 tablespoons flour.
1½ teaspoons salt.
2 cups milk.
3 cups diced cooked potatoes.
2 tablespoons chopped pimento.
2 tablespoons chopped parsley.
½ cup grated American cheese.
½ cup soft buttered bread crumbs.
¼ teaspoon paprika.

Cut one can of Vienna sausages in ½-inch pieces; leave the second can whole. Melt butter in sauce pan; blend in flour and salt. Add milk, stirring constantly until mixture thickens and comes to a boil. Remove from heat; add potatoes, pimento ,parsley and cut sausage. Turn into 1½-quart casserole. Sprinkle cheese over top, then bread crumbs and paprika. Arrange whole sausages on top of crumbs. Bake in a moderately hot oven (400 degrees F.) about 20 minutes. Yield: six servings.

Shrimp, Vegetable Pie

3 tablespoons butter or margarine, 3 tablespoons flour, 1 teaspoon salt, ⅛ teaspoon pepper, 1 No. 2 can peas, ½-ounce can mushrooms, Milk, 1 5-ounce can shrimp, 5 medium potatoes, cooked, mashed and seasoned.

Melt butter, blend in flour, salt and pepper. Drain peas, reserve ¼ cup liquid, drain mushroom liquid into cup with pea liquid; add milk to make 1½ cups. Add milk mixture, stirring constantly until mixture thickens and comes to a boil. Add drained shrimp, peas, and mushrooms; place over hot water until thoroughly heated. Put mashed potatoes through pastry bag or pile with a spoon to make a border round edge of a 10-inch pie pan. Add creamed shrimp mixture. Put in a hot oven (450 degrees F.) about 10 minutes, or slip under broiler heat until lightly browned. Yield: six servings.

Potato Doughnuts

6 cups sifted enriched flour, 7 teaspoons baking powder, 1 teaspoon salt, 1 teaspoon nutmeg, 3 eggs, beaten, 2 cups sugar, 1½ cups warm mashed potatoes, 6 tablespoons melted lard, ¾ cup milk, lard for deep-fat frying.

Sift flour with baking powder, salt and nutmeg. Combine eggs, sugar, potatoes and lard; continue beating. Add milk and blend. Add dry ingredients and mix only until flour disappears. Chill. Place about ⅓ of the dough at a time on a lightly floured cloth. Sprinkle surface of dough lightly with flour and roll to ½ inch in thickness. Cut with floured doughnut cutter. Fry in hot deep lard (360° F.) until golden brown Drain. Roll in granulated or confectioner's sugar if desired. Yield: 4 dozen doughnuts.

Cut of the BREAD BOX

dan the bread man says . . .

While purchasing bread, don't forget to order some of those wonderful sweet goods your baker offers. Bakery desserts are delicious pepper-uppers for warm weather meals.

• • • •

Treat yourself and your family to a delicious, cooling summertime dessert by topping a baker's sponge cake with peppermint ice cream. This dessert delight is a treat for the homemaker for it requires little effort to prepare.

• • • •

A tasty triumph for afternoon refreshment is strawberry shortcake. And what's easier to prepare when you use those wonderful Mary Ann Shells your baker supplies as the cake base? A pretty party treat, Strawberry shortcake, using baker's Mary Ann Shells, is prepared in a jiffy.

• • • •

Here's a summertime dessert that goes in your bread box along with your other bakery goods. It's delicious pound cake which can be served with a topping of chocolate sauce, whipped cream and sliced fresh fruit for added delectability. You'll wield wonderful dessert magic when you use any of the variety of baker's cakes for easy, delicious cooling summer desserts.

• • • •

For those especially scorchy days this summer serve a dessert designed to keep you and the kitchen cool. A baker's fruit pie, plain or ala mode is a perfect summertime dessert. If ice cream is in the refrigerator and the bakery-made pie on hand you're all set for a treat, even when the mercury hits those high spots.

• • • •

When you're shopping or ordering bakery foods from your routeman make a memo to have pies, sponge, cup and pound cakes as well as bread and Mary Ann Shells on the list. Your desserts will be of that extra special variety!

AMERICAN STORES AND ACME SUPER MARKETS

From Soup To Fish, Meat To Nuts There's A Can Of It

Take a tour through any grocery store and see the many shelves stacked with foods in tin. Note the variety of fruits, vegetables, soups, meats, fish. Besides these staples, there are nuts and shoe-string potatoes packed in tin to protect fresh flavors indefinitely. There are dessert specialties such as date nut roll and ice cream mix. There are ready-prepared entrees such as spaghetti with meat balls and chow mein with Chinese vegetables.

Canned food use is on the increase. Before the war there were more than 350 million cases of food . . . twenty-four tins to the case . . . packed a year. Now the count exceeds 400 million cases.

Your vegetable preference may run from artichokes to yams, and you'll still find your favorite comes in cans. There are 103 varieties of vegetables now being packed. The tomato family . . . whole, solid and sauce styles plus the tomato products such as pastes and purees . . . is the volumn leader.

Next in line are peas, corn and string beans. These four have headed the list for many years, and they come in many forms. Peas are packed according to size and variety . . . may be of the smooth-skinned Early or June variety, or the wrinkled Sweet or Sugar variety.

Corn comes in cream style, kernel, and with red green peppers. String beans are packed whole, cut and French style.

Other vegetables leaders are beets, spinach, sauerkraut, asparagus, carrots,and sweet potatoes. Per capita use of canned vegetables this year will be about 42 pounds, compared with 31 pounds per year for the 1935-39 period.

The big six canned fruits are peaches, pears, fruit cocktail, cherries, apricots, and pineapple. Counting the apple, berry and other fruit packs, there are some 66 varieties available in tin. Use of canned fruits this year is expected to run about 20 pounds per person, showing on increase over the 1935-39 period when use averaged about 15 pounds.

In the juice line, citrus products are way out in the lead, but there are 26 varieties of juices and nectars packed. Americans seem to like to drink their fruit and consumption of canned juices has quadrupled in the last ten years . . . from four pounds per person in the 1935-39 period to over 15 pounds in 1947.

Canned meats come in 34 varieties . . . with luncheon loaf, corned beef hash, chile, Vienna sausage and potted meats the most in demand. Popularity of canned meat is shown by a production figure that has increased five times in the last ten years . . . from 299 million pounds in 1937 to over a billion pounds in 1947.

There are 40 varieties of fish and sea food with salmon, tuna, shrimp, sardines, and mackerel the most popular. There are 36 varieties of baby foods . . . chopped and strained meats being the most recent additions to the list. There are 42 varieties of soups . . . ranging from ever popular tomato soup to Chinese specialties.

Convenience, nutrition, economy, . . . all are reasons for those rows of canned foods at the grocery store.

Creole Green Beans

2 tablespoons butter or margarine, 2 tablespoons finely chopped onion, 2 tablespoons finely chopped green pepper, ½ cup sliced mushrooms, 1 cup canned tomatoes, ½ teaspoon salt, ⅛ teaspoon pepper, 1 No.2 can green beans.

Put butter in sauce pan; add onion, green pepper and mushrooms; cook over low heat about five minutes. Add tomates, salt and pepper. Simmer until sauce is thickened. Add drained green beans and heat. Yield: four servings.

Corn Fondue

8 ½-inch slices bread, 1 12-ounce can kernel corn, 3 eggs, 1 teaspoon salt, ⅛ teaspoon pepper, ¼ teaspoon dry mustard, 2½ cups milk.

Trim crusts from bread. Arrange bread and corn in alternate layers in 1½-quart casserole. Beat eggs slightly; add salt, pepper, mustard and milk; pour over casserols (If necessary, add more milk to cover mixture in casserole.) Bake in slow oven (325 degrees F.) one hour. Yield: six servings.

Glazed Spiced Pork

1 12-ounce can pork luncheon meat, 1 No. 2 can yam sweet potatoes, 2 tablespoons brown sugar.

Cut luncheon meat into four thick slices; place in center of shallow baking dish. Drain yams, saving ½ cup liquid. Slice yams and arrange around meat. Add sugar to yam liquid and bring to boil; pour over meat and yams. Bake in moderate oven (375 degrees F.) about 25 minutes. Yield four servings.

Directors Of PE Okay $10,000,000 Security Sale

The board of directors of the Potomac Edison Company has approved plans for the sale of $10 million of additional securities to provide funds for expansion. The approval came at a meeting Tuesday in Frederick.

The board gave permission to the officers to clear the sale of the securities through the Maryland Public Service Commission and the Interstate Commerce Commission.

Plans call for the issuance of $5,500,000 in first-mortgage bonds, $3,000,000 in preferred stock and $1,500,000 in common stock.

First mortgage bonds of the company total $20,981,000 and the proposed additional issue would increase this figure to $26,481,000. Preferred stock of the company is $6,411,553 and the proposed additional issue would increase this figure to $9,411,553. The common stock figure is $7,500,000 and the increase would send this figure to $9,000,000.

The total capital structure of the company would be increased to $50,323,299 by the additional $10,000,000.

Surplus of the company now is $2,895,875 and surplus of the company's subsidiaries is $2,534,840, a total of $5,430,715.

Approximately $7,000,000 of the additional financing is needed in the construction of the new power plant near Front Royal, Va., expected to be ready in October of 1949, and another $1,500,000 on extension of lines from Cumberland to Front Royal. About $400,000 will go into the new line from the R. Paul Smith power plant at Williamsport to Frederick, which is expected to be ready in about 30 days. The rest of the money will be used for extension of lines and expansion.

Another meeting of the directors will be held November 5 when further plans will be made for the additional financing.

President Smith also reviewed the financial needs and presented the proposed program.

In Buenos Aires and other Argentine cities the walls of many residences are covered with multi-colored tiles.

Traffic Division Will Start Work On South Mechanic Street Sunday

The work of converting South Mechanic Street into a two-way thoroughfare will be started Sunday by the Traffic Division of the Cumberland Police Department, it was decided at a meeting yesterday.

At 10 a. m. today, North Mechanic Street merchants are scheduled to meet in the squad room at Police Headquarters to discuss zones of loading and unloading in front of their business establishments.

Lt. Edwin R. Lilya, head of the bureau, pointed out that an additional traffic light will be installed at the intersection of North Mechanic and Baltimore Street to replace one damaged by a tractor-trailer some time ago. The control box will not be changed for the new setup, he added.

According to Lt. Lilya, work will get underway early Sunday morning with painters dividing North and South Mechanic Streets with a single line for two lanes of traffic. North Machanic Street is separated into three sections at the present time.

Operation of South Mechanic Street as a two-way thoroughfare will start sometime next week, Lt. Lilya said, adding that two patrolmen will be on duty to "educate" motorists. Other changes are pending the outcome of the move, he stated.

The need for additional parking lots in Cumberland was discussed at length but no action was taken.

Just Between Us

When Parents Decide They'll Allow Dating, Spread Word

By NANCY MOTTRAM

Nancy Mottram

(Q) "Dear Nancy: My parents wouldn't allow me to date until this fall, but boys have been asking me out for about two years now and I've had to refuse every time. Finally, they gave up, and now I have permission to date nobody asks me! How can I start dating? I can't ask the boys, or hint that if they'd just ask me, I could date them now. What would you suggest?"

(A) You don't have to let your closest pals in on all the details of your problem, but if you do let the fact slip out that you're on the datable list, the word will travel fast. Act the same as you always have with the male sex—friendly and natural, but don't begin to eye every lad as a prospective date. You don't want to hint, and you don't have to. Once they hear the news, they won't be long in filling up your date book.

●—●—●

(Q) Dear Nancy: I'm going with a boy I've known for ages and I think he's wonderful, but now I know that there's someone else I care for, too. I've never dated him, and although I care for my steady, I can't help thinking of the other fellow. I've done it more and more often lately and it's bothering me, because I don't feel I'm being fair to the boy whose fraternity pin I'm wearing. I've tried to concentrate on just him, but it doesn't work. Could you give me some advice?"

(A) You can't help the fact that you're not interested in "just one" any more. It's happened to every girl, and all the time you're dating, you'll find your affections switching from one lad to another. Unless you find that your feelings have changed so much that you no longer care to date your "steady" at all, don't do anything for the time being. Wait a while longer until you're sure. Then you can make the break with no regrets.

●—●—●

(Q) "Dear Nancy: I asked a boy to a dance some time ago, and we'd made all the plans for it when something unexpected happened. Just a short time before he was to call for me, we received word that a near relative was failing fast and my parents and I left immediately. I completely forgot to call him and tell him what happened, and I haven't seen or heard from him since. I want to explain, but I don't know how to go about it. Please help me."

(A) He had no way of knowing why you "walked out" on your date, and you'd better clear it up fast. Write him a little note, explaining things. Tell him exactly what happened, and how sorry you are about everything. Even though it wasn't your fault, an apology's due, and if you want him to be ringing your phone again, you'd better see your note gets in the next mail.

Nancy can help with all your teen-age problems. Write her in care of this newspaper.

Medals To Be Awarded Through Reserve Office

Ex-Marines are invited to write or contact Lt. Edward H. Walker, inspector-instructor of the U. S. Marine Corps Reserve here, for theatre and service medals for which they may be eligible.

All such applications must be accompanied by Marine discharge papers in order that the proper awards may be made.

To qualify for the medals the following requirements must be met: American area, 30 days service in the Continental United States between December 7, 1941, and March 2, 1946; European-African-Middle East area, 30 days duty in those sections between December 7, 1941, and November, 1945; Asiatic-Pacific area, 30 days service between December 7, 1941, and March 2, 1946, and China Service Medal, service in China subsequent to September 2, 1945, and eligibility for the Asiatic-Pacific Campaign medal.

Lt. Walker also announced that American Defense and Victory Medals are still available to ex-Marines. He urged those eligible to take advantage of the opportunity as the applications are used as a basis for the award of Good Conduct Medals and forwarding Presidential and Navy unit citations.

Marvain Gets Jail Term In Disorder

John Marvain, Corriganville, was sentenced to 15 days in city Jail yesterday in Trial Magistrates Court in default of a $15 fine imposed by Magistrate Frank A. Perdew for drunk and disorderly conduct and for destruction of city property.

Marvain was arrested Wednesday night after police received a complaint that he was creating a disturbance at the Queen City Hotel. Placed in the patrol wagon, the man attempted to kick out the rear window and succeeded in cracking the glass.

No fair-minded, thoughtful union member in America would exchange the year 1948 under the (Taft-Hartley) law for the year 1946 without the law. —Harold E. Stassen.

Elliot Held In Theft Here

Robert Elliot, Fairmont, W. Va., who is now being held in City Jail, will be given a hearing this morning on a charge of larceny.

He was arrested Wednesday afternoon by City Police and is being held on a warrant obtained by Daniel Hill, this city. Hill said Elliot stole articles, including a radio and an alarm clock, valued at $50.

Trial Magistrate Peter J. Carpenti opened his trial yesterday morning but held the case open pending further investigation by police.

Get Hearings

The Allegany County Liquor Control Board has ordered the appearance of two men found guilty in Circuit Court of selling intoxicating beverages to minors.

The two men, John H. Smith, operator of the Mayfair Tavern, and Garland R. Hutzell, Mt. Savage tavern proprietor, are scheduled to appear for a hearing next Friday to show cause why their licences should not be revoked.

Both men were fined $25 and costs by Associate Judge Oliver H. Bruce, Jr., last week.

Write-In Ballot Is Explained

Attorney General Hall Hammond has informed the Allegany County Board of Election Supervisors concerning the status of write-in votes for the State's Rights ticket.

Hammond said he has written to all boards in an attempt to eliminate much confusion which prevails. He reiterated his opinion that:

1—Writing in the names of Govs. J. Strom Thurmond and Fielding Wright on the ballot would constitute votes for the States' Rights candidates only as two of the eight presidential electors for Maryland.

2—That if they received more votes than the other candidates they would be two of the eight electors from Maryland, and the other six would be taken from the slate having the next highest total.

Hammond said State's Rights campaigners were working on the Eastern Shore yesterday and he had numerous calls from elections officials asking for clarifications of his rulings.

His letter said:

"The impression seems to have been created or to have arisen that we have ruled that the names Thurmond and Wright could be written on paper ballots as 'Thurmond and Wright' and that this would constitute a vote for the eight electors which the States Rights party has named.

"No such ruling has ever been made by this office, and it is our opinion that that procedure cannot properly be followed x x x.

"We have publicly indicated our view, and it is our opinion, that a voter may write in the names of as many electors as he chooses up to a maximum of eight x x x.

"It is further our view that a voter may write in the name of 'Thurmond' in one of the eight spaces provided for write-in votes for electors for president and vice president, and if he does so and places a cross mark in the square opposite the name so written in, that this will constitute a vote for J. Strom Thurmond as an individual elector (not as a candidate for president).

"Similarly, a voter can also write in the name of 'Wright' on another line x x x and if a cross mark is placed in the square opposite the line, that will constitute a valid vote for Fielding Wright as an individual elector. x x x

"It has been claimed by the representatives of the State's Rights party that if Mr. Thurmond and Mr. Wright, as a result of following the procedure we have indicated—namely the writing in of the name 'Thurmond' on one line and the name 'Wright' on another line and x x x the placing of marks x x x opposite the names x x x should receive more votes as electors for president than any other candidates, that these two gentlemen could meet and choose six additional individuals to make up a total of eight representing the state's rights party.

"The office of the attorney general does not agree with this contention.

"It is our view that if Mr. Thurmond and Mr. Wright should receive more votes as electors than anyone else, they would merely constitute two of a total of eight electors to represent the State of Maryland in the Electoral College and the remaining six would be those individuals who received more votes for the office of electors than anyone else, except Mr. Thurmond and Mr. Wright."

When 40,487 fans jammed the University of Washington stadium for the Minnesota game this season, all attendance marks for the arena were smashed.

Gallup Poll

Gov. Dewey Holds Substantial Lead Over Truman In 18 Of 24 States

By GEORGE GALLUP
Director, American Institute of Public Opinion

PRINCETON, N. J., October 28—With less than a week of the 1948 presidential compaign remaining, the Institute's semi-final state-by-state roundup of political sentiment shows this picture for the 24 states in the New England, Middle Atlantic and Mid-West sections:

Gov. Thomas E. Dewey holds a marked popular vote advantage in 18 of the 24 states.

President Truman has a substantial lead in one, Rhode Island.

In five other states, where the lead of one candidate over the other is not marked, Dewey leads in four and Truman in one.

Henry A. Wallace, Progressive Party candidate, does better in New York than in any other of the states reported today. His next best states are Connecticut, New Jersey, Minnesota and North Dakota.

In this semi-final roundup all voters who still are undecided on their presidential choice have been eliminated from calculation of the vote in each state. Two states, Connecticut and Maryland, where previous Institute findings showed neither candidate with a substantial margin, now give a marked lead to Dewey.

Delaware has shifted into the marginal category, whereas in the previous poll Dewey held a long lead. In Missouri the latest samplings put the state in the marginal column, whereas earlier surveys gave Truman a substantial lead.

• • •

It should be emphasized that these 24 states cover the areas of the country where Republican voting strength usually is greatest. The second half of the states include the Western, Pacific Coast and Southern sections where Democratic candidates normally poll their biggest backlog of votes.

The second article of this semi-final roundup will report on the other 24 states and give a nation-wide political scoreboard with the standings for individual states. Field interviewers across the country are now conducting final surveys of representative voters on which the final Institute report next Monday will be based.

The political scoreboard for the New England, Middle Atlantic and Mid-West sections follows:

States Dewey Leads By More Than Eight Percentage Points

	Dewey	Truman	Wallace

Moose Women Hold October Christmas Party

It was Christmas at the Moose Home last night.

Carols were sung, a tree was decorated and lighted, goodies of all kinds were served, and those who attended brought gifts.

The party was arranged by members of Chapter No. 914 Women of the Moose, as their "Christmas in October" event to provide gifts for children at Mooseheart, the organization's child city for children of deceased members.

The gifts will be packed and shipped to Mooseheart from the local chapter and lodge as well as from other units throughout the country, thus assuring a bountiful and joyous Christmas for all the Mooseheart youngsters.

The program last night included accordian selections by the Smith triplets, a reading by Mrs. Marie Dorsey and a duet by Mrs. Dorsey and Mrs. Christine Sowers. Robert Snyder sang a solo and the guests, members and visitors sang a number of Christmas carols.

Mrs. Betty Page is senior regent of the local chapter.

Beware Coughs Following Flu
After the flu is over and gone, the cough that follows may develop into chronic bronchitis if neglected. Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and to aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

10,000 Vets Wanted For European Service

Ten thousand former servicemen are needed immediately as replacements by the United States Air Force for assignment to the United Kingdom and Western Europe in support of "Operation Vittles" and the current B-29 training program, according to First Lt. George J. Gocke, of the local recruiting office.

Qualified veterans will be accepted for enlistment in grades commensurate with their ability and military experience. Skills needed include aircraft maintenance, radio, radar and communications, automotive equipment operators and repairmen.

Unmarried men up to 34 years of age who have been discharged more than 90 days will be accepted in all grades up to and including technical sergeant. Married men who have been discharged from the Air Force more than 90 days must qualify for grades of staff sergeant and technical sergeant to be accepted. Dependents of these men cannot be sent overseas.

Air Force men re-enlisting within 90 days of their discharge automatically receive their former grade. All men accepted will receive an extra 20 per cent in pay for service outside the United States.

Hong Kong TB Increases

HONG KONG—(AP)—Deaths due to tuberculosis were on the increase here last month, statistics show. Of 172 registered deaths in the colony, 13.6 per cent were directly attributable to this cause. This represents an increase of 8 per cent over the average for the first half of this year. All but 13 of the deaths were among Chinese. The birth rate, however, was three times the death figure. There were 3,909 new babies, of whom only 65, were non-Chinese.

Outer Mongolia is a republic, bounded on the north by Siberia, on the west by Sinkiang, on the south and east by China proper and Manchuria. Its area is about 622,744 square miles, and the population is about 850,000.

Moose Women Hold October Christmas Party

It was Christmas at the Moose Home last night.

Carols were sung, a tree was decorated and lighted, goodies of all kinds were served, and those who attended brought gifts.

The party was arranged by members of Chapter No. 914 Women of the Moose, as their "Christmas in October" event to provide gifts for children at Mooseheart, the organization's child city for children of deceased members.

The gifts will be packed and shipped to Mooseheart from the local chapter and lodge as well as from other units throughout the country, thus assuring a bountiful and joyous Christmas for all the Mooseheart youngsters.

The program last night included accordian selections by the Smith Triplets, a reading by Mrs. Marie Dorsey and a duet by Mrs. Dorsey and Mrs. Christine Sowers. Robert Snyder sang a solo and the guests, members and visitors sang a number of Christmas carols.

Mrs. Betty Page is senior regent of the local chapter.

Equity Suit Filed On Business Sale

A bill of complaint was entered in Circuit Court yesterday by Norman Dee Beglin vs Robert W. Rice, charging Rice failed to keep terms of agreement.

The suit explains that Beglin purchased the Cumberland Dental Laboratory, 511 Decatur Street, from Rice last January 14.

In the agreement, a copy of which accompanies the suit, Beglin, through his attorney, E. J. Ryan, claimed that Rice agreed to refrain from operating a business of this kind here.

The business was sold for $250 by Rice, it is claimed.

Vandals Break Show Window In Frostburg

FROSTBURG—Police here are investigating a serious act of vandalism which occurred Wednesday night on Main Street. A large circular section of plate glass show window in Hafer's Furniture Store was shattered in what police believe was a Halloween prank.

The window, police said, was struck a "terrific" blow with some heavy object, as glass was scattered about the furniture in the store and some fragments hit the wall across the storeroom.

Authorities said a group in the Eckhart area is suspected.

Frostburg Man To Share In $20,000 Estate

NEW YORK, Oct. 27—David W. Moorhouse, 198 East Main Street, Frostburg, Md., will share in an estate valued at over $20,000 according to a petition for probate filed in Kings County Surrogate Court today.

The estate was left by the Frostburg man's father, the late Wilmot Moorhouse, 266 83rd Street, Brooklyn, who died October 15, 1948.

According to the terms of a will signed June 14, 1946, Moorhouse will receive a one-third portion of the estate. Dakin Moorhouse, another son, Keyser, W. Va., also receives a similar bequest. A daughter, Vista Miller, Brooklyn, receives the remaining portion of the estate.

"RAPID INSPECTION"—Shown above on the left is Mrs. Gladys Pitzer, public health nurse in the South Cumberland section, as she conducted a "rapid inspection" of a fifth grade pupil at John Humbird School. REMEMBER?

Remember the stock market crash of 1929?
—The Republicans were in control.

Remember the depression of the early '30's?
—The Republicans were in control.

Remember the hungry men and women in bread lines?
—The Republicans were in control.

Remember Hoover's promise "prosperity is just around the corner?" *—The Republicans were in control.*

Remember the Veterans on the corners selling apples? *—The Republicans were in control.*

Remember when wheat and corn sold for less than 15 cents a bushel? *—The Republicans were in control.*

Remember when thousands of families were evicted from their homes? *—The Republicans were in control.*

Remember when sheriffs were hung in effigy for farm and tax foreclosures? *—The Republicans were in control.*

Now look at what the Democrats accomplished:

Compare your life and your job today with those days. Banks are no longer failing. Your deposit book is safe. The government guarantees your money (up to $5,000.00) and yet, through sound insurance, protects itself from risk of loss.

The Democrats saved 5 million people from being thrown into the streets by taking over more than one million distressed mortgages—and yet the federal government didn't lose a dollar.

It was the Democrats who put people back to work, who introduced social security, who brought us from the depths of despair to the highest standard of living this country has ever known. Remember the party that didn't forget you! And cast your vote for the straight Democratic ticket on November 2nd.

Vote for the party that brought prosperity back!

KEYSER

Keyser Woman Dies, Husband Hurt In Crash

Mrs. Louise Hess Is Accident Victim

Mrs. Louise Hess, 33-year-old wife of Earl K. Hess, Keyser, W. Va., died of shock yesterday morning in Potomac Valley Hospital, Keyser, as a result of an automobile accident earlier in the morning.

The accident occurred on Route 220 one and a half mile west of Keyser, when their car left the road and struck a large sycamore tree. Hess, who apparently was driving, is reported in fair condition in the hospital. He was in a semi-conscious condition and was suffering from shock last night.

Mrs. Hess and her husband, who is associated with the Masteller Coal Mines, were returning to their home from a Beta Sigma Phi sorority dance at Mott's Green Gables.

State Police Cpl. R. R. Karickhoff and State Trooper W. F. Bowley, who investigated, said the accident occurred sometime after midnight. It is believed the car went off the pavement on to the shoulder and struck the tree, throwing the vehicle down a 16-foot embankment, and causing the front wheels to rest in New Creek. The car did not turn over but was demolished, police said.

Mr. and Mrs. Hess were discovered at 12:45 a. m. by Harry Fertig and Edgell Clark, both of Keyser, who were passing the scene of the accident. Mrs. Hess was thrown out the right rear door and was partially under the car when she was found.

Hess was pinned under the dash board and Keyser volunteer firemen were summoned to help release him. The couple was admitted to the hospital at 1:15 a. m.

Mrs. Hess was the daughter of Mrs. Mary Welch, 285 North Water Street, and the late Richard A. Welch, attorney, who died in January 1946.

Survivors beside her husband and mother include three children, Nancy, 8; Richard, 6, and Henry, 3; two sisters, Mrs. Mary Brewer, Logan, and Mrs. Virginia Lee, Washington.

light jobs requiring 'feel' could be supplied.

"In short, it was possible for the handicapped to perform some job within their capacity, thus minimizing the effects of their handicaps and affording them a feeling of independence. The company did not regard this as charity, paternalism, or sentimental humanitarism. It was motivated by the seriousness of the problem confronting it and the need for a practical solution.

"Experience is demonstrating that handicaps need not be conducive to low efficiency nor adversely affect the accident risk. Jobs can be screened to suit the needs of the handicapped individual, particularly where diverse and multiplicity of jobs exist and where reasonable freedom of labor placement is the accepted procedure.

Small Accepts Award

"Based on this experience, we can say to American industry — 'provide the disabled veterans with jobs which they can do, and when they have mastered them, they can fill their rightful place in our complex society and be a force for good to their employer and the community."

Harry S. Allen, national executive committeeman, American Legion, presented the certificate of appreciation to Small. In making the presentation, Allen said the Celanese Corporation displayed an outstanding record in the treatment of veterans and in the employment of physically handicapped persons.

All but 700 of the 5,000 Celanese workers who served in World War II returned to their jobs at the Amcelle plant, Allen said, adding the firm provided jobs for 400 additional veterans.

Jobs were made to order, he said, for 86 veterans who were injured to such an extent as to require special consideration, school leaves were granted to another 216 GI's and plant assembly lines changed to give good jobs to 260 other disabled veterans.

Among the other speakers at the affair were Commander John D. Carmen, Department of Maryland, American Legion; Mayor Thomas S. Post, Emery N. Cleaves, assistant to the president of Celanese Corporation, and William C. Walsh, former attorney general of Maryland.

Governor William Preston Lane, Jr., sent congratulations in a telegram read by Walsh which said: "On my behalf please extend both official and personal congratulations to the officials of the Cumberland plant of the Celanese Corporation of America on the adoption of the policy which merited the award. All Maryland is proud that this high honor and recognition has come to our state."

W. Va. Legion Commander To Talk At Piedmont

PIEDMONT, W. Va.—Donald R. Wilson, Clarksburg attorney, department commander and the first veteran of World War II to hold that office, will visit Kelly-Mansfield Post No. 52, American Legion, Wednesday, November 3, at 8 p. m.

He will also address the Tri-Towns Rotary Club at the weekly luncheon on that day and speak at Piedmont High School to the students at 3 p. m. He also will address the students of Potomac State School at 11 a. m.

Commander Wilson's law career was interrupted when World War II began and he enlisted as a private in the U. S. Army in June 1942. He advanced through the ranks and was discharged as a captain in October 1945. He now holds a reserve commission as captain in the Judge Advocate General's Department.

Upon discharge from service he returned to his former position with Steptoe and Johnson law firm in Clarksburg and became an active member of Roy E. Parrish Post No. 13. He was named Post Commander in 1946 and moved up as commander of the Third District in 1947. Wilson was elected department commander of the Legion at the state convention in Huntington on August 16, 1948.

He is active in the Lions Club, Red Cross and other civic organizations in Clarksburg, besides being a member of the board of directors of the State Crippled Children's Society. He is married and has two sons.

MRS. DECATUR MONTONEY

PARSONS, W. Va. — A funeral service was conducted at the family residence in Elkins for Mrs. Gettie Lee Montoney, 68, wife of Dr. Decatur Montoney, Elkins, who died at her home on Tuesday following an illness of two months. She had undergone an operation six weeks ago.

She was born at Harman November 28, 1879, a daughter of the late Jacob C. and Susan McDonald Harper, well known Tucker County residents, and is survived by her husband, two sons, Rockwood and Hansel, both at home; two brothers, Adam Harper, Elkins; Albert Harper, Nevada, and four sisters, Mrs. Mary Lawrence and Mrs. Elizabeth Cooper, both of Cumberland, Md., and Mrs. Virginia Montoney, Columbus, O., and Mrs. Kitty Harrison, of California.

Interment was in Maplewood Cemetery.

SGT. KEITH SELDERS

PARSONS, W. Va.—The body of Sgt. Keith Selders, 20, arrived in Davis Tuesday evening where it will remain until this afternoon at the Wayne C. Spiggle Funeral Home.

Sgt. Selders was born in Aurora, September 21, 1924, a son of Thurman and Nellie Winters Selders, and was graduated from Aurora High School and completed one year at West Virginia University before entering the service January 3, 1944. He received his training at Camp Gordon Johnson, Fla., and was sent overseas in August 1944. He was killed in action in Belgium January 20, 1945.

Surviving are his parents, four brothers, Duard, Cecil and Gerald Selders, all of Fairmont, and Billy, at home; his maternal grandfather, A. C. Winters, Mountain Lake, Md.; and his paternal grandmother, Mrs. Etta Selders, Horseshoe Run.

The body will be taken to the Lutheran Church at Aurora for a service at 3 p. m. today with Rev. Harold L. Hann, pastor of the Lutheran Church of Fairmont, officiating. Interment will be in Aurora cemetery with full military rites conducted at the grave by members of Terra Alta American Legion Post No. 154, and Terra Alta Veterans of Foreign Wars Post.

Vo-Ag Enrollment Is High At Parsons

PARSONS, W. Va. — The vocational agricultural department of Parsons High School, first started in 1918 as a part time course, has steadily grown until today the enrollment is 88 boys.

Cecil M. Stalnaker is instructor for the boys whose club has ranked in the first ten of the state in terms of enrollment for several years. Glen K. Henry is now employed as part time shop teacher.

The Parsons Future Farmers of America, chapter now has 92 members with Don Good as president; Kenneth Myers, vice - president; Dale Stiles, reporter; Don Poling, treasurer; Fred Simmons, secretary; Billy Batch, sentinel and C. M. Stalnaker, advisor.

Heads Church Group

PARSONS, W. Va.—Miss Salina Massi was elected as prefect of the Blessed Virgin Sodality of St. Thomas Catholic church at a meeting held recently in the school gymnasium.

Other officers are Miss Antonio Jeran, vice prefect; Miss Mary Feruso, secretary-treasurer; Miss Barbara Colabrese, first counsellor; Miss Dorothy Staron, second counsellor, and Miss Patricia Persutti, third counsellor.

Masquerade Dance

BERYL, W. Va.—A masquerade dance will be held at Beryl Fire Hall tomorrow night from 8:30 until 11:30 'clock. "Nick and Case," accordionists, will provide music for dancing.

Honor County Agent

PARSONS, W. Va.—County Agent A. L. Kidd was honored at the meeting of the Thomas Parent-Teacher Association Thursday. Kidd has resigned to accept a position in New Jersey.

The program was sponsored by Miss Mary Colabrese, James Griffith, Mrs. Nelle Crossland, Ernest Knaggs, Mrs. Viola Martin, Mrs. Bessie Moran and Clyde Arnold, Jr.

Reardon Cuppett, county superintendent of schools, was guest speaker and Stelman Harper, principal of the school introduced "Capt." Kidd who made a short talk. A tribal assembly was held by the Mingo, Delaware, Seneca and Cheroke tribes of the school which included stunts, songs and yells for their leader.

Safety Features Are Endorsed At Midlothian Mine

A Federal coal mine inspector has endorsed several recent beneficial changes and some commendable safety features in the McNitt No. 2 mine at Midlothian, Allegany County, and proposed further ventilating precautions and other safeguards in a report released today by the Bureau of Mines. Operated by the McNitt Coal Company, the mine employed 18 men and produced 60 tons of coal daily when P. M. Shay reinspected it in September.

Between-inspection improvements included more air in circulation, and preshift and weekly examinations for gas and other hazards. Inspector Shay also suggested improving the air in which men work or travel when it contains more than ¼ of 1 percent carbon dioxide, an air lock on the main haulageway large enough to contain an entire trip, installation of the ventilating fan on the surface in acordance with the Federal Mine Safety Code, substantial and incumbustible main-entry stoppings, driving crosscuts between rooms at approved intervals, and constructing an air crossing at the intersection of the intake and return airways to eliminate recirculation of air.

He also endorsed adherence to a systematic timbering method, frequent roof-testing, use of permissible explosives and permissible blasting units for on-shift blasting, adequate fire-fighting equipment, and the clean shelter holes.

Other recommendations called for refraining from smoking in the mine, exclusive use of permissible electric cap lamps underground, added electrical and mechanical safeguards, and the use of approved-type goggles for all eye-hazardous work.

Recent improvements also included the wearing of protective footwear by most workers, keeping the permissible blasting units in permissible condition, and progress in developing an additional escapeway.

Fire Extinguished

PIEDMONT, W. Va.—Tri-Towns Fire Company No. 1 responded to a fire alarm Wednesday afternoon at the Morgan building on Childs Avenue. James Harrison stated it was caused by wire between the walls and ceiling of the first floor.

Allegany Loses Dicken, Kickoff Star, For Game

Undergoes Operation On Eve Of Contest

RECORDS OF THE TEAMS

Allegany High School's unbeaten and untied football team received bad news on the eve of its contest with Martinsburg (W. Va.) when Donald "Jay" Dicken, kickoff specialist and extra point booter, yesterday was taken to Memorial Hospital where he underwent an appendectomy.

Dicken, who suffered a sprained ankle earlier in the season, returned to the AHS lineup in last Friday's game at Clarksburg. Prior to suffering this injury Dicken had been alternating at the right halfback position with Sluss.

Pence Has Replacements

Coach Bob Pence last night said that he may use Blaine Morton for kickoffs while Bob Schramm will do the place-kicking for points after touchdown. Dicken had already kicked 12 extra points while Schramm has converted 10 times.

Neil Grayson is slated to start at right guard in place of Bill Harter who suffered a badly split lip and lost a tooth in the game at Clarksburg last week. Seven stitches were required to close the gash in Harter's lip.

Allegany will be shooting for its seventh consecutive victory when it battles Coach John C. Cobourne's Martinsburg Bulldogs tonight at 8 o'clock at the stadium.

Defeated four times in six starts, the Bulldogs recently held Fort Hill to a 19-0 score in the West Virginia city and may provide stiff opposition for a favored Blue and White eleven.

Bulldogs Crippled

Coach Cobourne reports that at least four regulars will be unable to play on account of injuries. The injured players include Fullback Miller and Halfback K. Hovermale. Martinsburg lost 22 out of 26 players from last year's squad and this year's team is "green," according to Cobourne.

It will mark the twenty-third meeting of the Campers and Bulldogs. Allegany holds a 13 to 8 edge in the series. One game ended in a tie.

The probable starting lineups:

Pos.	Martinsburg	Allegany

Pep Installed 1 To 3 Favorite In Title Scrap

Feather Champ Faces Saddler In 15-Rounder

By JACK HAND

NEW YORK, Oct. 28—(AP)—Willie Pep, as consistent as Citation, is a 1 to 3 favorite to whip Sandy Saddler, lean Harlem Challenger, in a 15-round defense of his world featherweight boxing championship tomorrow night at Madison Square Garden.

The bout, marking the return of boxing to the Garden after a month of wild cow milking and yipee-ki-yi-ing by the rodeo clan, has been catching on at the box office. Some 12,000 fans are expected to pay $65,000 to see this first title venture of Harry Markson, new managing director of the 20th Century Sporting Club.

Neither the 26-year-old champion from Hartford, Conn., nor Saddler is expected to have any trouble making the 126-pound class limit. Both will weigh in at noon tomorrow at the offices of the New York State Athletic Commission. Pep was 126 when he finished work and Saddler 126½.

Despite the heavy odds on Pep, there is strong support for the stiff-punching Saddler who has been coming on fast in the last two years. Pep has been accused of ducking Sandy, a tall thin operator with reach and height in his favor. He's 5 ft.-8 ins to 5 ft. 5¾ for Pep.

The Saddler boosters point to his superior hitting power as attested by his record of 63 knockouts in 93 fights. However he has been beaten six times, once last June by Chico Rosa in a disputed split decision at Honolulu. Another loss, this in 1947, was to Humberto Sierra, the capable Cuban who was stopped by Pep at Miami last February.

Beau Jack Kayoes Eric Boon In 3rd

Former British Champ Faces Saddler In 15-Rounder

WASHINGTON, Oct. 28—(INS)—Beau Jack, ex-light weight titleholder, scored a smashing technical knockout over British welterweight Eric Boon tonight in the third of their scheduled ten-round bout.

Jack had Boon, former holder of the British lightweight and welterweight titles, in trouble almost from the start.

The end came at 1 minute and 21 seconds after the third began. Only a moment before, Jack sent the Britisher down for a count of nine under a terrific barrage of lefts and rights.

After the first round Jack was able to hit his man almost at will. He continually measured and connected with looping right uppercuts and power-packed roundhouse blows.

Jack drew blood from Boon's nose and mouth during the second round, and had him glassy-eyed on several occasions. Boon's trainers failed to completely stop the flow of blood before the third round began.

Mounties To Unveil New Grid Scoreboard

MORGANTOWN, W. Va., Oct. 28—The new electric scoreboard to be unveiled at Mountaineer Field Saturday for the West Virginia-South Carolina homecoming game is all steel constructed and measures 15 feet in height and 34 feet in width.

Sixteen fluorescent tubes provide illumination for permanent signs, while there are 508 60-watt Mazda lamps operated by 207 relays involving some 1,200 soldered connections. Between the scoreboard at the open end of the stadium and the press box, where the board will be controlled by a master panel, there are 102 wires in 550 feet of lead covered cable.

The modern scoreboard, replacing an outmoded wooden structure, is the gift of Thomas E. Hillsop, president of Weirton Steel Cmpany and member of the University Board of Governors.

Finders Keepers

DETROIT (AP) — Possibly because they generally keep them anyway, the Detroit Lions of the National Football League have decreed that fans at their games may retain any footballs kicked into the stands during a game. Lion players will even autograph the footballs after the games. The ovals retail at about $18 each.

Still Talking About AHS — **Sutherland vs. Chapman**

Pence Stresses Neatness — **Widmyer's Record Is 9.8**

By C. V. BURNS

Fans are still talking about that Allegany team that whipped Roosevelt-Wilson last Friday night, according to Sports Editor Cornwell of the Clarksburg Exponent.

"Some feel that at least three of the Cumberland players would be strong candidates for all-state if they were on a West Virginia high school team," Mr. Cornwell writes.

"They are Earl Bruce, the speedy fullback; Left Halfback Abrams, the hard-driving ground gainer, and Center Ruehl, who was in on a number of the tackles. Another possibility would be Left End Vernall, who did the passing."

●—●—●

Now that Jim Ruehl has made all-state teams in Maryland and West Virginia there is only one more move for him to make—the All-America.

The manner in which the AHS team came to attention during the playing of the National Anthem also struck Mr. Cornwell with more than little significance.

"With the sounding of the first notes of the Star Spangled Banner out at Washington Irving Field Friday night, the players of the Allegany squad snapped to attention, faced the music and held their helmets in hand over their hearts," Cornwell wrote.

"There is no secret to that, though, for Coach Bob Pence was an officer in the Army during the recent fracas."

●—●—●

Coach Pence firmly believes that his boys should "dress up" before and after games away from home.

Before the team left for Clarksburg last Friday he instructed all players to wear neckties and "look like gentlemen" before and after the game.

Which reminds us that Joe McCarthy issued the same orders to his players when he managed the New York Yankees.

Whenever one of his players was careless about the manner in which he dressed McCarthy would call him on the carpet and say:

"Remember son, you are playing for the New York Yankees."

When St. Vincent College's Bearcats meet St. Francis College of Loretto, Pa., Sunday at 2:15 p. m., at Latrobe, two Cumberlanders will be facing each other.

Francis Chapman, 6-foot-2, 220 pound giant, who plays right tackle, and is the spearhead of the St. Francis club, will come face to face with Bill Sutherland, the Bearcat end from Cumberland.

According to word from Latrobe, Sutherland is quoted as saying:

"Our friendship will cease for 60 minutes on Sunday."

●—●—●

Sutherland and Halfback Mickey Puskar are leading St. Vincent's team in scoring with 18 points each.

Coach Jim Tatum of the University of Maryland paints a dim outlook for the future of college football in the Washington area unless spectator attendance greatly increases.

He predicts big name teams will stop coming to the capital to play Maryland, Georgetown and George Washington if "we don't get more people in the park."

"I don't see how we're going to get a schedule in here unless we can show teams a big check for their part in the game," Tatum said.

"I was talking to Kansas and they said they couldn't see fit to come back to Washington again. They said they could do better to stay at home.

"Teams of the type you want to see play here—Alabama, Tennessee, etc.—have told us that they are waiting to see what our receipts are for the North Carolina and Duke games this year.

"The local coaches are not looking for easy games. When we get more people in the park we'll get bigger teams."

Charles "Pete" Ketterman, backfield ace of Coach Homer Brooks' Parsons High School Panthers, is the leading scorer in the tri-state district to date with 90 points to his credit. He also heads the scoring parade in Central West Virginia scholastic ranks.

Washington's Notre Dame Club is throwing a "victory dance" after the Notre Dame-Navy game on Saturday.

Which reminds us that Brother Gregory, moderator of athletics at LaSalle, didn't do so bad as a prognosticator when he heralded the LaSalle-St. Justin's tilt as a "Victory Night" game.

P.S. LaSalle won.

Jimmie Angellatta called the other evening and wanted to know Earl Widmyer's state record for the 100 yards dash set about 18 years ago at Baltimore.

Foy Adams Curry, the Dean Cromwell of track and field coaches in this section, had the figure on his cuff. The former Hagerstown High ace ran the century in 9.8 seconds.

The world's record for the 100 is .9.4 seconds and is shared by five athletes — Frank Wykoff, Jesse Owens, Claude Jeffrey and George Simpson of the United States and D. J. Doubert of South Africa.

The national interscholastic record is the same and was set by Jesse Owens of East Tech High, Cleveland, in 1933 at Chicago.

●—●—●

Mr. Curry, who is now assistant principal at Allegany High School, points out that there are two state records held by AHS athletes and both were set by present football coaches.

Fred "Tack" Clark, Keyser High mentor, leaped 21 feet, 10½ inches in the broad jump and Jim Gaffney, LaSalle coach, turned in a record of 48 feet, 9 inches in the shot put.

Since the state board of education changed the athletic set-up in recent years, however, these records were either lost or forgotten in the shuffle.

At the beginning of this National Football League season, Sammy Baugh of the Washington Redskins had tossed 128 touchdown passes since he joined the loop in 1937.

Stanky Says Tribe's Keystone Combination Was Series Standout

MOBILE, Ala., Oct. 28 (AP)—The double-play work of Lou Boudreau and Joe Gordon was the standout performance of the 1948 world series in the opinion of Eddie Stanky.

Eddie Stanky

"It was the best double play combination I've ever run up against," the Boston Braves' pepper-pot second sacker told a group of shipyard employes at a community chest rally today.

That was quite a concession for a guy who is rated pretty high himself as a double-play artist alongside Alvin Dark, the National League's rookie of the year.

Rested up from the series after 10 days of loafing and fishing at his place on Mobile Bay, Stanky said he planned to condition his injured ankle with rounds of golf during the winter months at his home here.

Maryland Plays Miami Tonight In Orange Bowl

Terps Arrive By Plane, 35,000 To Witness Tilt

MIAMI, Fla., Oct. 28—(AP)—Maryland's hepped-up Terps, with a New Year's day vacancy on their schedule, arrived by plane today to meet the University of Miami football team in the Orange Bowl tomorrow night.

In a land where every visiting team with a halfway record is looked upon as a Bowl possibility, the Marylanders were in for a screening and every indication of a victory.

A crowd of 35,000 to 40,000 fans is expected to watch the contest. Cool weather has prevailed all week and the Terps are not expected to be bothered by heat.

Coach Jim Tatum brought 32 players down from College Park. They moved into a downtown Miami hotel.

Maryland has quite a record: four victories and a 13-12 loss to Duke. They're one of the Southern Conference's pride and joy right now.

The Hurricanes haven't been as fortunate. They beat little Rollins, lost to Villanova, upset Detroit and lost to Georgia. They've scored 62 points to their opponents' 61.

Maryland has victories over Richmond, Delaware and Virginia Tech, and George Washington. They've collected 127 to their opponents' 13 points.

Andy Gustafson, former Army backfield coach, now heading the Hurricanes, declared "Maryland has one of the best offensive clubs which will play in the Orange Bowl this season. I rank the team equally as strong as Georgia."

Gustafson announced that Harry Ghaul, veteran Miami fullback, would start. He gave a bangup performance against Georgia last Friday. Georgia won 42 to 21.

The Hurricanes, who play all of their games at home with but one exception, because of their 60,000-seat stadium, have been working on a defense to stop Maryland's split T. The Hurricanes themselves use the Army T installed by Gustafson.

"That Maryland split T attack will drive you nuts," said Gustafson.

It'll be homecoming for the Miamians. There'll be a half-time show with floats, bands and the usual large number of drum majorettes. The Hurricanes are Miami's pet, and the town usually turns out en masse to lend their support. These same fans stayed home when the Miami Seahawks of the All-America Conference tried to bring professional football to the city. Baltimore now owns the franchise. Miami isn't in any conference. It wouldn't mind belonging to the Southeastern.

VFW, Amvets, Century And Viaduct Inn Win In Shuffleboard Loop

The Cumberland Amvets, Viaduct Inn, the Century A. C. of Frostburg and Cumberland V.F.W. were returned winners in Allegany Shuffleboard League matches held last night.

Amvets took two out of three from Stadium Inn of Frostburg at the Amvets' Home. George Geatz of the locals and Rice of Frostburg were tied for high score with 21 points each.

Viaduct Inn scored a 2-1 victory over the Military Order of the Purple Heart. J. Willetts of Viaduct and E. Scherch of Purple Heart posted scores of 31 each.

The V. F. W. swept all three games from Fort Cumberland Post, American Legion. James Robinson was high man for the winners with 33 while Shober had 25 points for the Legion.

At Frostburg the Century A. C. blanked Cresap Tavern, 3 to 0. Harry Frost and Charles Morgan paced the victors with scores of 26. R. Hazelton led the Tavern team with 20 tallies.

Bets Net $600,000

LONDON, Oct. 28 (AP) — J. B. Townley, owner of Sterope who yesterday won the Cambridgeshire Stakes, collected his $600,000 in winning bets today but declared that "betting is a fool's game."

"I think I'll go in for breeding now," he added.

Gene Bearden Is Voted AL Rookie Of The Year

Tribe Southpaw Joins Dark As Frosh Stars

By JOE REICHLER

NEW YORK, Oct. 28 (AP) — Gene Bearden, the tall southpaw of the Cleveland Indians, was voted today the American League's rookie of the year

The cool 28-year-old knuckleball artist who hurled the Tribe to the American League pennant in the epic playoff game with Boston at Fenway Park, thus joined up with Shortstop Alvin Dark of the Boston Braves as the frosh standouts of their respective circuits.

Both received the accolade in an Associated Press poll of 220 baseball writers throughout the country, while Dark had an easy time of it, beating out Richie Ashburn, 160 votes to 57 for the Philadelphia Phillies outfielder. Bearden had strenuous competition from the Red Sox's Billy Goodman.

It was close right down to the last vote. Bearden was named on 90 ballots to 88 for the Sox young first baseman. In all, 11 players were given support for the American League's top rookie, in sharp contrast to the National League balloting which contained only five names.

Third place in the junior circuit's balloting went to Lou Brissie, southpaw pitcher of the Philadelphia Athletics. The war hero drew 15 votes to 12 for Satchell Paige, the ageless Negro righthander of the Indians.

No other player received more than four votes. They were scattered as follows: Bob Porterfield, New York Yankees' pitcher, 4; Mel Parnell, Red Sox southpaw, 3; George Vico, Detroit first baseman, Larry Doby, Cleveland outfielder, and Johnny Lipon, Tiger shortstop, 2 each; and first baseman Hank Arft and pitcher Ned Garver, both of the St. Louis Browns, 1 apiece.

Doby was not listed among the eligible for rookie honors since he played in a sufficient amount of games in 1947. That undoubtedly, was the reason for his low total. The poll was completed before the start of the World Series in which Bearden played such a prominent rloe, winning a shutout game and saving another with expert relief hurling.

Only others besides Dark and Ashburn to receive support in the National League vote were pitcher Robin Robert and Outfielder Johnny Blatnik of the Phils, and outfielder Hank Sauer of the Cincinnati Reds. Each received just one vote.

ALVIN DARK GIVES CREDIT TO ED STANKY

LAKE CHARLES, La., Oct. 28 (AP) —Tall, well-knit Alvin Dark was quick to credit Ed Stanky when told the Associated Press poll had voted him National League rookie of the year.

"I kept thinking about Ed Stanky and how he told me I could make it in the big leagues if I tried," commented the Boston Braves shortstop.

"Maybe I wouldn't have made it without Stanky. And maybe," he added reflectively, "If I had been with the Phillies and Richie Ashburn had been with the Braves, he would have made it instead of me —this rookie of the year business, I mean."

Hoppe Will Defend Three-Cushion Title

CHICAGO, Oct. 28—(INS)—The Billiard Congress of America today announced that Willie Hoppe will defend his world's three-cushion billiards title in a four-handed round robin tournament at Chicago's Navy pier next February 11 through 14.

Hoppe's opponents will be the three top finishers in a national three-cushion tourney, to be held at Navy pier in conjunction with a national pocket-billard meet Feb. 4-10.

NEW YORK, Oct. 28 (AP) — Welterweights Tony Pellone of New York City and Rocco Rossano of Brooklyn have been signed for a 10-round bout at St. Nicholas Arena on Nov. 5.

Plans For Turkey Day Game Ticket Sale Are Announced

Demand Will Exceed Tickets Available

Ralph R. Webster, principal of Allegany High School, last night announced plans for the sale of tickets for the annual Thanksgiving Day football game between A.H.S. and Fort Hill.

There are 4,800 seats in both the concrete and wooden stands, 3,100 and 1,700, respectively.

This year Allegany will occupy 3½ sections of the concrete stands and Fort Hill will have the wooden stands and the remaining one-half of the concrete stadium.

One half of each school's share is allotted to students only, thereby leaving about 1,200 adult seats for distribution on the part of each school.

Special tickets were sold at the beginning of the season entitling holders to make early reservations. These plus the tickets allotted to parents of members of the squad cut heavily into adult sections.

Reservations for the special season ticket holders will be made beginning Monday, November 1, and continuing through Friday, November 5. The remainder will be sold upon written application being made to the two schools.

In order to assure as wide a spread as possible it is suggested that requests be limited to two tickets. School officials suggest that written requests be made so that the single telephone line going into the schools will be left open for the transaction of school business. These requests will be filled in order of their receipt beginning Monday, November 8.

Plans are now being made to provide additional seating capacity by setting up hundreds of chairs on the ground level. Also efforts are being made to secure sections of portable bleachers. The demand is definitely going to exceed the number of tickets available, thereby, disappointing many. Requests for reservations will be filled in the permanent stands and temporary sections until all seats are sold.

Principals of both schools are sorry that seats cannot be provided for all who wish to attend.

Central, Bruce Meet Today For Booting Crown

Barton Battles Accident At Frostburg On Nov. 5

Bruce High School of Westernport, current leaders by a single point, and Central High School of Lonaconing, runners-up, will battle it out for the championship of the W.M.I. Soccer League today at Memorial Park Westernport.

A victory or tie will give Bruce the title but a defeat will give Coach Johnny Meyers' team the championship by a single point margin in the standings.

In another league finale set for today, Beall High School will play Flintstone on the latter's field.

If Bruce wins today's game it will represent Allegany county in the state Class "C" tournament as it already holds a 1-0 decision over the Lonaconing eleven. However if Central wins a playoff game with Bruce will be necessary to determine which of the teams will compete in the state games. The final standings do not determine the representative for tournament play.

Barton Plays Accident

Arthur G. Ramey, supervisor of pupil personnel for Allegany county schools, announced last night that Barton High, Allegany's Class "D" representative, will meet Accident High of Garrett county in an inter-county game Friday, November 5, at 2 p. m. on Frostburg State Teachers' College Field. If Barton wins it will play Washington county's representative Tuesday, November 9 to 2 p. m. in Hancock. If Accident wins it will play the Washington county eleven November 9 at 2 p. m. in Frostburg for the title of District No. 1.

Central or Bruce will play Boonsboro in a Class "C" inter-county game Monday, November 8 at 2 p. m. in Hancock. The winner will represent District No. 1 in the remaining states games.

Beall Is Unchallenged

Beall is Allegany county's representative for District No. 1 as no Class "A" schools are competing in the four Western Maryland counties.

Bert Bell Reports NFL Is "Healthy"

Says Money In Drawer Is What Really Counts

PHILADELPHIA, Oct. 28 (AP) — Commissioner Bert Bell took a peek at the figures on the National Football League cash register today and came up with the confident announcement "we're healthy."

The figures, Bell said, show total gate receipts of $1,800,000 for the first 26 games. The commissioner admitted the total is "a little less than three percent below the same 26 games in 1947 — but close enough that this Sunday or any other Sunday we could pick up and go ahead of the 1947 total."

Bell said he was talking money "just to knock down some of these wild reports that the National Football League is a losing proposition." He didn't say so specifically but it was obvious he had in mind some recent blasts from the rival All-America Conference.

Only last Monday Admiral Jonas Ingram, Bell's counterpart in the AAC, endorsed statements that "some clubs" can't survive unless the AAC and NFL get together on such matters as a common-player draft and coordination of schedules.

But talking to reporters today at the weekly luncheon of the NFL's Philadelphia Eagles, Bell sniffed at any inference of weakness on the part of the NFL or retreat from its long-standing position of refusing to recognize the AAC.

Bell, who has an intimate recollection of what is important to a football franchise owner — "was an owner once myself," he recalls — said he wasn't paying any attention to attendance figures on the basis of the number of people in the park.

"All I want to know, and all that really counts, is the number of dollars in the drawer," the commissioner contended.

"On that basis we're in good shape, especially when you take into account that money is tighter all along the line than it was in 1947."

Conference Elevens Clash In Ridgeley

RECORDS OF THE TEAMS

Ridgeley		Romney	
32-Petersburg	6	34-Berkeley Spgs	6
6-Allegany	46	6-Charles Town	0
6-Keyser	0	30-Franklin	0

38-Totals	82	—	—
		128-Totals	19

Badly crippled by the loss of three key players who are out with injuries, Romney High School's undefeated eleven will attempt to keep its record unblemished when it meets Ridgeley High School in an important Potomac Vally Conference game today at 3:15 p. m. on the Ridgeley High School Field.

Coach "Dick" McElwee of the Pioneers, who have won six consecutive games, reported last evening that Bob Sirk, right halfback, and leading scorer in the P.V.C.; Dan Wagoner, end, and Bob Maphis, guard, are definitely out of today's game on account of injuries.

Comer To Return

Ridgeley's lineup will be strengthened by the return of Roy Comer, who suffered a deep gash in his head when he collided with Bob Raines before the Fort Hill game, Coach Jesse Riggleman also plans to start Williams or Wright at tackle in place of Gene Krampf who is ailing.

The game is a battle for first place in the conference. Ridgeley's conference record is two wins, no defeats and one tie. Romney has won two conference contests in as many starts. The Blackhawks lost to Fort Hill and Allegany in non-conference games.

Officials for the game will be "Bobby" Cavanaugh, referee; Dan Staley, umpire, and John Blough, head linesman.

Keyser At Moorefield

In another P.V.C. contest on tap for this afternoon, Coach Johnny Paugh's Moorefield High School Yellow Jackets will play hosts to Keyser High School.

At Parsons, Coach Homer Brooks' Panthers will battle Terra Alta High School of Preston County.

Petersburg's Vikings will invade Berkeley Springs to play Berkeley Springs High Indians while Franklin High is scheduled to play Elkins High's "B" team in Elkins.

Probable lineups for the Ridgeley-Romney game:

Pos.	Ridgeley	Romney
LE	Cornelius (55)	Everett (93)

Docusen, Bratton Fight At Chicago

Welterweight Scrap May Attract 12,000

CHICAGO, Oct. 28—(INS)—Bernard Docusen, number one welterweight challenger from New Orleans, La., takes on Chicago's Johnny "Honeyboy" Bratton in the 10-round feature go at Chicago Stadium tomorow night.

A crowd of 12,000 is expected to watch Docusen, an 8 to 5 favorite, mix punches with the home town favorite, with the winner a likely candidate for a shot at Ray Robinson's title.

The supporting card includes eight-round matches between Vince Foster, hard-punching Omaha 150-pounder, and Jimmy Sanders of Louiseville; featherweights Harold Dade of Los Angeles and Charley Riley of St. Louis; and featherweights Jackie Graves of Minneapolis and Proctor Heinold of Oklahoma City.

Promoters Irving Schoenwald and Jack Begun said tonight they expect to gross $50,000.

BOSTON BRAVES RELEASE McCORMICK, WHITE

BOSTON, Oct. 28—(INS)—The Boston Braves announced tonight the unconditional releases of first baseman Frank "Buck" McCormick and pitcher Ernie White.

General Manager John Quinn said both have been informed they could have jobs with the Braves' organization if they wanted them.

McCormick's home is in Manhassett, Long Island. He came to Boston May 14, 1947, and hit .333. During the past season his batting fell off to .250.

White lives in Lacalet Hills, S. C. In three years with the Braves he won one and lost three, being handicapped with a sore arm. He served as a coach during the 1947 season.

Topped A Hundred

MIAMI (AP) — When Fullback Bob Campbell picked up 118 yards in 12 scrimmage tries against Rollins recently, he became the first University of Miami football player to gain more than 100 yards from scrimmage in one game since Walter Watt ran for 122 against St. Louis in 1942.

Citation's Owners To Collect $10,000 For "No Contest"

Calumet Ace Is Unopposed At Pimlico

Will Run Between 5th And 6th Race

By JOHN CHANDLER

BALTIMORE, Oct. 28 (AP)—They closed the entry box for the Pimlico Special today, and, as expected, the name of only one horse was in it—Citation.

The Calumet Farm flyer is going to breeze around a mile and three-sixteenths of Pimlico race track tomorrow afternoon, all by himself and Jockey Eddie Arcaro. Not another nag in the nation wants any part of it.

When Citation gets back to the finish line, the Maryland Jockey Club will have $10,000 waiting. It is the easiest ten grand Calumet ever picked up—with one exception. The same thing happened when Whirlaway had a $10,000 walkover in the 1942 Special.

Pimlico's management has underlined the "no contest" verdict by making the special an extra event. Citation will do his jogging between the fifth and sixth races on tomorrow's program and another run has been added to make it a full eight-race card.

Spread-Eagles Opponents

"I think it's a standout climax to a big year for a great horse," said Trainer Jimmy Jones.

"The fact that he has spread-eagled all his opponents and comes up to a race designed to determine the championship of the season and nobody wants to meet him is a fine tribute to his greatness.

"This is one of the nicest endings a horse could have to be a sensational season."

For Citation, it will be his 18th trip to the post since his first start of the year at Hialeah Feb. 2. In his amazing sweep of the American turf, the three-[illegible]-old colt has wrapped up just about every honor available.

He hasn't raced here since he won The Preakness, middle jewel in racing's triple crown, last May.

He has earned for owner Warren Wright a grand total of $820,250 in his two years of racing, $644,570 of it this season alone in a record-shattering performance. Only Stymie, with $911,335, is above him in the list to top money-winning horses of the world.

Beat Other Eligibles

Strangely, Stymie had the last walk-over in this country — the Saratoga Cup in 1946. That was the second richest walk-over, worth $6,125.

A score of other horses were eligible for the Pimlico Special, having won certain designated races. All got handsome engraved invitations, but all graciously declined. Citation had beaten most of them one or more times.

Coach Earl Blaik — Winfield Scott — Bobby Stuart — Bill Gustafson

Rudy Consentino — Bill Yeoman

ARMY GETS GOOD START—With Earl "Red" Blaik in his eighth season as coach of the United States Military Academy team, the Cadets are headed for another big season. Army has won five straight and from here on in meets V. P. I., Stanford, Penn and Navy. Army has a veteran team captained by Bill Yeoman, center, and offensively led by a speedy backfield which features Arnold Galiffa and Bill Gustafson at the quarterback spot, Bobby Stuart and Winfield Scott at the halves and Rudy Consentino at full. Gil Stephenson, soph fullback, sparkled in the Cadets' victory over Harvard, scoring all three Army touchdowns.

INJURED IRISH BACKS ARE LEFT AT HOME

SOUTH BEND, Ind., Oct. 28 (AP)—Left Halfback Terry Brennan and Mike Swistowicz, No. 2 fullback, were conspicuous stay-at-homes today as the Notre Dame squad left for Baltimore and its game with Navy Saturday.

Both men were injured in the Iowa game last Saturday, Brennan getting a bruised knee and Swistowicz a torn hip muscle.

The Irish will attend mass at Catholic University in Washington tomorrow morning and will practice in Baltimore Municipal Stadium in the afternoon.

Baltimore's Quickie Ordinance Against "Scalping" Is Invalid

Judge Joseph Sherbow Hands Down Decision

BALTIMORE, Oct. 28 (AP)—Judge Joseph Sherbow stamped "invalid" today on Baltimore's quickie ordinance against football ticket scalpers.

He said the facts show it was passed especially on account of the game here Saturday between Navy and Notre Dame.

It should be possible to frame a valid ordinance against scalping, Judge Sherbow ruled, but a fast job rigged up by the city council Monday night has holes in it. For one thing, it deals only with football tickets.

The judge said it also is within the power of the U. S. Naval Academy to correct the situation which has arisen on the Navy-Notre Dame game, for which 60,000 paying guests are expected.

He pointed out the Navy Athletic Association sold midshipmen as many tickets as they wanted and it is understandable that some of the Middies "might succumb to temptation as some have in the past."

He also called attention to testimony that the athletic association sells large blocks of tickets without any particular checkup to see that they are not going to speculators.

George L. Deininger, assistant treasurer of the association, testified it did not knowingly furnish tickets to anyone reselling them.

The Naval Academy took a hand in the case with the plea that a midshipman disciplinary problem is involved.

It asked and received permission to intervene in a suit brought by a ticket agent to test the city's new anti-scalping ordinance.

"Speculators have connived with students in schemes to get large numbers of tickets," said an attorney representing the Navy. "It has created a serious disciplinary problem."

The suit was brought by Max Cohen of East Orange, N. J., who set up shop in the downtown section last week and offered Navy-Notre Dame tickets.

The city council, acting under emergency rules, passed on Monday a new ordinance prohibiting the resale of football tickets at prices higher than those printed on their face. It was signed into law Tuesday.

Joe Louis Will Box Mitchell In Detroit

DETROIT, Oct. 28 (INS)—Detroit Matchmaker Nick Londes today announced heavyweight champion Joe Louis will box Vern Mitchell of Highland Park, Mich., in a six-round exhibition bout in Detroit, Nov. 19.

The bout, to be staged at the Olympia Stadium, will be supported by an all-star card.

Mitchell, who weighs 200 pounds, has been ranked among the best heavyweights of today.

The appearance will be Louis' first in Detroit since he knocked out Johnny Denson in a three-round exhibition in Olympia, November, 1944.

High Scorer

NEW YORK (AP) — Carl Braun, leading scorer of the New York Knickerbockers of the Basketball Association of America, is used to that role. He holds the all-time Long Island high school cage scoring mark, set while he was at Garden City high, of better than 23 points a game. At Colgate he set an all-time scoring mark for the school. And last season he chalked up 47 points in a game against Providence for the BBAA single game scoring mark.

Beall Grid Teams Of 1911-14 Hold Reunion Dinner Tonight

Tom Burns To Captain Gobblers In Contest With Army Tomorrow

BLACKSBURG, Va., Oct. 28 — Tom Burns, former Allegany High School athlete of Cumberland, Md., has been chosen by Coach Robert C. McNeish to lead the V.P.I. Gobblers against the United States Military Academy Saturday at Mitchie Stadium. Burns is a senior.

Burns suffered a broken hand against Virginia in the second game of the season and has been on the shelf since that time. The cast was removed from his hand last week and scrimmage sessions this week have shown him flashing his early season form. He has experienced trouble centering the ball with the still weak hand, so will probably be used at guard on offense. His understudy, Joe Church, has been playing steady ball and with the re-injury of Bob Taylor's knee, Burns can be used at either position with advantage.

The 20-year old game captain is six feet in height and weighs 195 pounds. This is his third year as a regular center at Tech, having entered school in 1944.

Drake Tackle Is Leading Scorer

DES MOINES, Oct. 28—(AP)—For a big fellow who never carries the ball Dick Steere is doing all right in a scoring way — he's leading Drake's pointmakers.

The Harvey, Ill., tackle has booted two field goals and converted on 15 of 18 kicks after touchdowns for a 21-point total.

Steere injured his left leg early in the Colorado A. & M. game last week but came off the bench to kick four points after touchdowns and a fourth quarter field goal.

Woodhouse Rides Four Winners At Jamaica

NEW YORK, Oct. 28 (INS) — Hedley Woodhouse, Canadian jockey, rode four good-priced winners at the Jamaica race track today.

They were Ariel Sweep, $10.90; Flaming Lady, $17.10; Palestinian, $15.10; and Safe Arrival, $11.10.

Woodhouse's only other mount of the day ran out of the money.

Only last Monday, Pete Anderson, an apprentice, also had four winners at Jamaica.

Dr. Walter Jeffries Will Be Toastmaster

FROSTBURG—A group of former football players of Beall High School, representing the teams of 1911 and 1914 will hold a reunion here this week. They will be guests Friday, 6 p. m., at a dinner to be served at the Tally-Ho restaurant, with Dr. Walter E. Jeffries as toastmaster and C. Aden Hamill, Huntington, W. Va., captain of both teams as the host.

The living members of the teams are as follows: 1911, Walter Cook, Frostburg; Edgar Llewellyn, Midland; Robert MacMannis, Larchmont, N. Y.; Raymond E. Spitznas, Baltimore; August Hann, Fordland, Mo.; Marshall Pressman, Confluence, Pa.; William Stoke, Pittsburgh; Bruce Smith, Cumberland; Marcellus Llewellyn, Midland; Nicholas Metzger, Baltimore; James Fairgrieve, Wilkinsburg, Pa.; Aden Hamill, Huntington, W. Va.

1914, Edward Huntsman, Washington, D. C.; Philip Hartig, Frostburg; Louis Sluss, Frostburg; Herbert Gehauf, Wyalusing, Pa.; Willard Price, Toledo, Ohio; James Close, Frostburg; Dr. Russell Cook, Cumberland; Dr. W. O. McLane, Frostburg; Carl Wilson, New York City; Bernard Stanton, Michigan; Truman Kemp, Baltimore, Md.; Aden Hamill, Huntington, W. Va.

In addition to the members of the 1911 and 1914 football teams the dinner this evening will be attended by Arthur W. Taylor, principal of Beall High School, Coach Joseph Hoopengardner of the 1914 team and Darrell Stevens, Zihlman and Berl Plummer, Wright's Cross, co-captains of the 1948 Beall High School team.

The members of the 1911 and 1914 teams will attend the game to be played Saturday, 2 p. m., between Fort Hill and Beall High on the athletic field of State Teachers College.

The reunion of the two former Beall High teams was aranged by C. Aden Hamill, a son of the late Mr. and Mrs. Charles H. Hamill, Frostburg. His grandparents were among the pioneer residents of Frostburg. Hamill is the husband of the former Miss Eleanor Richardson, a Frostburg girl. He is the owner of the Hamill Coal Sales Company, with offices in Huntington, W. Va., and is president of the Sycamore Coal Company, Cinderella, W. Va. He and Mrs. Hamill reside at 6 Willow Glen, Huntington, W. Va.

Gay And Zalejski To Start For Irish

SOUTH BEND, Ind., Oct. 28, (AP)—Bill Gay and Ernie Zalejski were named today to share the left halfback position for Notre Dame in its game with Navy Saturday.

Jack Landry, sophomore, also may be shifted from right halfback to bolster left half. Terry Brennan, three-year veteran, is out with a knee injury.

The Irish concentrated on passing today. Frank Tripuka, Bob Williams and Gerry Begley did the throwing.

KEEPING UP WITH

HOLLYWOOD

By LOUELLA PARSONS

HOLLYWOOD, Oct. 28—(INS)—Frank Stockton's famous "Lady Or the Tiger," written 40 years ago and read by almost every school boy and girl in America, is headed for the movies. Of course the story is in public domain but this will be a modern version.

Louella Parsons

Don't think for a minute that Roy Del Ruth, who will produce the Stockton classic, got it free for nothing. He paid Anthony Coldewey $25,000 for his adaptation.

Roy says he will spend $1,750,000 to do right by the Stockton tale, and he would love to have Jack Carson for one of the fliers. You see how modern it is with fliers and all. The lady in the case is the same Indian princess named Alva.

Joan Crawford is spending her vacation in New York, and while she's there she will see Phoebe and Henry Ephron who are writing an original story with a New York background for her. Jerry Wald had the idea and suggested it to the Ephrons for Joan.

"Flamingo Road" was shot in seven weeks, and according to someone who saw the movie, it is another "Mildred Pierce," with all the vigor and excitement.

Mike Curtiz surprised everybody on the Warner lot by making "Flamingo Road" in the shortest time he's ever filmed a movie. Both he and Joan think David Brian, the new boy, did a great job.

Well, what do you know! Cartoonist George McManus, my old friend and colleague, is going to be starred in a movie story of his own life.

George, of course, is the beloved creator of "Bringing Up Father," and lately he has been playing a small role in "Jiggs and Maggie in Court" for Monogram. He turned out to be such a swell actor that Producer Barney Gerard is now writing an original screenplay for George to be called "Bringing Up McManus."

Tuesday is election day and every man and woman eligible to vote should cast his ballot.

Clarence Brown and Freddie Wilcox at MGM are giving all the actors in "The Secret Garden" time off to vote, and I hope every other studio will do the same.

Chit-Chat: Ted Stauffer, orchestra leader and at one time a great admirer of Rita Hayworth, is said to be on his way back from Acapulco after a harrowing experience.

Stauffer, who had taken charge of the Casanova-Reforma Hotel in Acapulco, fired three drunken waiters. They turned on him, tried to stab him, and he barely escaped with his life. According to an eyewitness, Stauffer feels he has had all he wants of fiery temperaments for a spell.

Snapshots of Hollywood collected at random:

Rita Johnson is improving every day and has been able to go fishing and boating, and it won't be long now before she'll be well enough to be questioned about her accident. But the doctors feel it should be postponed until she feels stronger.

Betty Hensel, who was Cary Grant's girl friend for so long, and Cliff Henderson, founder of the new resort, Palm Desert, are romantically minded. Betty is now one of Adrian's models, and a very pretty one, too.

Pat Boyer is getting ready to go east with her small son before Charles opens in "Red Gloves." They will live in New York during the run of the show.

A lucky fan by the name of Marsha Levisohn will wear the complete wedding ensemble Joan Fontaine wore in the opening scenes of "You Gotta Stay Happy." Marsha has been a fan of Joan's for years, and the gown, which cost $1,200, is Joan's wedding present to her.

Nina Talbot and Phil Foster, comedian at the Band Box, are an item.

Jane Russell's appearance at the photographers' ball as a blonde was only a preview. She's blonde in "Montana," her next picture.

Mae West's diamond bracelet almost dazzled the performers at Slapsy Maxie's, it's so big. She was with Attorney Stanley Greis.

That's all today.

Cases Settled Out Of Court

Two Circuit Court civil cases were settled out of court yesterday just before they were to be tried before a jury.

They were the suits of Lena D. Chipps and Alexander Sloan, administrator of the estate of Dixon C. Sloan, against the Metropolitan Life Insurance Company.

Lena D. Chipps and Sloan had sued for payment of life insurance policies of $5,000 each which had been taken out by Dixon C. Sloan several months prior to his death.

Charles Z. Heskett was attorney for the estate administrator and Heskett and G. K. Kump, Romney, W. Va., were counsel for Lena D. Chipps. C. William Gilchrist and W. Earle Cobey were counsel for the insurance firm.

After the announcement that the two cases had been settled Associate Judge Oliver H. Bruce, Jr., excused the petit jury until November 4 when court will reconvene.

Three divorce decrees were issued by the court yesterday.

Nancy J. Wills was granted an absolute divorce from Mervin C. Wills and the right to resume use of her maiden name, Nancy J. Divelbliss.

Helen E. Jones was granted an absolute divorce from Richard S. Jones on her cross-bill.

Bernadette Willis was granted an absolute divorce from James H. Willis.

Bills of complaint were docketed as follows: Gladys Mae Gordon against Benjamin H. Gordon, Jr., Leila Ruth Robertson against Oren Athey Robertson, Emma L. Williams against Clarence H. Williams, Alda Faye McDonald against Garrett Keith McDonald, Lulu E. Bennett against Stanley R. Bennett, and Norman E. Weakley against Hallie M. Weakley.

Three of the many trees on the Idaho capitol grounds at Boise were planted by presidents of the United States, Harrison, Taft and Theodore Roosevelt.

To demonstrate how atomic energy operates, an exhibition train with working models accompanied by lecturers, is touring English cities.

The landing of the great Siberian meteor, which fell on June 30, 1908, was heard 400 miles away, and affected weather instruments in Europe.

Only three men are required to simulate the tread of 10,000 marching men for radio purposes.

Women bowlers in the United States number 1,000,000. Michigan tops the state-by-state listings of registered women bowlers with more than 50,600. Wisconsin and Ohio are next.

Buenos Aires, capital of Argentina, is situated on the Rio de la Plata, where the river is 30 miles wide. The city is only 15 to 25 feet above sea level, situated in a flat plain.

Warren, Truman And Wallace Are To Radio Talks

By C. E. Butterfield

NEW YORK, OCT. 28 - - A championship bout is to be on the ABC air Friday night as it is televised also to the east by NBC. It is the featherweight affair between champion Willie Pep and Sandy Saddler. It goes on the air at 10 p. m.

Politically, the schedule is pretty active in another of the closing nights of the campaign. Here are the items listed, one of them a three network and television relay:

MBS 9:15 - - Henry A. Wallace from New York.

NBC ABC MBS 9:30 - - President Truman from Brooklyn. Also televised by NBC.

CBS 10 - - Gov. Earl Warren from San Francisco.

Ray Milland is to do the starring in the Friday Theater of CBS at 9. The play in which he is to appear is "Of Human Bondage." His co-star will be Joan Loring also of the screen.

Another of the Friday night series, Great Scenes from Great Plays on MBS at 8 will have Boris Karloff. He is to act in scenes from "On Borrow Time."

RADIO IN REVIEW

By JOHN CROSBY

A Suggestion For Television

Today in a dreamy way, I'm going to be constructive which is what critics are invariably accused of not being. I'd like to unburden myself of an idea for a television program that I have entertained wistfully for some time.

John Crosby

So far television musical programs, which already look like an extremely important division of the coming art, have resembled night-club entertainment more closely than they have resembled anything else. Good revues, which heaven knows are scarce enough on Broadway and cost about a quarter of a million dollars apiece, are impractical for television. You might even say that good revues are impractical in any medium. I have an idea that even good vaudeville actors are going to be hard to find fifty-two weeks of the year.

But what about musical comedy? Musical comedy, as the term is generally understood, never fared well in radio. There were several good reasons. First, the comedy format was established and more or less frozen early in the '30s by Eddie Cantor, Ed Wynn and Jack Benny and because it was successful it was imitated by what for lack of a better term we'd better call the big money boys. The few people who attempted musical comedy in radio—and there were a few—didn't have the talent or the money to make much of it.

• — • — •

Secondly, and more importantly, musical comedy doesn't fit radio very well. A musical comedy isn't something just to listen to. You have to look at it. The girls, the settings, the costumes, the color are as important in their ways as the music or the book. With the exception of color which is temporarily lacking, television could supply all this.

Now stick around a moment and I'll outline this musical comedy. Television naturally couldn't be expected to produce a brand new musical comedy every week. But how about a permanent cast of characters, the television equivalent of, let's say, "Duffy's Tavern," "The Great Gildersleeve," or "Amos 'n' Andy?"

The locale could be Harlem, a small town, a college campus, a slice of Broadway—anything that was susceptible to keeping a plot alive indefinitely. Elaborate sets could be built because they'd be used again and again. The local saloon, the drugstore, the corner of Main Street, the Dean's living room (or the Mayor's living room or somebody's living room), the front porch of the sorority house.

Peopling these settings would be the cop, the druggist, the Dean, the Mayor, the dumb blonde, the bartender — each of them with fixed and indefitifiable and preferably comic characteristics, each designed for long and continuous usage. There ought to be more of these people than are needed for each show so we could get a rest from them once in a while (a criticism that applies with equal force to most radio comedies). The cast would be headed up by a star—a veteran preferably of a good many years of stage or screen experience, a warm personality who is also a singer, a dancer, or a comedian, preferably all three. Bing Crosby would be the perfect solution if you could get him and I doubt it. Behr Lahr or Ray Bolger wouldn't be bad either.

• — • — •

Assisting the star, in addition to the gravedigger roles outlined above, would be a couple of good-looking young kids, a boy and a girl, who can both sing and dance. And, of course, there should be a permanent chorus—fifteen local milkmaids if this is out in the country, fifteen coeds if it's a campus, just fifteen girls if it's anywhere else. When the story line requires they would burst into song or dance.

Each hour-long show—I don't think half an hour is enough—would be a complete story, as are most situation comedies in radio, and would afford enough time to wring a couple of songs out of the principals and one or two dance numbers out of the chorus. And there should be just enough plot to keep things running. It ought to be staged with an eye to the pictorial—motion picture shots of the town (or wherever the locale is) alternated with sudden intimate shots of a couple of principals under a street lamp at night, the Main Street sidewalk from above in the rush hour, that sort of thing. Jokes and songs are not enough for my program. It should be pretty to look at.

There isn't enough talent around to furnish this show with new melodies every week but there are plenty of old ones. Some of them could be fitted out—as is done on several radio programs—with new lyrics. Or we could use the old lyrics.

• — • — •

The original cost would be immense but, unless I'm hopelessly innocent in these matters it'd be amortized within a year. Somebody is going to do it sooner or later and right now when costs are comparatively low, is the time for a big advertiser to latch on to an idea like this, stamp it with the name of his product (like Lux stamped its name on Lux Theater) and make all the mistakes that would undoubtedly be made before the show got running smoothly.

If radio is any criterion, such a program would continue to attract an audience for the next fifteen or twenty years.

Fast Building Job

GREENSBORO, N. C. — (AP) — Beleagured by the worst polio epidemic in North Carolina's history, Greensboro completed $500,000 hospital built for $200,000 in little more than a month.

A committee broke ground for construction July 6, before it had an office or stationery. Local business donated building supplies. Laborers worked feverishly on their own time. One company gave steel girders, another concrete and bricks. Three Greensboro contractors installed ceramic tile, donated by the The Council of America, at no cost. Union treasuries gave $5,000 to the fund. And Guilford County donated the land for the hospital.

DAILY CRYPTOQUOTE—Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

In Memoriam

In loving memory of our beloved wife and mother, who died October 29, 1946.
Two years has passed since that sad day,
When the one we loved was called away,
God took her Home, it was his will,
Within our hearts she liveth still.
Sadly missed by her husband,
Mr. James Smith and family.

Steels Hard Hit As Market Takes Its Worst Beating In Past Month

NEW YORK, Oct. 28 (AP)—The stock market took the worst beating in the past month today.

Steels were among the hardest hit but almost every group had its quota of minus signs.

Trading was described as largely professional. Considerable disappointment still prevailed over the decision of United States Steel Corporation directors not to disclose a special dividend, and profit taking was regarded as inevitable after a recent persistent advance.

Even the highly favorable General Motors quarterly report, as well as another flood of lush earnings and dividends, failed to stir up any buying enthusiasm.

The Associated Press average of 60 stocks dropped .6 of one point to 70. The industrial group showed the widest decline.

Of the 1,012 issues which appeared on the ticker tape, 597 declined while only 218 advanced.

Turnover of 970,000 shares was even with yesterday, which was the smallest for a full day since mid-October.

Heavy trading in various bonds of the Missouri Pacific Railroad and some of its affiliates accounted for most of the larger changes in today's bond market.

There were no changes in United States governments and little in foreign dollar bonds. New financing activities were at a standstill.

Sales of $4,651,000 were the largest since $4,781,000 on July 20 and compared with $3,130,000 yesterday.

Law Offices of Morris Baron, Law Building, Cumberland, Maryland.
ORDER OF PUBLICATION
George Carl Whitehill vs. Geraldine Bell Whitehill. No. 20966 Equity in the Circuit Court for Allegany County, Maryland.
The object of this suit is to procure a decree A VINCULO MATRIMONII, divorcing the plaintiff from the defendant. The bill states that the parties were married August 2nd, 1941, at Franklin, Pennsylvania; that no children were born of said marriage; that the defendant was committed to the Warren State Hospital for the Insane at Warren, Pennsylvania on July 3rd, 1944, and has been there ever since and the plaintiff is credibly informed and believes that the defendant's condition is incurable.
It is, therefore this 21st day of October, 1948, by the Circuit Court for Allegany County, in Equity, ordered that the plaintiff by causing a copy of this order to be inserted in some newspaper published in Allegany County once a week for four successive weeks before the 23rd day of November, 1948, giving notice to the said absent defendant of the object and substance of this bill, and warning her to appear in this court in person or by solicitor on or before the 9th day of December, 1948, and show cause why a decree should not be passed as prayed.
JOSEPH E. BODEN, Clerk.

Elks To Hold Open House, Masquerade

An elaborate Halloween masquerade party and open house will be given by the Social Sessions of the B. P. O. Elks, No. 63, tomorrow night at the home, beginning at 9 o'clock. It is for Elks and their ladies only. Music will be by the Starlighters.

Prizes for costumes will be awarded immediately after the grand march, which will be led by Robert B. Walker, exalted ruler, at 11 o'clock. The decorations will include special lighting effects, witches, goblins, skeletons and streamers.

Harry Tracy, John Blough, Clifton Hafer, Roy Whiteman, A. W. Bergeron comprise the committee of arangements, assisted by the Ladies Entertainment Group.

Fort Hill Jr. Tri Hi-Y Initiates

The informal initiation of the Fort Hill Junior Tri-Hi-Y was held earlier in the week at Central YMCA, with Rae Coleman, Initiation chairman, in charge.

The 28 new members were all required to dress in unmatched clothes and after stunts in the lobby they were taken to the fiesta room, where Frances Hafer, president of the club, asked each a question in a quiz program, which was broadcast over the loud speaker in the lobby.

After the broadcast, refreshments were served. The formal candelight ceremony was held in June.

Other officers are Phyllis McKenzie, vice president; Patricia Close, secretary; Joann Squires, treasurer; Lois Meyers, chaplain. The advisors are Mrs. Ada Hughes and Miss Yola Hudson.

Country Club To Have Barn Dance

The Cumberland Country Club will hold a Halloween party and barn dance Saturday night at the club from 9 until 1 o'clock. Jake Wilson will be in charge of the square dance.

Members and their guests are asked to come in costume, blue jeans, overalls, work clothes, shorts or slacks and sweater or anything unusual. Ladies who are dressed up or men wearing ties will be fined $1.

Square and round dancing, games and stunts with prizes will feature the entertainment.

Club Entertains Husbands At Hobo Party

The Welcome Wagon Newcomers Club entertained the husbands of members at a Halloween hobo party Wednesday night at Central YMCA. The usual games were played and prizes won by Harry Bowen, Mrs. William Porter and Earl Bruce, besides those won by teams.

Mrs. Francis Guy, Mrs. Thurman Leisure, Mrs. James Kendall and Mrs. Ivan Hall were hostesses for the evening.

Guests were Mr. and Mrs. Edmund Noland, Mr. and Mrs. Thurman Leasure, Mr. and Mrs. Russell Smalley, Mr. and Mrs. William Allen, Mr. and Mrs. William Mateer, Mr. and Mrs. Ivan Hall, Mr. and Mrs. Francis Guy, Mr. and Mrs. William Porter, Mr. and Mrs. William Barger, Mr. and Mrs. Harry Bowen, Mr. and Mrs. Kenneth Wolf, Dr. and Mrs. Clarence Foose, Mr. and Mrs. Charles Defibaugh, Mr. and Mrs. John Topper, Mr. and Mrs. Earl Bruce, Mrs. R. E. Bennett, Mr. and Mrs. John Webster and Mrs. James Kendall.

Degrees To Be Conferred

McKinley Chapter No. 12, OES, will have the conferring of degrees at the meeting at 8 tonight at the temple. Mrs. Elinor Umstot, worthy matron, and William Umstot, worthy patron, will preside.

Mrs. Edna Murray, Miss Ruth Cornwell, Mrs. Bernadette Williams and Mr. and Mrs. Alban Crabbe are in charge of the social following.

Keyser Personals

S-Sgt. Richard C. Fazenbaker was a recent visitor in the home of his mother, Mrs. C. A. Fazenbaker, 60 G Street. Sgt. Fazenbaker has just returned from four months service in England and Germany. Visiting here with Sgt. Fazenbaker was M-Sgt. Joe Miller. Both men have reported to their new base at Tampa, Fla.

Miss Margaret Sutherland, operator of the Bobbette Beauty Shop is a surgical patient at Memorial Hospital, Gumberland.

Tri-Towns Briefs

Meyersdale Will Hold Halloween Parade Tonight

MEYERSDALE, Pa. — The Fireman sponsored annual Hallowe'en parade is scheduled for 7 o'clock tonight and will form on North Street, according to John Imhoff, parade marshal.

The fire company at their last meeting advanced $100 for prize money for the affair. Each year the parade gets larger, and the firemen become more generous in their awards.

After forming on North Street the parade will move down Center Street to Main, passing the high school and moving out Grant Street to Monument Square. It then will pass up Center Street to Main, and back to the high school where it will disband. The judges' stand will be in front of the school building, and marchers will be viewed twice from that point.

Judges include Walter Gress, Harry Finnegan, Nat Friedline, Father Albert Bechtold, Hubert Lenhart, D Guy Floto, Harry Baldwin, S. S. Susser, Homer McKenzie, F. Dale Baer, and Fred Grof, Sr.

All firemen have been requested to turn out at 6:45 p. m. to assist in forming the parade, and the handling of traffic. James Brocht, chief of police, has announced parking will be prohibited on Center Street, between Main and Monument Square, during the parade hours. Prizes will be given for the following: most comical couple, most comical individual; most original costume (couple); most original costume (individual); youngest person; Oldest person.

Best childrens' float; most comical group; most comical musical group; best appearing pet; oldest costume; most patriotic individual; most patriotic group; fattest couple in costume; fattest individual in costume; tallest couple in costume; tallest individual in costume.

Immediately following the parade the Meyersdale Parent Teacher Association will sponsor a party in the high school gym for the purpose of raising funds for the band uniform drive. Games, a cake walk, and a dance, will featured during the evening.

The girls of the Home Economic Department will serve soft drinks and refreshments. Approximately 15 of the necessary 80 uniforms could be purchased to date. Latest contribution was a $100 donation from Charles E. Kelly Post Number 112, American Legion.

Seven Hurt In Motor Mishap

Seven persons were injured, four seriously, early yesterday morning when their car went out of control on George's Creek Boulevard east of Lonaconing and ran against a cement wall on the left side of the road. The accident occurred at 12:15 a. m.

Miss Leona Flick, 19, Piedmont, W. Va.; Miss Bernice Satina, 19, Luke; William Bryan, 24, Piedmont, and Joseph W. Lee, 31, Lonaconing, who was driving, were admitted to Miners Hospital, Frostburg. Their condition was reported "serious."

Paul Whiteman, 24, Piedmont; Miss Ellen Domenick, 21, Piedmont, and Miss Charlotte Geary, 18, Route 2, Frostburg, were treated at the hospital and discharged. Another passenger, Charles E. Hood, 19, Piedmont, did not require hospitalization.

Dr. Paul Frye, Lonaconing, treated the injured at the scene of the accident and they were taken to the hospital later.

State Trooper Milton G. Hart, who investigated, said no charges have been preferred pending a complete investigation of the accident. The car, he said, was demolished.

Musical Program Marks Gleaners Class Meeting

The Gleaners Bible Class of First Methodist Church held its monthly meeting recently at the church with Miss Ina Keaster presiding.

A musical program was presented and opened with the singing of the hymns, "I Would Rather Have Jesus," and "A Moment of Prayer," sung by Mrs. Harry J. Barton and Mrs. Robert Johnson, Pinto, after which the group sang, "In My Heart There Rings a Melody," "Dwelling in Beulah Land," and "When Love Shines In."

The program was under the direction of Woodrow Grimes and Lee Welsh. Prayer was offered by Brooks Heavner. A brief business session was held and routine reports given.

Concluding the meeting, refreshments were served with the men of the class serving.

The next meeting will be held November 11 and will be preceded by a covered dish supper.

Rev. Bell Injured

PARSONS, W. Va.—Rev. Paul A. Bell, pastor of First Baptist church of Parsons, is a patient in Tucker County Hospital in Parsons, with a fracture of the skull and a possible concussion.

Rev. Bell who was assisting with the remodeling of the parsonage, was struck by a piece of lumber on Tuesday afternoon. He told fellow workers he was not hurt and continued to work, but in the evening he attempted to hold a committee meeting at his home, became ill and was rushed to the hospital where x-rays revealed his condition.

Celanese Honored By Legion

Firm Is Cited For Assisting Disabled GI's

Best Medicine Is Jobs, Small Says

The only completely rehabilitated veteran is one that is back on the job and earning a livelihood, Perry Faulkner, chief of the Veterans Employment Service, asserted last night at Ali Ghan Country Club where the American Legion presented the Celanese Corporation of America with a national certificate of appreciation for outstanding aid to the physically handicapped.

At the same time, Fred T. Small, vice president of Celanese Corporation of America in charge of the Cumberland plant, declared that experience with the disabled veteran has shown that the best medicine is to provide regular jobs and the encouragement to do them.

The Cumberland plant of Celanese Corporation was cited by the American Legion as the Maryland industry with the most impressive record in employment of physically handicapped veterans of World Wars I and II.

The Celanese Corporation has gone over and beyond what would be accepted as reasonable treatment for the handicapped veteran, Faulkner said in his talk. On every hand, he continued, they have protected them by special services, making it easier for them to function in the hurry and bustle of arriving and departing crowds at their plant.

"A recent study of the Bureau of Labor Statistics made for the Veterans Administration has proved without reasonable question that disabled veterans are a valuable part of the labor force. One of the common reasons for rejecting disabled veterans for employment is an unfounded belief that they have more accidents than the non-disabled. The findings of this study which cover the records of 109 firms indicated that the incidence of and severity of injuries were virtually the same.

Message Of Hope

"In the matter of efficiency, the study indicated that the production record of handicapped versus the non-handicapped was substantially the same with some advantages apparent in comparison with disabled workers. The record of the handicapped versus the non-handicapped worker in staying on the job was also substantially the same.

"The Celanese Corporation of America should be commended for opening its gates to disabled veterans and other physically handicapped workers, for bringing the message of good business to other employers, and for bringing hope to the hundreds of handicapped workers who toil each day within the gates of that big company."

The grave omissions of World War I forewarned us as to what to expect from World War II, Small declared in his talk, and plans were designed to provide for the inevitable increase in handicapped veterans which so surely follows such conflicts.

"To us," Small said, "it did not seem an unattainable goal to place handicapped persons on jobs carefully adapted to their condition by skilled personnel charged with that responsibility. An analysis was made of over 2,000 jobs and it was found that even if called upon to give employment to blind veterans, many

Scholastic Press Group To Hear AP Reporter

Mrs. Oliver DeWolf, Associated Press reporter, Washington, D. C., will give the principal address at the third annual convention of the Maryland Scholastic Press Association at the University of Maryland, College Park, November 6.

Mrs. DeWolf, the former Veronica Kompanek, was instructor at Allegany High School before entering the newspaper field. She was a former employe on the editorial staff of The Cumberland News.

Lambert Greenawalt, author of several textbooks in journalism, will also speak at the general assembly of advisors and student editors.

Miss Mary E. Murray, MSPA director, announces that critical service of yearbooks, newspapers, and magazines, will be conducted by Dr. Jack Bryan and his staff at the University. They will evaluate the publications of the various schools and conduct clinics at the convention.

Each newspaper staff may enter a team of four students in the writing tournament, one each in news, sports, editorial and feature writings. Dr. Bryan will be in charge of the news writing tournament; Brother Bernardine, St. John's high school, Washington, sports; Mr. Greenawalt, the editorial, and Bryan Barker, of Mercersburg Academy, the interview.

The advisers' meeting will be in charge of James C. Leonhart, MSPA president and adviser of the Collegian, Baltimore City College. Recognition of journalism as a major subject and the acceptance by the State Board of Education of the MSPA course of study in journalism are two of the goals toward which the association is working.

Representing the Alcohi Mirror at the tournament will be Josephine Kompanek, news writing; Peggy Davis, feature; Mary Straw, editorial, and Charles Bucy, sports.

Voting Machines!

Jaycees Urge Citizens To Vote For Devices

Numerous groups have endorsed the purchase and use of voting machines for Allegany County.

The Junior Association of Commerce of Cumberland, the first organization here to go publicly on record in favor of the devices, has again endorsed the purchase of the machines.

Speaking for the Board of Directors and general membersnip of the Jaycees, Charles S. Catherman, Jr., yesterday said, "The Jaycees made a thorough study of voting machines, their cost, advantages, the eventual savings to taxpayers and all other questions involved.

Progressive Step

"We have again gone on record in favor of the purchase of the devices for Allegany County and believe the county and each incorporated municipality therein will benefit.

"Voting machines are a part of a progressive era. It is just as sensible for the county to exchange the old ballot boxes and ballot booths for modern mechanical devices, as it is for the City of Cumberland to trade its old obsolete hook and ladder fire truck for a modern serial fire truck," Catherman exclaimed.

The Jaycees urge all voters, interested in the progress of the county and community, and interested in making an investment which will pay for itself and save the taxpayers money in years to come, to go to the polls November 2, and vote for both measures to make voting machines possible here," the Jaycee president concluded.

The voting machine is no novelty. It has been in use for 50 years with the first one actually used in an election in Rochester, N. Y., in 1898.

Used In 4,000 Communities

Since that time, the use of voting machines has spread to 23 states and 4,000 communities. Today, 30 of every 100 voters in the country will use voting machines instead of the old-fashioned paper ballots and pencils.

All polling places in New York State and Rhode Island are now equipped with voting machines. In Pennsylvania, Indiana, Iowa, Michigan, Connecticut, Washington, Florida and Wisconsin more than half the precincts are automatically equipped. Machines are used to a lesser extent in 13 other states.

In Maryland, machines are currently in use in Baltimore City, Montgomery, Anne Arundel and Howard counties.

They have been legalized for use in Maryland and at the last session of the General Assembly, two bills were passed to make them mandatory in Allegany County and to provide the County Commissioners with borrowing or financing powers.

By petition, the County Commissioners blocked the purchase and had the measures go to referendum. Consequently, before the machines can be purchased and put into use in Allegany County, a majority of the voters must vote "YES" on the two measures on November 2.

Voting machines have proven themselves accurate, fool-proof, tamper-proof and as mechanically perfect as it is possible to make them.

The machines, even the earlier models, have built up a record of long years of service. Some machines, purchased and put into use 45 years ago, are still in operation. Wherever they have been installed they have been so satisfactory none has ever been removed.

Voting is fast and immediate returns are possible within an hour after polls close. Chance of error is reduced to a bare minimum.

Halloween Pranks Decrease In Area

Pre-Halloween vandalism in Cumberland and the surrounding area seems to be decreasing, it was reported by authorities last night.

Assistant Chief of Police B. Frank Gaffney said police received a complaint last night that a group of boys was running along North End streets lighting paper and throwing it on porches.

However, he said, he believes vandalism has decreased below the point it reached earlier in the week.

Ridgeley Chief of Police Jesse Elkins said he received no complaints about pranksters last night.

State Police reported only about 15 calls last night, compared with more than 100 earlier in the week.

Wednesday night, vandals tore loose a flue of an oil stove in a Ridgeley home. Flames shot out of the basement window for some time before neighbors were able to extinguish them, Elkins said.

He also reported that air had been let out of 16 automobile tires on parked cars and that many garbage cans had been taken from curbs and dumped on porches.

Scouts Hear McKearn

Charles C. McKearn, city fire inspector, gave a talk on fire fighting and fire prevention at a meeting of Boy Scout Troop 7 last night at the Scout House on Central Avenue.

Introduced by Scoutmaster Fern E. Kenney, McKearn discussed various types of fire equipment and other aspects of firemanship to aid the Scouts in working toward merit badges in that field. Twelve members attended. The troop is sponsored by the Cumberland Rotary Club.

Kaplon To Speak On History Of Hillel Foundation

Robert Kaplon, president of Western Maryland Lodge No. 1507 B'Nai B'Rith, will speak tonight at the 7:30 p. m. service at B'er Chayim Temple. He will be presented to the congregation by Rabbi Herbert Wilner.

Kaplon will speak on the Hillel Foundation, founded and sponsored by the B'Nai B'Rith lodge as a means of bringing a more adequate knowledge of their heritage to Jewist students on the university campus.

Marking the silver anniversary of the establishment of the first Hillel unit to the University of Illinois, Kaplon will outline what the program means to the Jewish youth and will tell of ifs growth to serve students at 165 colleges and universities today.

Hillel stresses religious worship and encourages leadership. Trained directors are in charge of each unit and these directors have their headquarters at the Hillel House on each campus. The Hillel is designed and operated as "a home away from home" for Jewish students, Kaplon explains.

BIRTHS

Memorial Hospital reported the following births yesterday:

Mr. and Mrs. Raymond Arnold, 24 Pennsylvania Avenue, a daughter last night.

Mr. and Mrs. James Judy, Cresaptown, a daughter yesterday morning.

Mr. and Mrs. William McInay, Bedford, Pa., a daughter yesterday morning.

Mr. and Mrs. Virgil Iman, Route 2, Keyser, W. Va., a son yesterday morning.

Mr. and Mrs. Raymond Viands, Route 1, this city, announce the birth of a son yesterday morning in Allegany Hospital.

Community Chest Drive Extended For Seven Days

$79,680 Reported At Final Meeting

A total of $79,680.87 was reported last night at the final report meeting of the Cumberland Community Chest campaign, or 95 per cent of the goal of $84,009.24

Henry C. Swearingen, general chairman, announced at the dinner meeting in Central YMCA that the drive will be extended one week, with the deadline set for Thursday, November 4, at 5 p. m.

Swearinger said no additional report meeting will be held, adding that he "fully expects" the additional $4,328 raised by next Thursday.

Campaign headquarters in City Hall will be closed this afternoon. Additional returns should be reported to Mrs. Anne B. Everline at the Community Chest office, Liberty Trust Building.

Exceed Last Year's Goal

The chairman pointed out that returns to date exceeds funds raised in last year's two-week Chest campaign by approximately $1,700.

Number of subscriptions to the current campaign to date, which totals 8,465, also exceeds last year's entire campaign total of 8,241. Swearinger said it is expected approximately 9,500 subscriptions will be received by the time the current drive is completed.

The advance gifts group, headed by Clarence Lippel, went over its goal last night by $87, reporting a total of $51,587. That figure represented an increase of about $18,000 over the report turned in at the second general report meeting Wednesday.

In second place was the residential section, headed by Mrs. Arthur C. Bright, which reported $4,523.07, of 90 per cent of its goal of $5,000. The amount already raised exceeds last year's total by about $1,000.

Zone and district leaders in that section indicated that reports not yet turned in will provide the $477 necessary to reach the goal.

The classified section, headed by James W. Bishop, reported a total of $23,570.80 last night, or 86 per cent of its goal of $28,510.

Western Maryland Exceeds Goal

Bishop said that a few large firms did not complete their canvassing in time for the final report meetings and that the loss "was severe."

He pointed out, however, that Western Maryland Railway Company contributions totaled $1,779.85, nearly double the goal of $925. Returns are still coming in from that source, workers reported.

In addition, the Cumberland and Pennsylvania Railroad Company, with a goal of $75, turned in $94.

Canvassing of Baltimore and Ohio Railroad Company employes was delayed in starting, and contributions last night amounted to $1,689 toward a goal of $4,000.

Firemen Are Called When Motor Shorts

South End Fire Company was called to the home of Mrs. Myrtle Taylor, 1308 Oldtown Road, yesterday at 4:32 p. m. when the motor of a blower fan short circuited. Firemen said the only damage was to the motor.

East Side Fire Company answered a false alarm to Piedmont Avenue yesterday at 2:59 p. m. Firemen said smoke from burning leaves was responsible for the alarm.

Statement Clarified

In the account of the hearing of Norman G. DeWitt in Trial Magistrates Court yesterday, the News stated that Mrs. Greantha Poland, who accused DeWitt of assaulting her, had spent "all evening" in a South End tavern with DeWitt. Mrs. Poland said she was sitting in a booth with another couple and that DeWitt, who had been at the bar, came to their booth shortly before they left.

Three Draw Jail Terms After Fight

Three persons were sentenced to 30 days in County Jail at a hearing before Magistrate John Laughlin in Westernport last night on disorderly conduct charges.

The prisoners are Edward Hartman, his wife, Lillian Hartman, both of Keyser, and David Winner, Midland.

They were arrested by Officer Leonard M. Murphy at the Hartman home. Murphy said the three were engaged in a fight as a result of domestic difficulties between the Hartmans. Mrs. Hartman, he said, attempted to slash her husband with a butcher knife but Winner took the knife from her.

South End Boys Are Arrested In Wave Of Thefts

Admit Burglaries Detectives Say

A wave of breaking and enterings is believed solved with the arrest yesterday afternoon of two South End teen-age boys who police say were "caught with the goods."

Detective Thomas J. See and Sgt. Frank A. Shober said they apprehended the boys yesterday afternoon as they were on their way to the place where they had hidden their loot.

When taken to Police Headquarters the youths admitted breaking and entering two local business establishments and stealing articles including two rifles, police said. They also admitted attempting to break into two other places, according to police.

Detective See said the two boys, both 14 years old, were released to the custody of their parents after being questioned.

See said the boys admitted breaking and entering the Sears and Roebuck store on Baltimore Street Saturday night and stealing a .22 caliber rifle valued at $11.75.

The boys also said they stole another .22 rifle and two cartons of shells, two bugles and four toy pistols from Hill's Toy Store Wednesday night, See said.

The breaking and entering was discovered by Officer C. E. Pfeiffer at 1 a. m. yesterday when he made his rounds. He reported that he found a back door open and a rear window broken. Keys to the back door which had been kept on a nail in a rear room, were found on the floor, he said. The boys told police they broke the window and left through the door, See said.

See said the boys also admitted they had attempted to enter the local Montgomery Ward store Saturday night. They were unable to break the locks on a door, he added.

In another case Monday night, See said the youths broke through a door at a building owned by Glenn Watson at 213 Virginia Avenue and attempted to enter the office of the Bee Sales Company.

They were unable to break another door, they told police, and got only as far as a furnace room.

The loot was discovered hidden under the Morris Transfer Company warehouse at Thomas and Springdale Streets yesterday by a Mr. Cessna.

After school closed yesterday, See and Shober went to the corner of Laing and Virginia Avenues. One of the youths was seen walking toward the warehouse with a pair of the toy guns strapped to his waist, See said, and he and the youth with him were arrested and taken to Police Headquarters for questioning.

Police said the boys are scheduled to appear for a hearing in Juvenile Court at 10 a. m. Saturday.

Two Hurt In Motor Mishap

Two persons were treated at Miners Hospital in Frostburg last night after a head-on collision on Route 40 west of Guntertown.

Hospital attaches identified the injured as Thomas Hetz, 47, RFD 1, Lonaconing, and William Scott Pope, 22, Star Route, Frostburg. Hetz received treatment for a laceration of the face and Pope for a laceration of the head. Both were discharged.

State Trooper Glenn Folk, who investigated, said Pope, the driver of the car in which Hetz was riding, was driving west on Route 40 at about 9 p. m. when his car collided with a car driven in the opposite direction by Francis Miller, 31, Frostburg.

Both drivers are scheduled to appear for a hearing on reckless driving charges before Magistrate J. U. Stanton in Grantsville November 10.

Folk said Miller's car was across the road when he arrived at the scene. Miller was unhurt, he said, but both cars were demolished.

Two Men Rob Gas Station At Gunpoint

Gunmen Sought In 13 States

Police in 13 states have been notified to watch for a black 1948 Chevrolet coupe occupied by two well-dressed men who robbed a Garrett County gas station at gunpoint early yesterday morning.

State Trooper Blair Buckel, who investigated, said the men took a total of $105 from the combination gasoline station and all-night restaurant operated by Lon Hardesty at the intersection of Routes 40 and 219 three miles east of Grantsville.

Two employes of the station who were working at the time of the holdup told Buckel the men entered the restaurant at about 3:30 a. m. and ordered a dinner. They also bought three quarts of oil for their car.

Linger Over Dinner

They lingered for some time over their dinner, Buckel said, apparently waiting for other customers to leave. Then they ordered a second cup of coffee. One of the men got up and told the waitress he would return shortly to pay for the coffee.

He went to the service station, drew a gun and forced a young attendant and a friend who was loafing at the station to lie down in a car in the large garage at the rear of the station. Then he rifled the cash register of the service station, taking about $70.

The holdup man returned to the restaurant and stood in the doorway leading to the kitchen, where he could watch a cook who was working at the time. The other rose and paid for the coffee. When the waitress opened the cash register he drew his gun and ordered her to give him the contents of the register, about $35, Buckel said.

The pair then went to the lobby and cut the wires to a pay station telephone and left.

Employes were unable to determine the license number of the car and were not sure whether it was a Maryland or out-of-state license, Buckel said.

Talked Considerably

Buckle reported the holdup men had stayed at the restaurant long enough that the waitress could identify them. During their meal, she said, they talked considerably, at one time asking where the owner slept.

Both men were well-dressed, the waitress said, but one presented an especially natty appearance. He was identified as the one who had done most of the talking. He was described only as being about 30 years old and having blond hair.

The other man was about the same age, she said, but had dark, curly hair. Neither wore a hat or an overcoat, she said, and both were described as "very clean-cut and well-dressed."

The waitress and garage attendant both said they could identify the holdup men if they should see them again, Buckle said. Neither, however, knew what type of weapon was pointed at them, but the waitress remarked that it was a "nice-looking gun."

State Police reported that no arrests had been made in the case late last night.

Boosters To Seek Bigger Stadium

Initial plans for a drive toward the completion of Fort Hill High School Stadium were formulated last night by the Boosters Club of Fort Hill High and Pennsylvania Avenue schools.

The action was taken at a meeting of the recently organized club held in Fort Hill High School.

H. Clifford Spiker, chairman, appointed a committee to co-operate with similar groups of Allegany and LaSalle High Schools in laying plans for the completion of the project.

The Boosters Club is composed of some 500 members representing parents, alumni and friends of the South End schools.

The immediate objective, as expressed at last night's meeting, is to secure needed repair of stadium equipment and the installation of temporary bleachers for this year's Thanksgiving Day game.

Officials said the club will ask a united effort by local schools to secure funds for enlarging and maintaining the stadium.

AAUW Board To Meet

The executive board of Cumberland Branch, American Association of University Women, will meet Saturday, November 6, at 1:30 p. m. t the Board of Education Building, Washington Street.

Trucker Fined $500 In Fraud

Paul Thomas Hetrick, Grantsville, was fined $500 and costs yesterday by Magistrate Norval Speelman at Friendsville for making a false statement to secure a truck title.

State Trooper Blair Buckel, who investigated, said Hetrick bought four tires for his truck from a Grantsville garage over a year ago and left the title to his truck as a consideration to insure payment.

Buckel said Hetrick paid only $10 of the price of the tires in a year. The tires, he said, were worth $248.

In August, Buckel said, Hetrick attempted to secure a duplicate title for the truck, saying he had lost the original. A complaint was lodged and Buckel arrested Hetrick for making the fraudulent statement, he said.

Magistrate Speelman decided to impose the stiff fine to make an example of the case, Buckel said. Hetrick is engaged in hauling mine props to coal mines in the vicinity of Uniontown, Pa., Buckel said.

Nurses Make "Rapid Inspections" Of 9,871 County School Children

Picture on Page 24

The nursing staff of the Allegany County Health Department recently completed six weeks of "rapid inspections" of 9,871 elementary school children in all public and parochial schools in the county, according to Dr. Winter R. Frantz, city and county health officer.

Miss Helen Rafferty, county supervisor of public health nurses, said that the children examined were pupils in the first through sixth grades.

Most prevalent noticeable disorder among the children inspected was tooth decay, the 13 health nurses reported.

Miss Rafferty explained that nurses conducted the "rapid inspections" in the classrooms, with children checked for outward signs of communicable disease or other infections, minor skin conditions, noticeable tooth decay and the like.

Referral cards were sent to the Board of Education in cases of children having no vaccination scars.

Dr. Frantz emphasized that the "rapid inspections" were in no sense a complete physical examination. Similar inspections of school children for specific disorders have been conducted previously, but the recent inspections were the first made on a general basis, he added.

Dr. Frantz added that the nutrition education program conducted in the Cumberland area last year by a unit of the United States Public Health Service enabled health nurses to become more aware of signs of nutrition deficiencies in making their inspections.

Children with signs of communicable disease or other disorders were referred to their family physician.

Miss Rafferty said that nurses reported the teachers in the public and parochial schools were anxious to co-operate with them in making the "rapid inspections," which form one part of the general public health nursing program in the county.

Composite reports have been prepared by the nursing staff and Miss Rafferty for Dr. Frantz and Charles L. Kopp, superintendent of county schools. Individual reports will be sent to the principal of each public school and to the pastor or principal of the parochial schools visited.

Held For Investigation

Raymond Crowe, 29, Horse Cave, Ky., is being held in City Jail for investigation after being arrested yesterday afternoon by City Officer Roscoe M. Neus at the office of the Allegany County League for Crippled Children.

The Weather

Yesterday afternoon's balmy breezes became chill, wintry blasts last night, causing the temperature to drop from a high of 66 degrees to 46 degrees at midnight. The overnight low was 34 degrees. No precipitation was recorded. Today's prediction is "partly cloudy and continued mild."

MASQUERADE-- Among the prize winners for best costumes at the North End Playground Halloween festival and treat party last night were these cleverly attired little people. The bridegroom is David Skiles, son of Mr. and Mrs. Weldon Skiles, 145 North Mechanic Street, while the bride is Lynne Hambly, daughter of Mr. and Mrs. Harry Skiles, 145 North Mechanic Street. The little "Snuffy Smith" character, complete with shotgun and jug of "corn squeezins," is Pat Shannon, who lives with his grandparents, Mr. and Mrs. John W. Shannon, 116 Jackson Street.

North End Mummers Parade Makes Big Hit With Young And Old Alike

Nearly 1,00 children, ranging in age from three years upward, participated in the second annual Halloween parade and treat party at North End Playground, sponsored by the Playground Association last night.

Starting at Fairview Avenue and Pulaski Street, the marchers, led by the drum corps of Henry Hart Post No. 1411, Veterans of Foreign Wars, and Fulton Myers Post American Legion, moved out Columbia Street to the Holland Street scene of festivities.

Treats were served the children and judges selected prize winning costumes.

The prize for the prettiest costume went to Mary Ethel Knieriem. Helen Lanham won the award for the funiest costume. , David Bone, a tiny little fellow dressed as a coal miner, won the prize for the most original.

The best decorated bicycle prize went to Earl Hardman and Jacqueline Palmer, who rode a "bicycle built for two."

The best decorated wagon went to Jane Murray and Gale Martin, portraying a nurse, pulling a wagon with a bandaged patient as the rider.

The best decorated buggy prize went to Bob Barnard and Elmer Smith, dressed as "Mama" and "Papa," with Lee Herboldsheimer in the buggy as "baby."

Special prizes went to David Skiles and Lynne Hambly as a tiny bridegroom and bride, and special mention went to Pat Shannon, as "Snuffy Smith," complete with a jug of "corn squeezins" and a shot gun.

Judges included Eugene Hilton, James Brant, Walter Riehl, Mrs. Chester Collins, Roy Yutzy and Suter Kegg.

William Keegan, commissioner of police and fire, was marshall of the parade assisted by a number of committeemen and women, who helped chaperone the children. Fred "Buck" Dreyer had his rescue truck and boats in the parade as an added attraction.

The distance marched was a little too long for some of the smaller children, but all of them went right along to the end.

The parade and party attracted about twice as many children as
